MESSAGE FROM MATT

The Year Ahead

As the calendar flicks over into a new year, it's an appropriate time to take stock and look at where our priorities lie for 2018.

The project at Murray Bridge is progressing well and we remain hopeful of commencing (some) racing at that venue by the end of the current year. This development is the biggest project that the industry has undertaken since privatisation, and should prove to be a game-changer in terms of its ability to cater for greyhounds across a scope of distances and a range of abilities. The independent modelling by University of Technology Sydney (UTS) reinforces our expectation that the two tracks will be numbered amongst the safest in the country. We will continue to work with the industry, the current Strathalbyn Committee and other relevant stakeholders over the coming months to ensure that the final product is as progressed and informed as it can be. The Council at Murray Bridge is right behind the project and the community in that region understands racing.

Further to recently announced breeder support initiatives, we recognise the need for breeders to be the subject of ongoing support as being a key to the industry's sustainability. It should be made clear to all of our participants that the Board will always be committed to preserving the fullest possible racing schedule for participants and strive to maximise the return to industry from racing. On a related note, current negotiations in relation to UBET's renewal of retail exclusivity combined with the recent announcement of the Tabcorp/Tatts merger all point to foreseeable upside in terms of revenue growth related to wagering. Taking these considerations into account, and having regard for the diversity of racing options that will come from the introduction of racing at Murray Bridge, breeders are finally facing a future that is defined more by upside than risk. It's pleasing to note the initial responsiveness that breeders have demonstrated in response to the breeder support changes.

Our Greyhound Adoption Program has undergone enormous reform to enable it to triple its capacity in just three years. Our commitment to rehoming is the foundation from which the South Australian industry can move forward in a defensible and responsible manner, and we urge all participants to take all reasonable measures to embrace that position. In support of same, GAP is continuing to expand and is currently paying priority attention to the issues that have previously presented as challenges to participants in their use of the program. Such matters include the time taken to get dogs into foster care, the number of accredited testers and small dogs within the team (which, in turn, equates to more opportunities for temperament testing), and the opportunity to continue to race beyond the notification of retirement. All of these issues require resourcing and structure, and our efforts in that regard are well underway. The subsidy for greyhounds on the waiting list beyond six weeks came in on January 1. I'm hopeful that we can make the need for that subsidy redundant in the longer term. We are committed to ensuring that the industry sees continuous improvement in this area until these matters are resolved and we aim to ensure that our GAP is duly recognised as the most successful of its kind nationally.

There are any number more irons in the fire, but for my money, these are guiding priorities. I would like to take this opportunity to wish everyone luck in running for the 2018 racing season and to encourage all participants to try to look at our current circumstances from a perspective of the glass being half-full. That will only help us to continue to move in the current northerly direction.

Zinfandel Zara's month to remember

Greyhound of the month for December was the Gavin Harris trained Zinfandel Zara who was undefeated in December winning all four of her race starts including two feature race wins at headquarters.

The daughter of Fabregas and Wikená started the month of with a blistering 29.81 win at Angle Park at just her fourth start. She then won the Doug Payne in impressive fashion against open company running a super 29.66. She headed off to Gawler as a short priced favourite and won her Grade 6 in a solid 30.89 before again heading back to headquarters for the Christmas Cup Sprint. She didn't disappoint her followers coming from just off the pace to score in scintillating fashion by almost 2 lengths in 29.84.

At the end of the month Zinfandel Zara's record stands at 7 starts with 6 wins and 0 placings with earnings just over \$14,000.

The Run of the Month for December was Zinfandel Zara for trainer Gavin Harris for her performance at Angle Park on Thursday, 7th December in the Doug Payne SA Bred Feature.

At only her fifth lifetime start she took on some of the best open company chasers in the State and gave them a beating. She ran a blistering 29.66 in winning by over 6 lengths and declared herself as a star of the future.

RACING MANAGERS REPORT

SHAUN MATHIESON

RACING MANAGER

John Gray Heats

The time honoured John Gray series will kick off on Thursday, 18th January with \$3,190 heats and the \$9,290 final on Thursday, 25th January. The series is for Grade 5 greyhounds over the 515m journey.

A special mention to the AGRC who again are supporting the John Gray Final in 2018 and have been great supporters of this race for many years. Special thanks to local racing identity Ron Johnson who kindly donates a trophy each year for the winning connections.

Nominations close on Monday, 15th January 2018 at 9am with GRSA.

St Leger heats on Wednesday 31st January

A reminder to trainers that the St Leger heats for greyhounds whelped on or after 1st July 2015 are to be run on Wednesday, 31st January with the semi-finals on Thursday, 8th February and the final on Thursday, 15th February.

Prizemoney for the St Leger series is –

Heats - \$1,130, Semi Finals - \$4,590, Final - \$9,290

Nominations close with GRSA at 9am on Thursday, 25th January.

