CEO'S UPDATE

Time For A Champion

Let's hope that our [relatively] positive run with Covid in South Australia can continue in the weeks ahead and that we can start to set our sights on getting back to something like normal. A 'new' Angle Park – or at least a heavily upgraded version – is a good starting point for a return to normal life, even though density limits and masks may take a little longer to shake off. A touch of spring weather will certainly bring everyone up a notch or two and get people feeling better about things. But arguably, the greatest tonic would be the discovery of a new local champion as our feature race season heats up.

There's more than one reason why SA might boast that next champion. Confidence amongst local breeders is clearly on the rise, and is one of the most positive indicators of where the sport is headed in this state. The number of litters in FY21 has jumped well above anything we've seen in recent years and, from a quantity perspective, that will start to flow into positive outcomes for nomination depth and wagering outcomes. Even more pleasing, however, is the evident focus on quality in relation to mating selection, which will ultimately pay off in the form of litter success rates and the overall competitiveness of our SA racing product.

Whatever happens in the weeks ahead, as we push towards the light at the end of the tunnel, we have top level racing to look forward to and bright prospects beyond that.

We look forward to welcoming you all back to headquarters.

Matt Corby

CEO, Greyhound Racing SA

Victa Haydn produces another feature win

■ GAWLER

Sunday July 18 at Gawler greyhounds was a unique night in many ways. It was a celebration of 50 years of greyhound racing at the track with a special Anniversary Cup race, and it was also the running of the prestigious Gawler Produce Final.

In the 50th Anniversary Cup race, See You Smile from box 1, was near the lead into the first turn, but then was able to break clear of the field and set up a handy four length buffer over her rivals. See You Smile maintained that margin by running a good time of 30.84 secs to win for Ben Rawlings of Lewiston, with Two Hands George second for Tim Richards of Meningie, and Zipping Sultan third for Ken Gill of Lewiston.

The Gawler Produce looked a tricky race on paper, with plenty of chances, including four runners from the same litter from the Rasmussen kennel. Spring Lilac was away the best from box 1, but was headed at the first turn by Gemtree Maximus [5], which quickly established a three length break and appeared to be going well. However nearing the back turn, Gemtree Maximus started to lose ground, and entering the straight, Spring Lilac took the lead, only to be overtaken by Victa Haydn [3] as they neared the line. Victa Haydn won by just over a length in the time of 30.93 secs, with Spring Lilac second for Vadim Roz of Lewiston and Victa Grosso [6] in third spot.

Victa Haydn and Victa Grosso are from the same litter and are trained by Tony Rasmussen for the My Four Girls Syndicate, managed by Kerry Braun. Another of the litter, Victa Daryl ran fourth for connections, but the success on the night did not finish there for the "Victa" team. In an earlier race on the program, the Produce Consolation, they provided the first four placegetters, also from this remarkable litter. That litter which consisted of 12 pups, has had 10 individual winners, with another two yet to race. They were bred by Ron and Joan Schadow of Victor Harbor, and are owned by their daughters.

Ron described the result as "just beautiful" and was a happy man after being connected with his first win in the Produce. He said that the bloodline of this litter from Victa Victoria, which had started with a racing female named Teelah that he had purchased, was excellent and produced very good natured pups.

Ron who has been in the sport for a long time, and can remember his first winner at Barmera back in 1975, was very complimentary of Tony and Lisa Rasmussen for their rearing and training of the litter, from eight months of age. It is a family affair with the Schadows, with plenty of help coming not only from their daughters, but also grandchildren Braydn and Brodie Hondow who did a lot of the early lead training with the litter. They both also recognised the whole team approach that has gone into the rearing and training, which has made the litter the success it has.

Ron commented that he has three more litters aged from three to five months being reared at the moment, and with the current litter just starting out their racing career on such a great note, the family should have plenty of success and enjoyment over the next few years.

See You Smile with trainer Ben Rawlings and connections after winning the Gawler 50th Anniversary Feature.

The 'Victa' quartet of Kurt, Mikey, Maggie and Emma who claimed the first four in the Gawler Produce Consolation.

Aston Olenna is a 'straight-up' star in the making

■ MURRAY BRIDGE

Aston Olenna and trainer Dave Peckham claimed the 2021 feature race double at the Murray Bridge straight track by winning the SA Straight Track Championship on August 4th.

The son of Aston Bolero and Aston Selena, Aston Olenna also won the SA Straight Track Cup back in May and was the favourite going in to this final. Heavily backed, he began brilliantly to get the lead early from box 8. Shavano for Bec Romyn was one of the main dangers to Aston Olenna and also jumped well from box 6 while newly crowned track record holder Craggy Island missed the kick slightly from box 7. The two leaders from 6 and 8 were able to avoid the trouble behind them, as Crush Your Enemy ran to the middle of the track, and pinched a clear break on the field. From there, with his brilliant acceleration, Aston Olenna was never going to be caught and went on to win in a fantastic 18.58s for the 350m trip ahead of Shavano and Ransom's Pride for Bec Romyn. Shavano also finished in second place to Aston Olenna in May's Straight Track Cup continuing the close rivalry between the two chasers.

Owned by Ray Borda, Aston Olenna has now had 9 wins and 4 placings from his 15 career starts. Unfortunately the National Series connected to this series has been postponed due to Covid restrictions - stay tuned for announcements on new dates for that series.

GRSA Board member David Lewis presenting Dave Peckham and Aston Olenna with the SA Straight Track Championship trophy.

Basman is 2021's Champion Puppy

■ GAWLER

The feature event on Sunday August 8th at Gawler was the running of the 2021 Champion Puppy. It is one of the special features normally programmed for decision at Angle Park, but with that track undergoing a major track upgrade, some races were transferred to Gawler. With the imminent reopening of Angle Park, this will be the last of these special feature races to be run at Gawler.