Launching Pad SA series begins in February

Again this year the Sandown GRC offered sweepstakes tickets into the rich Launching Pad Series.

There are special conditions on the race being greyhounds that have won between 1 and 6 races and have not had more than 30 starts at close of nominations. The heats will be run at Sandown over the 515m on Thursday, 15th March, semi-finals on Thursday, 22nd March with the \$150,000 to the winner final run on Thursday, 29th March.

Greyhound Racing SA has been able to secure a ticket

and will give one greyhound the opportunity to compete in this lucrative series. We will run a heat and final series to determine who will make the Launching Pad heats on 15th March.

Our heats will be run on Wednesday, 21st February over the 515m at Angle Park for greyhounds that have won 1-4 races and no more than 28 starts. The heats will be worth \$1,130 and will be Non Penalty events. The final will be run at Angle Park on Thursday, 1st March over the 515m with prizemoney of \$4,540 and will also be a Non Penalty event.

The winner of the final will take their spot in the Launching Pad heats two weeks later, however, if the winner for whatever reason cannot take their spot, then the next qualified greyhound will be given that spot.

GRSA has restricted the series to 1-4 wins and 28 starts incase a greyhound wins both the heat and final, so this will still keep them eligible. We have also made our final two weeks before the Launching Pad heats at Sandown giving the trainer an opportunity to get across the border and trial for the big race.

Nominations close with GRSA at 9am on Friday, 16th February.

Mount Gambier Cup in March now a Listed event

The Mount Gambier Cup carnival will be run over two weeks and three meetings this year, highlighted by the Mount Gambier Cup final on Sunday, March 18th. The Cup has been elevated to "Listed" status and will carry \$22,000 in total prizemoney with \$15,000 to the winner.

On Friday, 9th March the Club will run heats of The Produce Store Feature Maiden over 512m, heats of the Grade 5 over 600m and heats of the Formula 400 Open over 400m along with a Back to Distance Racing stayers event over the 732m. On Sunday, 11th March the Club will conduct the Mount Gambier Cup Heats with 8 terrific heats anticipated. The Club will be running up to 12 races on each day of the carnival.

The final day of the carnival will not only feature the \$22,000 Mount Gambier Cup final it will also feature all the other finals on a superb card of racing in the South East of the State.

New race track lighting for Angle Park

The lights at Angle Park have been in place for a very long time and are in desperate need of replacing.

The front straight will be done first and for GRSA to do this it is going to take a number of days to be completed resulting in a few Angle Park meetings not being conducted. Therefore, the Monday night meeting on the 15th January will now be conducted at Strathalbyn with Monday night prizemoney. For the meeting on Wednesday, 17th January the meeting will now be at Gawler during the day. There will be NO trials at Angle Park on Tuesday night, 16th January due to the work being conducted however GRSA will conduct another trial session at Gawler on Monday, 17th January in the morning.

Outstanding Service to the Industry Award nomination form

As part of the GOTY awards, GRSA presents an Outstanding Service to the Industry Award and are calling for nominations. Nomination forms are available online, from the Racing Office at GRSA or on page 21.

Please forward your nomination to shaun.mathieson@grsa.com.au, fax (08) 8268 2870 or GRSA, PO Box 2352, Regency Park, 5942 by COB Friday, January 12, 2018. Decision of the judging panel will be final.

Syndication interest from trainers

Greyhound Racing SA is interested in gaining feedback from trainers who would be interested in having their details made available to any prospective syndicate groups. GRSA receives a number of queries from owners about getting involved with their friends however it is quite hard for them to find a trainer.

Those trainers who are comfortable with this please respond to Shaun Mathieson via email shaun.mathieson@grsa.com.au or phone (08) 8243 7100. These details would only be made available to syndicate groups.

Nomination limits on Port Augusta and GOTBA coursing

The GRSA Board determined to provide limits of nominations for both the NON TAB Port Augusta meetings and GOTBA Coursing events to provide some form of indication on the likely scenario of the meeting proceeding or being cancelled.

This will assist both participants and staff alike. The number of nominations required for a meeting to proceed for Port Augusta is 40 and for GOTBA Coursing it is 30. As always GRSA will extend nominations if the number is below these cut offs however if it is significantly lower, then GRSA will liaise with the Clubs in regard to cancelling the meeting straight away if agreed.

Angle Park Slipping Track

With the warmer weather GRSA has increased the amount of water being put on the Angle Park slipping track.

The slipping track will have the sprinklers on from 1pm to 2pm daily. We believe this is the best time to water with the least amount of activity.

Safe and reliable animal transport from SA (Adel) to VIC via Mt Gambier and Warnambool

ON THE LURE TRANSPORT

- We transport frozen semen and domestic animals as well
- If you can't get to VIC to race your greyhound we can cater for this as well (weekend only) Meadows, Bendigo etc.

Air-conditioned greyhound transport from Adelaide to Melbourne via Mount Gambier

ABN: 51536064011

2018 Gawler Produce Stakes

After nominations were finalised for the 2018 Gawler Produce Stakes there were 106 nominations. We will have guaranteed final stake money of \$22,000 with an estimate for the total series prize money around \$40,000. The series is for greyhounds whelped in 2016.

The racing dates for this series will be heats on Sunday, 24th June 2018, semi-finals on Sunday, 1st July 2018 and the final on Sunday, 8th July 2018.

GRSA administers the event for the Gawler Club, so all payments are to be made to GRSA. If you have already made the one off payment then there is nothing more to do however if you only made the first payment, the second lot of payments will be due on 2nd February 2018 with the third and final payment due on 6th April 2018.

Naming applications

When lodging a Naming Application participants are advised to allow at least two weeks for the name to be approved from Greyhounds Australasia and then for GRSA to process the application and issue a greyhound and weight card.

Therefore, should you wish to nominate the greyhound GRSA suggests that you lodge the Naming Application three weeks prior to nominating, this will give GA, GRSA and yourself enough time to name the greyhound, issue documentation and then for the trainer to have the greyhound "checked off" on a trial night. This time frame could be further extended if GA requires more name choices.

Notification of training amendment and clearance of greyhounds

Trainers are reminded of their obligation to notify GRSA within 3 working days of a greyhound coming into or leaving their kennel (Rule 105(4)(i)). This is a requirement for all greyhounds regardless of where bred. We have had a number of trainers recently put in training amendments late the night prior to nominations closing at 9am the following day, this practice can lead to your nomination not being accepted or being unable to nominate online should any issues arise the following morning.

Trainers are also leaving it to the night before nominations close to have greyhounds "checked off". This practice can also lead to your nomination not being accepted or being unable to nominate online should any issues arise.

It is therefore in the trainer's best interest to have lodged with GRSA the training amendment and clearance of the greyhound a number of days prior to wishing to nominate the greyhound. It is not GRSA's responsibility to ensure that the paperwork is processed within ½ hour, which is the amount of time available to have it processed before nominations close at 9am.

Completion of paperwork

Participants are reminded of their obligation to ensure that when lodging paperwork that it is fully completed and payment is made at the time of lodgement.

GRSA is here to assist should you be unsure of how to complete any paperwork however it is not our responsibility to arrange for its completion, nor is it our responsibility to ensure that it is lodged. Therefore, please ensure when lodging any paperwork eg, Transfer of Ownerships, Litter Registrations etc that they are fully completed and paid for and lodged within a timely manner.

Handling greyhounds at the trials while lure in motion

A reminder to participants that when on course for any trial meetings that the lure could be in motion at anytime. Please be mindful of your surroundings and also with your greyhounds ensuring you have full control at all times.

Breeder Support Changes

A number of Breeder Support Changes have come into effect from January 1. The first phase of that framework will commence with the introduction of the following support strategies:

- 100% increase to the breeder component of the SA Bred Scheme from July 1, 2019 (which will impact more recent litters and all future breeding activity)
- The introduction of a subsidy of \$30 per week for any retired greyhound on the waiting list to go into GAP that is being kept on a Trainer's or Owner's approved premises from January 1, 2018 commencing from the start of the 7th week on the list post-retirement. Existing arrangements around subsidised boarding will remain unchanged. New placement forms will be available.
- An increase to the average Breeders' Support Payment by 40% through the introduction of a fixed payment of \$100 per pup for litters whelped after January 1, 2018. New claim forms will be sent out with new services lodged from 1st January 2018.
- The elimination of fees for natural notice of service, FSI notice of service rebated by GRSA, litter registration and naming from January 1, 2018.
- An increase to the subsidy for DNA testing of breeding females to cover the full cost of (approximately) \$180 from January 1, 2018. Applications to Greyhounds Australasia for DNA testing from 1st January 2018.
- A cap on the cost of sire registration of \$500 with the remainder being reimbursed by way of subsidy from January 1, 2018. Applications to Greyhounds Australasia for stud dog registration from 1st January 2018
- Expansion of the Superbonus scheme in line with consultation with the ICG from January 1, 2018. Specific details to be released shortly.

SA Bred Maiden payment - \$1,000 if whelped in 2016

The SA bred maiden payment rewards participants that get a greyhound to the track to win a race.

GRSA has committed to dramatically increase this payment from \$175 to \$1,000 (\$500 breeder/\$500 owner) on 1st July, 2017. This will result in all greyhounds that are whelped in 2016 being eligible for this support.

MyOzChase live

MyOzChase provides an easy way for participants in the Greyhound Racing Industry to perform transactions online that previously had to be completed manually via paper-based Forms.