To be eligible for the Series over the 531m distance, greyhounds had to be whelped after 1st July 2019. Two Heats were conducted on the previous Sunday, with the first four greyhounds in each race qualifying for a run in the Final. It was a very even start and difficult to pick a leader, but as they rounded the first turn out of the straight, Canya Razor[4] momentarily led, but was then passed on the outside by Basman [6], which landed a length in front of Canya Razor but was unable to break away. In the home straight Basman was too strong and held off a fast finishing Came And Went [2], to take home the chocolates. Came And Went finished 1½ lengths away in second spot, with Canya Razor a further ½ length away in third position for Lisa Rasmussen of Murray Bridge.

Both Basman and Came And Went are trained by Troy Murray at Lewiston, and owned by Terry Hill in Sydney. Terry, a well known NRL identity, has had many greyhounds in Troy's care over the years. Taking a keen interest in breeding, Terry has enjoyed major success with greyhounds that he has bred and have been prepared by Troy, having bred the 2020 Gawler Gold Cup winner Major Major, and also the runner up, Golden Night. Terry also owns Golden Night, with Basman being from the next litter from their mother, Hillary.

The result of the race was well received and provided plenty of excitement to the connections at the track. Troy is no stranger to winning this race, having won it previously in 2012 with Sometimes Speedy, and in 2015 with Aston Eclipse. Aston Eclipse was owned by Ray Borda, and his company, Fresh Pet Food Co, is a supporter of the event and the Greyhound as Pets program.

Connor Murray with Basman after winning the 2021 Fresh Pet Food Co Champion Puppy Final.

Racing Report

Racing Manager **Shaun Mathieson**

Angle Park to recommence on Thursday 26th August

GRSA advise that the rescheduled date for a return to racing at Angle Park is listed as Thursday night 26th August.

It was planned for Saturday 21st August however has been delayed due to a snap lockdown and unexpected high rain fall that has affected our schedule. There will be a full trial schedule available as we return to racing at Angle Park in the coming days.

The Date changes are listed below to accommodate changes in August and in October with the Gawler Cup Heats to be run on a Monday night -

Delete: Angle Park – Saturday 21st August 2021 [TAB] Morning
Add: Gawler – Saturday 21st August 2021 [TAB] Morning

Angle Park start up plan – trialling and racing

Greyhound Racing SA (GRSA) provides the following return to racing at Angle Park schedule, that will see our first race meeting on the new track conducted on Thursday night 26th August.

The schedule incorporates an expanded trialling schedule, which hopefully provides all participants with sufficient opportunities to trial their greyhounds in a lead up to racing.

GRSA wishes to emphasise that the Angle Park venue still has a number of works elements in progress (separate to the race track), which will result in restricted access to different parts of the complex. GRSA asks for a degree of understanding from our participants as we look to have all remaining elements completed for the meeting on Thursday 26th August.

As such, the Kennel House will NOT be available for access for the trial sessions on Friday 13th and Saturday 14th August, due

to continued maintenance work in that area, with the necessary temporary fencing in place to restrict access. GRSA advises trainers will need to access the race track via the Trainer Car Park ramp.

Angle Park trial sessions are listed below, with the Murray Bridge and Gawler sessions remaining as per the current schedule unless advised otherwise-

- APK TRIAL SESSION - Friday 13th August – Trials [Morning] @ 8am start FINISH ON LURE ONLY
- APK TRIAL SESSION - Saturday 14th August – Trials [Morning] @ 7am start
- APK TRIAL SESSION - Wednesday 18th August – Trials [Night] @ 6pm start (there will be no trials at Gawler on this night – all STAT trials for Gawler will be done on the Thursday morning)
- APK TRIAL SESSION - Friday 20th August – Trials [Morning] @ 8am start
- APK PICNIC AND TRIAL SESSION - Sunday 22nd August – [Morning] @ 9am START FOR PICNIC MEETING. Trials conducted after which need to be booked. (Murray Bridge morning trials will be cancelled on this day)
- APK TRIAL SESSION - Wednesday 25th August – Trials [Night] @ 6pm start (there will be no trials at Gawler on this night – all STAT trials for Gawler will be done on the Thursday morning)
- APK FIRST RACE MEETING - Thursday 26th August – RACE MEETING [NIGHT]
- Apk Saturday 27th August – Trials [Morning] @ 7am
- Apk Monday 29th August – RACE MEETING [NIGHT]
- Apk Tuesday 30th August – Trials [Night] @ 6pm
- Apk Thursday 1st September – RACE MEETING [NIGHT]

When Angle Park returns to racing on Thursday 26th August the trial schedule will revert to –

- Angle Park Tuesday night and Saturday/Sunday morning (depending on racing)
- Gawler Monday morning and Friday morning [STAT]
- Murray Bridge Wednesday night one turn, Monday morning on both tracks and Thursday on straight track. These sessions will be monitored depending on their support. STAT will be done on Wednesday nights for the one turn while the STAT for the Straight track will be done at race meetings where possible (less than 12 races). As we move towards daylight saving in October consideration will be to have STAT for the Straight track available on Wednesday nights.

No reference has been made to Mt Gambier on this schedule as this does not affect their racing or trialling

Angle Park picnic meeting Sunday 22nd August 2021

In preparation for a return to racing at Angle Park on Thursday 26th August, GRSA will host a picnic meeting on Sunday, 22nd August. This will be a morning meeting starting at 9.00am with only named and cleared greyhounds invited to be drawn into half fields conducted every 10 minutes.

Kennelling will be from 7.45am to 8.30am. Greyhounds will be graded into events as if they had not raced at the venue based on normal grading guidelines. Distances will be 342m, 530m, 595m and 730m. All races will run into the Catching Pen

Nominations close at 9am on Wednesday 18th August and can be done via the ozchase online process or by fax.

Fields will be announced on Wednesday 18th August with all nominated greyhounds being selected.

For 4 or 3 dog fields GRSA will pay \$175 for first and \$50 for second after scratchings. For 2 or less GRSA will pay \$125 for first only after scratchings. GRSA will pay \$20 for those greyhounds not receiving prizemoney. GRSA will pay \$60 per trainer at the meeting.

For further information please contact the GRSA on 08 8243 7100.

- GRSA will conduct normal trials after the Picnic meeting has been concluded which will need to be booked through the Trial Booker or by phone. These will be open for bookings on the Thursday prior to the Picnic meeting and closing on the Friday.

Please note:

- Performances at the picnic meetings are non-penalty. Results will show up in a greyhound's form but will not have any bearing on a greyhound's future selection prospects.

- GRSA reserves the right to alter or change any conditions of this meeting depending on nominations received.

Grading of Angle Park new distances

With Angle Park having new distances for racing it is likely they will be considered as if they are on a new track which will mean that for the 342m, 530m, 595m and 730m all dogs will start as new.

Effectively meaning they will be Maidens, Grade 6's or Grade 5's. GRSA has been working with OzChase how to best manage this with this decision part of the Agenda for the upcoming Grading Review Panel meeting now on Monday, 16th August.

Grading Review Panel meeting on Monday 16th August

The next GRP meeting will be held on Monday, 16th August at the offices of GRSA with an Agenda provided to the panel members.

A fantastic month rewarded for star stayer

Greyhound of the Month for July was Fantastic Radley for trainer Ossie Chegia. The son of Fernando Bale and Fantastic Dotty had another great month of racing winning all three of his starts at Murray Bridge over the 680m and lowering his own track record on two occasions.

He won all three of his starts by a combined total of 25.75 lengths dominating the Murray Bridge 680m and running amazing times stamping himself as the greyhound to beat in the State Final of the Distance series.

At the end of the month Fantastic Radley record stood at 21 starts for 10 wins and 6 placings and earnings around \$41,000.

The Run of the Month for June was also awarded to Fantastic Radley for his track record performance for trainer Ossie Chegia at Murray Bridge over the 680m on Thursday 29th July. Again he matched up against Sir Truculent and again he gave him a beating continuing on his winning run. He led throughout winning by over 12 lengths in a blistering 38.35 and lowering his own track record by almost 4 lengths.

**Keep an eye - and ear! - out
for upcoming editions of our
podcast 'The Dogcast!'**

Catch the podcast via the GRSA website,
Apple Podcasts, Spotify and you can
now watch on YouTube.

Fortnightly Saturday morning meetings

The next meeting will be on Saturday, 21st August at Gawler which is a Timed Graded Meeting-“Worst to Best” rating.

Greyhounds graded into 3 categories. Maidens, 1-4 wins & 5 or more wins. Specific grades of greyhounds are not considered except for Maidens. Races–N/P with Pathway Prizemoney. Reserves will be determined by Grader. There will be No Guarding. Refer to “Time Based Grading” published conditions.

- Nominations close Wednesday, 18th August at 9.00am.

The meeting after this will be back at Angle Park on Saturday, 4th September which is a Timed Graded Meeting-“Worst to Best” rating. Greyhounds graded into 3 categories. Maidens, 1-4 wins & 5 or more wins. Specific grades of greyhounds are not considered except for Maidens. Races–N/P with Pathway Prizemoney. Reserves will be determined by Grader. There will be No Guarding. Refer to “Time Based Grading” published conditions.

\$890 Six Fastest Forward (1-4 Wins) Heats – 342m (Max 4 Heats - \$1,430 Final Monday 13/9/21. Selected from Worst to Best of this category. Final field will be a 6-dog field plus reserves, comprising of the greyhounds running the fastest times in the heats, regardless of their finishing position in those heats]

- Nominations close Wednesday, 1st September at 9.00am.

Daish Irrigation & Fodder vouchers for Murray Bridge

The Murray Bridge GRC has been able to secure some \$100 vouchers from their sponsor Daish Irrigation & Fodder to be used on heat and final series’ over the next 12 months.

In the All Tracks calendar these races will be highlighted which is a terrific initiative of the Murray Bridge GRC.

Gawler Classic 2021 this month

The first series for the SA bred greyhounds which are paid up for Classic 2021 will be the Gawler Classic over 400m (short course). It is a special event and no penalties apply.

The Heats will be held on Tuesday, 17th August for \$1,600 with the Final on Tuesday, 24th August for \$3,300.

Gawler Show only on Saturday and Sunday

With the Gawler Show only being on Saturday 28th August and Sunday 29th August for a limited event this year there will be some minor changes to Gawler meetings that will be transferred to Murray Bridge.

Racing at Gawler will be on Friday, 27th August with Sunday, 29th August held at Murray Bridge on the One Turn. This should be the only change with racing back at Gawler on Wednesday 1st September.

GOTBA Oaks, Derby and Waterloo Cup in September

Feature meetings for Coursing come up in September with the

Oaks and Derby Preludes on Sunday, 12th September while the Oaks and Derby along with the 2021 GOTBA Waterloo Cup on Sunday, 24th September at Virginia.

The Oaks and Derby are for bitches and dogs whelped on or after 1/7/19 with greyhounds required to have competed at Coursing to be eligible. The Waterloo Cup is always a feature on the Clubs program and is much sought after.

Coursing dates are -

Sunday 15th August- Cancelled
 Sunday 29th August
 Sunday 12th September
 Sunday 26th September
 Sunday 10th October

Border Challenge (Mt Gambier v Warnambool) series postponed to later this year

After consultation with the Mt Gambier GRC and Warnambool GRC the Border Challenge series between the two Clubs has been postponed again.

The Mt Gambier series was to be run on the 22nd and 29th August, however, due to ongoing SA and VIC border restrictions both Clubs felt it should be postponed to ensure the series viability. The Clubs are looking at reprogramming for later in the year.

The Conditions for the series are:

Maximum of 2 Heats. If 1 Heat first 4 through, if 2 Heats first two through to \$5,800 Final over 512m at Mt Gambier.

Trainer must have had starters at 15 Mount Gambier meetings in the past 12 months.