The portal available on the GRSA website will also improve communications between participants and Greyhound Racing Controlling Bodies.

MyOzChase initially offers the following functionality to users who register, obtain a log-in and complete a once-off identity verification prior to transacting online with their Controlling Body:

- Online updates of personal details
- View all their associated greyhounds (as an Owner, Trainer, Custodian, etc.)
- Submit Notifications of Retirement for greyhounds
- Submit Trainership and/or Kennel changes for greyhounds (replacing the current Kennel Notification or Notice of Training / Removal Form) *Please note should you wish to transfer a previous Victorian trained greyhound into your kennel you will need to do this via the Online Nomination portal.
- Link through to the Online Nominations website (for Trainers only)

Further enhancements will be made over time.

A woman called our airline customer-service desk asking if she could take her dog on board.

"Sure," I said, "as long as you provide your own kennel." I further explained that the kennel needed to be large enough for the dog to stand up, sit down, turn around, and roll over.

The customer was flummoxed: "I'll never be able to teach him all of that by tomorrow!"

Grading Review Panel

The Grading Review Panel met on Friday 8th December to discuss grading in South Australia from an Agenda provided by submissions and industry consultation.

Following is a summary and recommendations of items discussed:

The panel approved the minutes from the previous GRP meeting held on 28/4/17. The panel reviewed recommendations and implementations from the previous GRP meeting with their recommendations below.

The panel were advised that the Emerley Park Timing System was about to be installed for both the circle and straight tracks. The panel were hopeful this would encourage more use of the facilities by participants.

The panel were advised that "Top Down Time Grading" had ceased and was no longer on the All Tracks calendar after feedback from the last GRP meeting.

The panel were updated regarding the Masters Conditions change from 3 years and 6 months to 3 years and 9 months eligibility. The Grader advised that he has noticed a slight reduction in eligible greyhounds and has not been able to conduct as many Masters races as before. The panel felt there would be a transition period and were encouraged by responses from some participants that they were continuing to race their greyhounds so they could compete in Master races.

The RM advised that the programming of more Heats and Finals on Monday nights along with reducing Non Penalty races was progressing nicely without negative feedback. This practice will continue for upcoming monthly All Tracks calendars.

The RM advised that removing ownership guarding from normal graded events with the exception of identical ownership for heats had been implemented with even races produced. However as the guarding is still a manual process for the Grader the risk remains that they may occasionally be missed for the heats. The Grader will continue to make every effort that guarding occurs for identical ownership in heats.

Business Arising

The Racing Manager provided a verbal update to the panel on the progress of the below items.

Grading Review Panel Members – The panel were advised that GRSA received four expressions of interest to join the Grading Review Panel. There were three additions to the panel, Daniel Grgurovic, Kevin Bewley and Sharyn Gray. New members will look at all things grading in South Australia and how rules and policies can provide a fair and balanced system. Members work in a group environment and are required to have a strategic and balanced view in regard to the best outcomes for everyone in the industry. The new panel members will be for a 2 year term. Reappointed members Petar Jovanovic, Neil Mann and Anthony McLean will continue on the GRP and have also been appointed for a further 2 year term.

The panel were appreciative of applications received and also wished to thank outgoing members John Vivian and

Gavin Harris for their contribution to the GRP over a number of years.

Pathway Racing

The panel were advised that subsequent to the previous GRP meeting GRSA put a survey on the Registered Participants page on Facebook in October regarding the Pathway concept. Based on the survey results the panel agreed for GRSA to continue to program Pathway Racing along with Time Grading on the All Tracks calendar as they felt the balance was meeting demand. The panel agreed for Pathway events to be programmed on Monday nights at Angle Park and Gawler Sundays with the panel believing they are the best nights for these types of greyhounds. The panel were advised that the Mt Gambier Club was considering reintroducing Pathway Racing on to their race programming to compliment Time Graded racing.

Agenda

Time Grading

The GRP was advised that the Time Grading Report has been determined and finalised bearing in mind there are still improvements that would make the time rating even more current to the greyhounds form and ability but this comes at further cost. The panel agreed that without support on a National level to take the next step GRSA would continue with the current process. The panel were advised that GRSA would discuss options with Western Australia, Queensland and New Zealand who previously flagged their interest.

The panel were advised that a fully National ratings system has stalled however the likes of an online time rating being visible to trainers on Ozchase for each greyhound could only be developed with other states support. The panel were advised that GRSA will continue to update and publicise Time Grading and Pathway racing to industry and it is their intention to identify opportunities in the next few months to provide extra education to participants regarding same.

In the short term the panel were advised and supported the decision that GRSA would put each greyhounds rating on the hard copy of race fields showing how each dog is ranked in each race.

As part of the Time Grading discussion members of the panel provided a submission regarding the differences in the ratings for each race, in particular when there is only one race and the ratings can vary by up to 6 points and whether there should be a cut-off stopping some of the faster rated greyhounds gaining a start at the meeting. The panel considered these options. It was agreed to monitor the variance in ratings per race as on occasion with only one race it is better to have a race than not to have one if there was a restriction in the gap allowed. The panel were mindful that Time Grading works best when there are two or more races so the spread is a lot more even. The panel agreed to consider a cut-off point of around 5. The RM will provide data to the panel about what the cut-off should be however it was agreed to implement in the programming of upcoming meetings when determined.

Members suggested that Port Augusta could race on the Time Grading prizemoney (flattened stakes) to encourage more participation. The RM advised that Port Augusta's prizemoney is structured where the Club contributes and

any decision to alter would need Port Augusta's support. The RM advised this would be considered when all prizemoney allocations are done for the new season.

Order of Preference Review

The panel reviewed the current Order of Preference (City and Provincial) and considered whether changes were required. The panel suggested whether there was a need for Qualifying Trials to sit at (5) on the Order and whether it was needed anymore with the reducing greyhound population. It was suggested that it still allowed for any greyhound not getting a start an avenue to get virtual automatic entry into a race so no change was recommended. It was considered whether performances on a Wednesday in Group 3 heats of the Howard Ashton or Brian Johnstone be considered as Metro performances the same as St Leger and Champion Puppy heats. The panel recommended no change as these heats are restricted by age and with all nominations guaranteed a run the quality could not be considered the same as a Metro performance. It was suggested that (8) on the Order should be higher being 2 wins from last 3 starts in the City. The panel were comfortable not to move this at this stage as none of these greyhounds are missing out on a start even at (8). It was suggested that Reserves greyhounds that did not gain a start at the corresponding meeting should be higher than (19) on the Order. The panel were undecided about the exact spot for this with some suggesting a higher position but others suggesting it may keep out much better performed greyhounds. Also with the introduction of Time Grading and Pathway the reserve greyhounds are not necessarily the worst performed greyhounds. The panel; decided to leave Reserves as they are. It was suggested a new number should be added at (20) to accommodate greyhounds who have a placing in their last 3 starts at the provincial. The grader advised that that effectively happens under Graders Discretion once he gets off the Order any way so believed there would be no benefit in creating another number. The panel agreed. The panel suggested that Maidens having their first start should be on the Order. The grader advised he will give Maidens a run at their first start ahead of "bad form" in his opinion. He also suggested that greyhounds that have only had 1 start should also be given an opportunity as well. The GRP decided to leave this to graders discretion based around what other greyhounds are nominated and their race form.

The panel advised that Port Pirie would need to come out of the Provincial Tracks for form as that venue no longer races. The RM will make that alteration.

Claiming Races in SA

The RM advised the panel that it has been suggested that the GRP consider the implementation of Claiming Races on the programming calendar. These races could provide an opportunity for greyhounds to race longer and change into new ownership. The RM presented the panel with information from NSW where they were last raced in 2012.

The panel were interested in the concept with the basic understanding that a greyhound could be transferred into new interests for an advertised fee with the new owners taking the greyhound after it competed. The panel advised the RM to draw up conditions around claiming races and introduce on the racing calendar when confirmed.

Late Items

The panel discussed other items at today's meeting.

- The panel discussed the requirement for retiring of greyhounds before going into GAP and how this affects the greyhound racing numbers. Subsequent to the meeting the RM has advised that this will be altered to allow greyhounds to be assessed for GAP but still continue to race under certain circumstances.
- The CEO asked the panel to consider the introduction next year of the new Murray Bridge one-turn and straight track on the racing calendar. The panel believed if Murray Bridge raced twice a week that each meeting should be available for straight track and one-turn rather than restricting each meeting to the one type of racing. The panel understood this could reduce Angle Park racing however still wanted to restrict 388m racing away from Monday or Thursday nights. They suggested at least one meeting at Murray Bridge should be conducted on the weekend. The panel suggested a rotation of Murray Bridge, Gawler and Angle Park on the calendar at the Provincial 1 or 2 levels could accommodate all participants. The panel suggested some form of Tiered system for grading of straight track racing.
- The panel suggested removing grades 2 & 1 and having grade 3 the highest any greyhound can go which would allow for all greyhounds to gain a start. The RM advised that the panel had made changes allowing for re grades for out graded greyhounds and that mixing these dogs all the time without movement may adversely affect any form of high grade racing. This has been tabled before and the GRP decided there needs to be more consideration before a major change would be introduced.
- The panel suggested a change in regard to prizemoney. They believed the \$15 unplaced should go direct to the trainer as a trainer's fee rather than be included into prizemoney. With increased costs on trainers it was suggested that some owners would be willing to forego this money especially if they are on a 50/50 deal with the trainers. The CEO advised that this would be considered for the new season. The CEO advised that this would be tabled within the next stakemoney review. The panel also considered a similar flattening of stake money for Thursday nights giving reward to those unplaced greyhounds. The RM advised that with all stakes SA is very competitive with the rest of Australia however for Metro stakes we are just below 50% of what Victoria pay as an example. It was suggested that a target of 50% of the Victorian stakemoney level for Thursday night may form the primary objective, with flattening of stakes a secondary goal. The CEO advised this would also be considered within the context of the next stakemoney review.
- The panel advised that they would like the Grade 6 policy tabled for next meeting. The panel believe that the 12 lifetime race wins for SA Bred greyhounds is still a little high while the 4 grade 6 wins for Non SA bred greyhounds should also be considered.