Trainer must have trained the greyhound nominated for the previous 3 months.

Greyhound must have started at least four times in the past 12 months at Tara Raceway.

Mount Gambier cross border bubble at 70km

We advise that the SA Government now have a 70km cross border bubble so only those trainers from Victoria with that exemption will have nominations accepted for upcoming Mt Gambier meetings however these directions do change regularly.

GRSA would be hopeful this changes in the coming week to allow more of our Victorian friends across to support the South East venue. In the meantime the Club have been very appreciative of the support from the local trainers and those from Metro Adelaide ensuring none of their meetings have lost.

Prov 1 prizemoney for Mount Gambier

As from the 1st July, 2021 Provincial 1 prizemoney has been paid for the Mount Gambier Sunday meetings and is the same breakdown as Gawler and Murray Bridge.

These meetings will be considered a Provincial 1 meeting for Grading and the grades that the greyhounds currently have for Provincial 2 will carry over to Provincial 1 at the greyhounds first start at Provincial 1. This was the same process when Gawler split into Provincial 1 and Provincial 2 meetings a number of years ago.

Thursday meetings will remain Time Grading under the current format as it has proven to be quite successful over the years, however, the impact of these changes will be monitored by GRSA.

The club will also look to program [0-2 win] 600m races on Time Graded Thursday meetings and gauge the response from trainers.

Nomination days changed for Mt Gambier Sunday and the metro Saturday morning meetings from August

After consultation with the Mt Gambier GRC, Member Clubs and Industry Consultative Group, GRSA has approved the change for the Mt Gambier Sunday meetings to now be graded on the Tuesday with nominations closing at 9am on that morning.

This will assist the Club to provide the Sunday fields into the local paper which is important for persons in the South East to have this available.

As a result the Saturday morning metro meeting will now move to Wednesday, with nominations closing at 9am on that morning. This will give an even spread of no more than two meetings to be graded on any given day [except public holiday requirements]. This will be effective from the 1st August.

Kings and Queens feature later this month

Again this year GRSA will conduct the Kings and Queens Feature series with Heats on Thursday, 26th August and a \$7,500 Final on Thursday, 2nd September

The eligibility for this series is for dogs and bitches whelped between 1st March 2019 and 31st May 2019.

Performed Maidens are eligible [raced or qualify trialed].

It will be dependent upon nominations, however, we would like to run a dogs Heat and a bitches Heat separately with greyhounds qualifying into the Final. If there are not sufficient nominations for either sex then these Heats may be mixed as a one off Heat into a Final or a couple of mixed Heats. Special conditions apply, however, these races will be non-penalty.

- Nominations close Monday, 23rd August at 9.00am with GRSA.

Interstate greyhounds coming to SA for feature events

As the COVID-19 situation continues to change rapidly, GRSA will continue to update all participants of any changes to racing restrictions.

Over the next few weeks we will put out different scenarios which will aid trainers making decisions coming to SA and also those trainers in SA. It is our hope our feature races of the SA Oaks, SA Derby, Match Races Series [SA V VIC] and Adelaide Cup will allow uninterrupted Interstate representation however there is a chance this will change and may change the conditions of the race or eligibility. As always GRSA will follow government advice in all these decisions.

SA Oaks and SA Derby eligibility in 2021

The Group 3 SA Oaks and SA Derby to be run in September this year and will be for greyhounds whelped on or after 1st June 2019 [27 months] which has stayed the same as the last few year.

The Heats of the Oaks will be run on the same night as the Derby again this year with Heats on Thursday, 9th September and the Group 3 Finals on Thursday, 16th September.

The Dates are:

Coffex Coffee Oaks [Group 3]:

\$5,150 Heats – Thursday, 9th September \$35,000 Final – Thursday, 16th September

BGC Industrial Cleaning Supplies SA Derby [Group 3]:

\$5,150 Heats – Thursday, 9th September \$35,000 Final – Thursday, 16th September

- Nominations for the Heats close Monday, 6th September at 9.00am.

GREYHOUND RACING SOUTH AUSTRALIA – 2021 SA COUNTRY CUP

Below are details of how and where greyhounds can qualify for the \$7,500 SA Country Cup Final, to be run at Angle Park over 530 metres on Adelaide Cup G-SIX Final night Friday 8th October 2021.

Conditions

- All South Australian Greyhound Racing Clubs outside of Angle Park will conduct heats, or nominate greyhounds from which the Greyhound Racing SA Grading Department will choose two representatives. These meetings are Gawler Provincial 2, Murray Bridge One Turn Provincial 1 and Mount Gambier Provincial 1 or 2. [Performances at Gawler Provincial 1 meetings are not eligible for consideration]
- The event is open to all South Australian Greyhounds that have not won 4 or more CITY A Grade 5 or higher events at time of nomination [600m, 643m & 680m excluded]. Also, they cannot have won a Metro Grade 5 or higher interstate in the last 6 months. Winner of each event takes a penalty including the final.

Special Exceptions:

Mount Gambier Club is allowed to include non-South Australian trainers under strict conditions:

1. The trainer has had starters at 10 meetings for Mt Gambier in the previous 12 months.
 2. The trainer can only qualify for one of the clubs.
 3. The trainer must have trained the greyhound nominated for the previous 3 months.
- Graders' discretion will be used to determine the best nominated.
 - The greyhound must be SA trained [except Mount Gambier as above].
 - o A South Australian trained greyhound is defined as one that has been racing in SA for a period of not less than 3 out of the 6 months immediately prior to the time of nomination.
 - The greyhound must have started at least 2 times in the last 12 months at the track it is attempting to represent.
 - There will be a maximum of two heats per Club with

Continued next page...

the winners of each heat qualifying. If there is only one heat conducted then the first two placegetters will qualify. Heats will be worth \$2,125.