New National Rules

A number of new national Rules were approved in late 2017.

The majority of Rules apply to prohibited substance definitions. Treatment record books must be updated the day the treatment is administered and consecutive days racing (which was already an SA local Rule). GRSA is awaiting official documentation from Greyhounds Australasia and will advise industry as soon as possible of the Rule changes which come into effect March 1.

Change to Hot Weather Policy

Just prior to Christmas, an alteration was made to the GRSA Hot Weather Policy.

The kennel house will now open half an hour earlier than advertised when the forecast temperature for the corresponding regional area is 32°C. An updated policy will be released shortly.

Questioning of performance

Stewards intend to question and report on performances from greyhounds which have been, in their view, disappointing, particularly short-priced runners which have been beaten.

Trainers should be aware they may be questioned during the course of a race meeting or any time following.

Checking off of greyhounds

Stewards are available at Tuesday and Wednesday night trials to check off greyhounds prior to their first start.

Alternatively, the Stewards can be contacted to arrange a time during business hours for greyhounds to be checked off at Angle Park. In either case, please allow sufficient time between the greyhound getting checked off and the paperwork being lodged and processed if you are looking to nominate the greyhound.

Racing Review Panel

When a greyhound is sighted by the Stewards in SA for Marring, Failing to Pursue etc there is an option for this penalty to be appealed and then reviewed by a panel separate of the Stewards.

This panel is made up of three members with years of experience within the greyhound racing industry that they can draw on in reviewing the decision. Depending on availability members will change on occasion. Current members used are: Howard Ashton, Matt Corby, Greg Barber, Vaun Gray, Scott Wuchatsch and Shaun Mathieson.

Lodgement of breeding documents

With the removal of fees for breeding documentation I remind participants of the due date for lodgement of documentation under the Rules of Greyhound Racing.

To ensure documents are received by the due dates the following fines have been reviewed and have been increased and will be imposed should documentation be lodged late.

Zara shows her potential again in Christmas Cup win

■ ANGLE PARK

The 2017 Christmas Cup was run at Angle Park on December 21st in front of a large festive crowd and they saw another outstanding performance by Zinfandel Zara who continues to go from strength to strength in her short career.

Trained by Gavin Harris she showed another string to her bow when she come from third, just of the speed and showed terrific acceleration over the concluding stages to race past her rivals and win in brilliant style.

It was a crack 6 dog field that greeted the starter with Slipper's Time for Barry Jones again showing early pace to lead the field out of the front straight followed by High Eden Frost for Jan Jones and Zinfandel Zara wide on the track. Strong types Hukanui for Tony Rasmussen worked his way to fourth while both Hot Marlow for Steve Meimetis and Pyredos Monelli for Ben Rawlings settled at the tail of the field after slow beginnings.

Down the back straight it looked as if Zinfandel Zara could be in trouble, in particular as Hukanui was so close just to her inside but as they left the back straight Zinfandel Zara was able to blast past her rivals around the outside while Hukanui found trouble looking for an inside run and had his momentum stopped.

The daughter of Fabregas and Wiken

stopped the clock at a brilliant 29.84 with splits of 4.40 and 16.97 in winning by almost 2 lengths and now has the impressive career record of 6 wins from just 7 starts. Hukanui again ran a mighty race to grab second on the inside and a win is not too far away for him while Pyredos Monelli came from the clouds to run third with his supporters far from disappointed about his effort.

Tears flow after emotional win

■ MOUNT GAMBIER

Tarpeena owner Dita Mitchell unashamedly shed tears of joy as she proudly walked Kinnky McPhee back after her win in the second heat of Val and Col Sims Memorial Maiden at Tara Raceway on Sunday 7th December.

Placed in all of her first five starts, the sizeable 30 kilogram bitch opened her winning account for Mitchell and Compton trainer Tracie Price when leading all the way to eventually run out a 10 length winner over Got Some Cheek with a further 6½ lengths back to third-placed Bomber Creek in 30.36 seconds. Also through to the final is Pele's Entity who finished fourth on debut.

Kinnky McPhee's win had been a while coming, the daughter of Banjo Boy x Quick And Slick turning three next month and according to her owner, certainly travelling down a rocky road prior to making her race debut at Tara Raceway only a month ago.

"She was purchased as an eight-month-old pup from Queensland," Mitchell said. "But straight away she didn't look to be galloping properly, with a vertebrae issue later being identified.

"There were countless trips to Warrnambool for remedial

work on her and later she had to have half of her tail removed. So, while it hasn't been all plain sailing, today's emotional win made the effort all worthwhile."

"I can't speak highly enough of Tracie and the team out at Compton because they've done a wonderful job getting Kinnky McPhee to the track and now winning a race," said Mitchell after her first Tara Raceway win.

Based at Tarpeena for the past 12 months, after a 10-year stint at Crowlands, Mitchell is hopeful of receiving a trainer's licence next month and then preparing several of her two-year-old Banjo Boy youngsters for a tilt on the track.

A good move

■ GAWLER

A move to the country has worked out well for greyhound trainer Michael Stewart, who led in a winner at Gawler on Tuesday.

That winner occurred in a Mixed Grade event over the 531m journey, which saw Loceryl start the best from box 6, taking the lead with Sutton Wil (5) in pursuit. Those two runners broke away from the rest of the field, but down the back straight they bumped together, momentarily losing some ground. Croydon Boys (3) was at the same time winding up and zipped past the other two, opening up a break which extended out to 6½ lengths at the finish. Bar Room Brawler (4), which had been midfield early, ran home to grab second placing for Nicole Newlyn of Lewiston, with Sutton Wil running third for Angela Modra of Gawler River.

Croydon Boys ran a good time of 30.96 secs for trainer Michael Stewart and owner Duncan Stewart. It took Croydon Boys 11 starts to break through for his first win, but he now has a record of 6 wins and 9 placings from 35 starts and with the way he ran on, Michael is hopeful of moving him up to the 600m journey.

Michael has been part of the greyhound industry for over 35 years, getting involved through family connections. About 3 years ago, Michael decided to increase his involvement in the sport and moved to a larger property at Palmer, with a plan to start breeding his own stock and take advantage of the SA bred incentives. He now has 14 racing greyhounds

Left to right: Diana and Tamica Dunn with Michael Stewart and Croydon Boys after a recent win at Gawler.

in his kennels, a number he is happy to maintain.

Establishing his own property has meant that Michael needs plenty of help with his racing kennel and that has come from Michael's partner Tamica Dunn and local resident Brandon Bormann. Michael gets a big kick out of involving others in the sport and has assisted Brandon to also become an owner.

The move to his own property is paying off for Michael, training 66 wins in 2017, compared with 32 in the previous year. With further planned enhancements to the property, including his own straight track for trialling, that figure could well increase.

TRIALS

ANGLE PARK

QUALIFYING TRIALS – NOW WEEKLY

Angle Park Qualifying Trials are run weekly on Tuesday night, for the corresponding Monday APM meeting and the Wednesday APD meeting. Trainers must be specific on their nominations about which day they are trialling for and what distance. (ie Wed 388m, Mon 515, Mon 600m etc)

Tuesday Angle Park Qualifying dates are:

January 16th (No Trials due to Lighting upgrade at Angle Park)

January 22nd (for APM Monday meeting on 29th January – for APD Wednesday meeting on 31st January)

January 29th (for APM Monday meeting on 5th February – for APD Wednesday meeting on 7th February)

February 6th (for APM Monday meeting on 12th February – for APD Wednesday meeting on 14th February)

February 13th (for APM Monday meeting on 19th February – for APD Wednesday meeting on 21st February)

February 20th (for APM Monday meeting on 26th February – no APD Wednesday meeting on 28th February due to Time Grading meeting)

Nominations close with GRSA at 12.30pm on the Tuesday of the meeting.

NOMINATING ONLINE FOR QUALIFYING TRIALS

For Angle Park, Gawler and Strathalbyn qualifying trials the nominations must be lodged with GRSA by 12.30pm on the day of the meeting. To nominate online however you can only do this up until 11.59pm the day before. Due to a system security policy you cannot nominate on the day for these trials online. Please contact our staff if you have any issues with these nominations prior to them closing.

SINGLE TRIALS

A reminder to trainers that single trials can be booked with two greyhounds however you need to advise when booking of your intention to do this. If you wish to put three or more into this trial then a field trial will have to be booked.

BOOKING NUMBER FOR TRIALS

Participants wishing to book trials are required to ring 8243 7172, this phone line will only be used for trial bookings and will queue participants. By having this one number with participants queuing makes this process to be a more efficient way of booking trials.