- The two reserves will be determined firstly by a ballot of the second placegetters from all heats. The third placegetters will then be considered by ballot if required. If a heat was not conducted at the track, then that track is not included in the ballot. Should a greyhound be withdrawn prior to the ballot, the next placed greyhound from that Club's heat will be selected.
- Once a greyhound has qualified from a Qualifying Heat, it is not eligible to compete at another track in this series, unless there are insufficient nominations to fill the field.
- Once qualified for the Country Cup Final the greyhound will be ineligible for the Adelaide Cup series or any other race on this Cup Final night.
- Lead up Heats may be up to 8 greyhounds however the Final on Adelaide Cup night will be a 6 DOG Final

Qualifying

Track	Dist.	Date of Meeting
Mt Gambier	512m	Sunday 19.09.21
Murray Bridge	530m	Friday 24.09.21
Gawler	531m	Wed 29.09.21
Country Cup Final Prizemoney Total - \$7,500		

Classic 2021 Prelude (1) in September

The next series for the SA Bred greyhounds which are paid up for Classic 2021 will be the Angle Park Classic Prelude (1) over 530m. It is a special event and no penalties apply.

The Heats will be held on Monday, 20th September for \$2,200 with the Final on Monday, 27th September for \$4,500.

- Nominations for the Heats close Thursday, 16th September at 9.00am.

Match Race Series (SA v Vic) in September

Match Race Series (SA v VIC) - 530m (Special Event – No Penalty. 4 greyhounds from SA verses 4 greyhounds from Vic. 4 –

The Grader will rate the four greyhounds from each State in order from 1 to 4 with 1 being the highest rated greyhound. The head to head matches will be decided by the two 1 rated greyhounds competing against each other and then it will be 2 v 2, 3 v 3 and 4 v 4. Prizemoney for each individual match will also reflect 1 to 4 with the 1 rated greyhounds receiving the most amount of money. However, the overall winner will still be determined based around the times the greyhounds run so all greyhounds have that opportunity.

PRIZEMONEY:

Winners of match races – 1 v 1 – Winner \$4,750, 2 v 2 – Winner \$4,500, 3 v 3 – Winner \$4,250, 4 v 4 – Winner \$4,000.

Overall State of Origin winner [based on overall times] \$7,500, second \$2,500, third \$1,000.

Match Race conditions as advertised. These conditions may change due to COVID and Border restrictions]

[* Winner of Easter Match Race series at Gawler in April will take 1 SA spot if nominated. Winner of the SA State of Origin (SA or VIC greyhound) will be guaranteed a spot into the Group 1 Adelaide

Cup Final 8/10. Bypass the Heats. Conditions apply]

- Nominations close Monday, 20th September at 9.00am.

2021 TAB Group 1 Adelaide Cup race dates and conditions

TAB Adelaide Cup Race Dates:

Thursday, 30th September : TAB Adelaide Cup Open Heats up to 8 @ \$14,275 each

Friday, 8th October: TAB Adelaide Cup Final @ \$145,250 [\$100,000 to the winner]

TAB Adelaide Cup Consolation @ \$14,275

Nominations: TAB Adelaide Cup Heats close Monday, 27th September with GRSA at 9.00am.

Nominations can be made on-line, please specify Adelaide Cup or on a Multi Nomination Form.

GRSA will continue the condition that the overall winner of the Match Race series will be guaranteed a spot in the Group 1 Adelaide Cup on Friday, 8th October. This greyhound will not be required to compete in the heats on Thursday, 30th September.

The \$15,250 Premier's Cup over the 730m will also be conducted on Adelaide Cup final night for the stayers.

GCA Group Racing Calendar available on website

The GCA Group racing calendar has now been released for season 2021/2022.

With South Australia having 8 Group races and 3 listed races which are –

Group 3 Coffex Coffee SA Oaks – Thursday 16th September 2021

Group 3 BGC Industrial Cleaning Supplies SA Derby – Thursday 16th September 2021

Group 1 TAB Adelaide Cup – Friday 10th October 2021

Group 3 Gawler Gold Cup – Sunday 24th October 2021

Group 3 Brian Johnstone – Thursday 25th November 2021

Listed SA Sprint Championship – Thursday 13th January 2022

Listed Murray Bridge Cup – Sunday 20th March 2022

Listed Mt Gambier Gold Cup – Sunday 10th April 2022

Group 3 Howard Ashton – Thursday 26th May 2022

CANCELLING TRIALS

If Trainers have booked trials for a session and decide not to come with all of their booked greyhounds, it would be appreciated if they could notify GRSA so amendments can be made. If this is at short notice then there is not much that could be done, however, if trainers know their confirmed numbers during normal business hours then please advise GRSA.

WAP Update for participants - July 2021

Greyhound Racing SA Limited (GRSA) wishes to advise that the Wagering Activity Payment (WAP) for July 2021 is currently being calculated. It is expected that the calculation will be complete during the week ending Friday 20th August and the result announced as soon as it is available.

Example to help participants understand the WAP they receive

It is not uncommon for GRSA to receive requests for more information in relation to how the WAP is calculated for their particular dog[s]. The example below is provided to assist in the general understanding of the calculation.

Assumptions:

In this example, assume the owner/trainer received \$1,000 in prizemoney for any/all races for the month.

EXAMPLE		
Net Wagering Revenue		\$1,800,000
<i>Multiplied by</i>		x
WAP Benchmark Return (50%)		50%
<i>equals</i>		=
Payout		\$900,000
<i>less</i>		
Prizemoney	\$700,000	-
Trainer Fees	\$100,000	
Breeder bonuses	\$50,000	
Total payments to Participants	\$850,000	\$850,000
<i>Equals</i>		=
WAP for the month		\$50,000

In this example the total prizemoney (paid to all participant) is **\$700,000** (excluding WAP).

In this example, the total WAP is **\$50,000**.