There will be NO trials accepted through the normal administration number. To be fair to everyone GRSA will only accept bookings using the new number.

POLICY FOR TRIALS IN PLACE

Remember trials will only be taken from –

- * 11.30pm Monday for Angle Park Tuesday nights
- * 11.30pm Tuesday for Gawler Wednesday nights
- * 11.30pm Thursday for Angle Park Saturday morning (day earlier due to being morning trials)

* For Public Holidays it will be the working day before ie if Monday is a Public Holiday then bookings taken on the Friday

trial days that are not booked in with GRSA remain the same process (ie Gawler Thursday)

POLICY FOR TRIALLING AT ANGLE PARK AND GAWLER BEFORE THE RACE MEETING

RACE MEETING TRIAL POLICY

Angle Park Monday & Wednesday along with Gawler Tuesday, Friday and Sunday.

Two fields from the boxes with a maximum of four (4) greyhounds will be conducted immediately following the completion of the kennelling procedure for the Race Meeting.

The following lists the order in which greyhounds will be selected in the event if more than 8 greyhounds nominated.

1. Reserves at the Meeting that do not obtain starts.
2. Trainers that have greyhounds engaged and are located in an area affected by track closures.
3. Trainers that have greyhounds engaged.
4. Satisfactory trials.
5. Other greyhounds.

PROCEDURE/CRITERIA

1. For Monday nights trainer to contact GRSA between 10.00am and 11.00am on the Monday to nominate. Should the Monday be a public holiday bookings are to be made between 8am and 9am on the scratching line.
2. For Angle Park Wednesday, Gawler Tuesday & Friday trainer to contact GRSA between 4.00pm and 4.30pm on the day before.
3. For Gawler Sunday trainer to contact GRSA between 8.00am and 9.00am on the scratching line to nominate.
4. Other than reserve greyhounds Trainers will be restricted to trialling one (1) greyhound unless nominations determine otherwise.
5. Stewards allot the Box for the Greyhound.
6. Trials will be 515m & 531m in distance as first preference. Other distances considered depending on nominations.
7. Greyhounds currently under suspension or not cleared to race are not eligible to be nominated (these trials are conducted as if they are at a race meeting so all greyhounds need to be eligible at nomination time).
8. Greyhound registration certificate or cards must be produced at kennelling time.
9. Trainers with other greyhounds engaged can utilize the extra kennel space until such time they are ready to leave OR trainers with no other greyhounds will be free to leave following their trial.

If there are 12 races at Angle Park or Gawler there will be NO trials.

The Vet Clinic at these meetings cannot be used to accommodate any greyhounds to allow for extra trialling greyhounds. This policy has been introduced so that participants book in under the policy. The Vet Clinic needs to be available for the Vet and Stewards at race meetings

EXCEPTIONS TO THIS POLICY-

- Thursday nights are kept available for the option for Interstate greyhounds to solo trial in a lead up to our Group races and also local greyhound's trialling for Group racing interstate.
- Local greyhounds will be allowed to solo trial in a lead up to a feature race upon request and they will take one of the eight kennels available for trialling ahead of the policy and sit separately to the 4 dog trials. Feature races are considered to be – Adelaide Cup, Gawler Cup, Oaks, Derby, Howard Ashton, Brian Johnstone, SA Sprint, SA Distance Championship, SA Anniversary Cup, SA Country Cup, National Finals & any Group race Interstate.
- Local greyhounds will be allowed to trial on a race night, where they are in preparation for a feature event and nominated for a meeting and the race does not stand up. This will include all distances and also take precedence over the policy.
- If a greyhound qualifies for a feature final and requires a trial in between this will be conducted as a solo trial and sit separately to the 2 four dog trials.

It is extremely important that trainers book in to trial at these race meetings. If unable to book in at these times then please contact GRSA where permission may be given to accept a booking outside of these times. .

DEMONSTRATING EXCELLENCE AT EVERY LEVEL

Established in 2001, we are an ever-growing, family-owned business with an enduring commitment to demonstrating excellence to each and every one of our customers, on each and every level. As a starting point, we offer our customers quality and selection; we offer a complete range of eminently affordable, quality steel products including fencing (including neighbour friendly, custom-made pool and post/rail options), verandas, sheds/outbuildings, roofing, miscellaneous materials and tools. To this we mix in a dose of convenience: not only do we offer a range of steel services, but have also expanded our facility over time, in order to offer our clients a still better selection across our product and service lines.

We know that maintaining our status as a leader in the industry doesn't only involve maintaining a substantial product line — this is why, true to our Bargain Steel Centre name, we unceasingly work to keep our prices as affordable as possible, while also ensuring exceptionally good service, too. Simply put, we owe it to our customers to offer the best of all worlds through substantial selection, quality products, affordable prices, and exceptional service.