In this example, the owner/trainer would receive a WAP of **\$71.43**, calculated as:

$$\text{\$1,000} \div \text{\$700,000} \times \text{\$50,000} = \text{\$71.43}$$

Participants should note that:

- WAP is not payable for any prizemoney received in relation to feature races [where total stakes are above \$5,000];
- Trainers' fees and other bonus payments are not included in the calculation of the share of the WAP; and
- It is a requirement that a greyhound has to have raced and received prizemoney during a month to be eligible to receive the WAP payment for that month.

Distribution of WAP Payments between Trainers and Owners

GRSA would like to remind all participants that receive a WAP that the payment is the equivalent of prizemoney.

If you are currently responsible for distributing prizemoney to another party then the same approach applies to WAP payments.

From GRSA's perspective the position in relation to third parties is reflective of OzChase records and is as follows:

- If GRSA have been notified of an ownership split [which is recorded in OzChase] then you DO NOT need to make a payment to owners for the WAP because GRSA will do this automatically; however
- If you ordinarily forward on payments to owners on your own accord, then you DO need to do the same for the WAP. Each remittance will include the name of the dog for which the WAP is being made.

Sterilisation Policy

This edition I will summarise the new Sterilisation Contribution Scheme. You can always look up the policy or the associated local rule on the GRSA webpage.

On 1 August 2021, Greyhound Racing SA (GRSA) made effective the following sub-rule to Local Regulatory Rule 114 -

[1B] Unless a greyhound is being accepted by a recognised adoption agency that undertakes sterilisation -

[a] the last registered owner or person responsible for the greyhound at the time of such retirement as a pet must ensure that the greyhound has been surgically sterilised by a veterinarian before allowing the greyhound to leave their care and custody.

[b] In submitting the required notification prescribed by GAR 106, a certificate of sterilisation by a veterinarian must be supplied for any retired greyhound to which this rule applies.

[c] This sub-rule commences on 1 August 2021.

This local rule effectively shifts the onus of sterilising a retiring greyhound from the person taking possession of the greyhound [per section 12, Dog and Cat Management Regulations 2017] to the last registered owner or person responsible for the greyhound at the time of their retirement.

GRSA will commit to a financial contribution ["the Sterilisation Contribution Scheme (SCS)"] to either the owner or the person responsible for the greyhound ["the Applicant"] for the cost of the sterilisation procedure where -

- [a] The greyhound is being retired as a pet and not being accepted by a recognised adoption agency that undertakes sterilisation;
- [b] The sterilisation procedure is performed by a veterinary surgeon; and,
- [c] The Applicant is the owner or the person responsible for the greyhound that incurred the financial burden of the sterilisation procedure.

The following entities are recognised adoption agencies for the purposes of the sub-rule [and retiring greyhounds to these agencies does not require sterilisation beforehand] -

- [a] Greyhounds as Pets SA [formally Greyhound Adoption Program SA] ["GAP SA"];
- [b] Any greyhound adoption program under the auspices of any other Controlling Body for greyhound racing in Australia or New Zealand.

Accessing the SCS requires the Applicant to correctly retire the greyhound per rules 105 and 106, Greyhounds Australasia Rules; and rule 114, Local Regulatory Rules. Where a greyhound is retired [or attempted to be retired] in circumstances that

breach rule 114[1A], Local Regulatory Rules, no rebate will be paid or, if already paid, GRSA will seek recovery of the payment by order of the Integrity Hearings Panel.

When the Applicant arranges to retire the greyhound to a person or entity that is not a recognised adoption agency, the Applicant must - before retiring the greyhound - have the greyhound sterilised.

Upon sterilisation of the greyhound, the Applicant should receive a certificate of sterilisation and paid tax invoice [addressed to the Applicant] for the cost of the procedure. That paid tax invoice must contain an item that is the sterilisation procedure, with the cost of that procedure.

Within 10 days of retiring the greyhound, the last registered owner of the greyhound must notify GRSA of the retirement, together with a copy of the sterilisation certificate. This is done on the prescribed Form GAR106R [with a copy of the sterilisation certificate]. If the Applicant is claiming the contribution, also attach the paid tax invoice.

GRSA will contribute to the cost of the procedure, up to a maximum of \$375.00. If the procedure is over \$375.00, the Applicant will be out of pocket for the gap fee. Sterilisation is an elective procedure, and GRSA recommends that Applicants find out the cost of the procedure beforehand with the proposed veterinary clinic, to be fully aware of what the gap will be. The tax invoice for the procedure must be paid to the veterinary clinic before the contribution can be claimed. GRSA will not pay the veterinary clinic directly and only pay the person named on the paid tax invoice.

GRSA will contribute via electronic funds transfer to the account of the Applicant on file with GRSA. [Make sure the Applicant updates their account details with GRSA, should there be a change; or, supply their account details if not held by GRSA].

GRSA will not contribute to -

- [i] An unpaid tax invoice;
- [ii] A paid tax invoice that is not from a veterinary surgeon or clinic;
- [iii] Any item on the paid tax invoice that does not relate to the sterilisation procedure;
- [iv] A tax invoice from an entity, not being a veterinary surgeon or clinic, for an 'adoption fee' [or similarly worded fee], regardless of whether that fee is for, or in part for, a proposed sterilisation procedure;
- [v] Any contribution of the procedure that is over \$375.00;
- [vi] Any other charges that arise in after care, or further care [acute or otherwise], of the greyhound, that relate to the sterilisation procedure.

Stewarding and Licensing

Des Jonas

Here are some frequently asked questions -

- Q:** I am retiring my greyhound to GAP SA. Do I need to sterilise my greyhound?
- A:** No. GAP SA arranges sterilisation at GRSA's expense.
- Q:** I was retiring my greyhound to GAP SA, but my greyhound did not pass its 'First Point Assessment'. What do I do now?
- A:** Wait. GAP SA and/or GRSA Officers will provide you with guidance on the next steps, as a part of the feedback process on the assessment. You remain eligible for the contribution even if you later need to sterilise your greyhound per the sub-rule (and you paid for the procedure).
- Q:** I am retiring my greyhound for breeding. After breeding ends, do I need to sterilise them?
- A:** Yes. You need to sterilise the greyhound if you are not retiring to a recognised adoption agency, and you need to lodge a new Form GAR106R with the sterilisation certificate. You can apply for the contribution then.
- Q:** I want to retire my greyhound as a pet to myself. Do I need to sterilise them?
- A:** Yes. You need to lodge the Form GAR106R with your sterilisation certificate. You can also apply for the contribution then.
- Q:** I am a trainer, and I am arranging the retirement. Do I have to sterilise the greyhound?
- A:** Yes. If you are arranging retirement, and you are getting the greyhound sterilised, you must supply the sterilisation certificate for the Form GAR106R. If you paid for the sterilisation procedure, supply a paid tax invoice in your name and you can apply for the contribution.
- Q:** I am a trainer, and the owner is arranging and paying for sterilisation. Can I apply for the contribution?
- A:** No. The owner (or the person in whose name the paid tax invoice is made) can apply for the contribution.
- Q:** I am the trainer and paid for the sterilisation, but the owner is lodging the Form GAR106R. How do I get a rebate?
- A:** Ensure that you supply a copy of the paid tax invoice (addressed to you) and sterilisation certificate for the owner to lodge with the Form GAR106R. GRSA will pay the person named on the paid tax invoice only. If you do not receive the payment in a reasonable time, confirm with the owner that they lodged the Form GAR106R and contact GRSA Animal Welfare for assistance.
- Q:** I want to retire my greyhound to an adoption agency that is not GAP SA (or the GAP of another Controlling Body). Do I need to sterilise my greyhound?
- A:** Yes. You need to lodge the Form GAR106R with your sterilisation certificate. You can also apply for the contribution then.

Stewards afterhours race day contact number

A reminder that the after-hours phone number for race day matters is 0487 189 366.

This is the number to call in the event of vehicle breakdown, other cause of late arrival for kennelling or for late scratchings outside of office hours.

Toenail care

Recently several participants have raised concerns about their dogs sustaining injuries potentially from other greyhounds' toenails during races.

Just a friendly reminder to please keep your greyhound's toenails well maintained for not only their health and wellbeing but also to reduce the likelihood of injury to a competitor. A factsheet about toenail clipping and health prepared by GRSA is included in this month's edition of Kennel Capers.

Positive swab samples resulting from contamination by personal medication

With a number of positive swab samples over the past 12 months or so resulting from contamination by personal medication, Stewards remind Trainers to be mindful of practices relating to the storage and taking of medicines. Trainers are advised to:

- Store medication well away from kennels and greyhound food preparation areas
- Avoid taking medication around greyhound feeding time
- Do not prepare or consume medication in your kennel area or food preparation areas
- Always wash hands immediately after taking medication

Stewards remind Trainers that although ingestion of personal medication by greyhounds may be unintentional and simply a case of lack of care and process, absolute liability lies with the Trainer to present greyhounds free of prohibited substances [GAR83].

This information is dedicated to helping our participants understand the importance of keeping nails trimmed and some helpful hints on how to trim nails quickly and easily.

Overgrown nails cause extension and lengthening of the toes and the dog's weight is shifted to the back of the foot. This is what creates pain, difference in weight distribution and eventual physical issues.

Clipping Toenails

For clipping nails everyone does it differently, so this technique might not work for you, but its known within the veterinary industry as best practice.

Always clip the nails before a bath - not just in case you cut into the quick, but also because elevated blood pressure actually surges blood flow into extremities – including the toes, so it will be possible to clip a nail “shorter” if the nail is clipped before the dog sits and works itself up [if it is anxious]. It often works best to bring the foot softly back under the dog so that the elbow is tight to the pet's side, and the foot is not too overly bent at the ankle - in case the dog has stiffness there from age etc. This can be tough though, depending on the size of the dog and if working on a stationary table. Why hold the foot back instead of forward you may ask??? Firstly, you're back away from the dog's mouth and out of bite range of view. Also, holding the foot out away from the dog encourages them to pull, you then squeeze to equal their pull with yours and then you have a less steady foot for cutting the nails. Also, it is proven that tucking up the foot does help dampen the nerve endings of the toes and therefor may be less sensitive for the feeling of clipping. If you clip a nail on a dog out in front of their body – listen to the sound that the nail makes when you clip. Listen to it when you clip - the sound

will be noticeably quieter when the foot is tucked up. Some dogs just fear that “kajunk!” sound the clippers make when cutting through the nail itself. After lifting the foot back and slightly up, then clip the nails back, straight up & down, until I see the little dark spot in the center of the nail that signals the beginning of the soft spongy tissue that encapsulates the actual vein itself. Some dogs that are older and lack the softness in the center of the nail [this happens from loss of circulation, trauma to the nail bed after years of overgrown nails or, an ongoing low grade nail fungus] it is harder to tell the beginning of this soft area, so you may find yourself at times taking off a sliver of this soft tissue. Cutting the nail straight up & down pulls the angle of the nail up and back from the floor when the dogs foot is down, therefor helping to keep the nails' not “ticking” on the floor as they walk. You can also go back over the nails and clip off the left and right side of the nail to soften the ends and give a “pedicured” look, and of course, clipping first and then going over the nails with a Dremel or file will pull the quick back even more and give each nail a soft tip.

Trimming long nails every 5-7 days will help quicks recede. Once the nail is at the appropriate length they should be trimmed every 2 -3 weeks to keep them healthy and as short as possible.

The image to the right shows the angles that are best used to take length off. Clipping the nail at these angles also encourages the quick to “die back” and therefore each trimming session will result in a shorter nail.

Above: notice the green lines that show the best angles for trimming.

Above: this photo shows a clipped set of nails. This dog will need re-clipping every two weeks for approximately 6 weeks in order to get the nails a little shorter without causing injury to the inner quick area.

Toenails 101

Dogs walk on their toes like horses, not on their pads or the “soles” of their paws like a human.

This put weight dispersion and balance of the dog's entire mass on a very small center of impact absorption [especially if the dog is overweight]. If they feel pain in a toe or nail area they often have to rock back on their heels to extend the ligaments of their larger pad and back of their ankles to try to ease the pain in their toes. This puts them at a tremendous risk of unnecessary injuries to their ankles, elbows, hocks, shoulder and hips; as well as the connective tissues such as ACLs. Everything in one's musculoskeletal structure is connected with every other part of the body; hence overgrown nails can be considered as one of the leading causes of obesity in dogs.

LEFT: proper nail length allows dog to stand on its toes

RIGHT: overgrown nails causing lengthening of toes and pain

Simply put; overgrown nails can be the root of not only discomfort for our dogs but huge financial expenses in the long run if not well maintained. We often address our own needs and vocalize when we have pain to someone who can help; however, our dogs rely on us [the caregivers] to take notice and to provide relief when required. It's our belief that proper care and maintenance of all dog's toenails is extremely important and one that doesn't take too much skill in order to maintain in good condition.

Canine Toenail Morphology

The canine nail is comprised of 3 main sections.

They are of the quick or the vein and nerve endings that supply both blood circulation and sensitivity to pressure and hot/cold senses of the toe and the foot. Surrounding this very soft, fluid filled center is a pulp, inner nail bed, or layers of soft and moist tissue that helps to protect and cushion the sensitive vein and nerves much as our fatty tissue and subcutaneous makeup does for our own bodies. This area is slightly harder than the layers beneath it, yet still cannot be counted as the nail itself because it cannot protect the quick of the nail when exposed. This area is also what is visible in a light colored nail as the darker circle or half-moon shape when we trim back the nail and get closer to the quick. On dark nails it can be nearly impossible to see, but it does make a different sound in the nail trimmers when clipped into. This area feels pressure and will often cause the dog to begin to pull back as it feels this pressure and anticipates possible pain. Around these inner layers is a harder more durable wrap of many layers of protein and keratin- or fibrous structural proteins that are tough and insoluble. These layers make up the nail and round out its full length.

This is a cross section of the nail bed, and the bit of moisture in its center.

Here, layers forming the inner and outer portion of the nail and how they grow out in rings and wrap around the nail, creating its shape.

Notice that this nail is quite overgrown.

Looking at the photos above, you can clearly see how important it is to keep nails trimmed as short as possible to avoid the inner quick from getting too long and growing out ahead of it too far.

Diseases and Injuries of Canine Toenails

Dogs can develop many diseases and unnecessary injuries that affect their toes if toenails are left to grow too long.

Most of these can be successfully treated if caught early enough or even prevented by keeping toes nails short and well maintained. It's important to be aware of these problems and check the nails at home regularly. Nails should be trimmed at least once or twice a month to prevent pain, disease and injury. There are several types of injuries that can occur to toes is nails are not properly trimmed on a regular basis. Nails that are too long or sharp can get caught on things resulting in injury and even the loss of the nail altogether. This is extremely painful for the dog and can often lead to bleeding and if untreated infection. The nail will eventually grow back but often requires medical attention initially.

In severe situations toenails can get that long they start growing into the paw pads. This is also very painful for the dog and can cause deep infection in the pad. If this occurs the nail needs to be cut out of the pad and the dog is usually placed on antibiotics and paws bandaged for a period of time. Finally, nails that are too long can affect the dog's ability to walk and run properly. The gait abnormality may be caused by a lack of traction from the long claws or from severe pain due to an injured or ingrown toenail. Some diseases that affect canine toenails are infections, autoimmune diseases and even cancerous. Infections can be caused by a bacteria or fungus. Bacterial infections can occur secondary to trauma or underlying metabolic disease. The nail may appear swollen, red or even have pus coming from it. Treatment often includes antibiotics, soaking paws and possibly even removing

the affected nail in severe situations. Fungal infections are usually caused by either ringworm or yeast. The nails will look weak and misshapen and there may be loss of fur around the dog's claws. At times a brown discharge and bad odor is evident and is associated with this disease. Fungal infections are diagnosed by doing a skin scrapes or cultures and are treated with a long course of antifungal medications and shampoos. Symmetric Lupoid Onchodystrophy [SLO] is an autoimmune disease that affects canine toenails. An autoimmune disease means that the dog's immune system attacks itself and in this case the toenails. The nails will start to become very painful and fall off or break very easily verse a healthy nail. Treatment can include vitamins that will help strengthen the nails, antibiotics to prevent infections and medications to suppress the immune system. SLO may never be 100% cured, however many dogs will go into remission after treatment. Finally, dogs can get cancer such as melanoma and squamous cell carcinomas in their toenails or in the surrounding skin of the claws. Melanomas are usually black or brown, raised, firm irregular growths that grown rapidly on or around the toenails. Squamous cell carcinomas usually cause swelling and pain of the entire affected toe region. The claw may be loose or become deformed and therefore may bleed. Cancer is diagnosed by doing x-rays and biopsies of the affected area. Both of these types of cancer can spread to other areas of the body so it is important to diagnose them early and treat aggressively by having the affected toe removed. Because many of these diseases are contagious or potentially life threatening, it is important to examine your dog's toenails regularly and report any concerns to your acting veterinarian.

In conclusion, it is very important to check the toenails on your dog frequently and maintain the proper length at all times. Any signs of disease or discomfort can be much easier treated if prevention is put in place verse that of waiting for the problem to occur and is much less painful to prevent than to treat.

Projects Update

Strategic Projects Manager **Scott Wuchatsch**

Angle Park Redevelopment Project

And we are off!

Wednesday night, 11th August saw the return of trialling to Angle Park after four months in recess, during which GRSA has undertaken a full redevelopment of the race track and several major changes to other areas around the facility.

Feedback from the first trial session has been extremely positive from those participants in attendance and also from staff assisting in the running of the trials.

The past month in particular has been extremely challenging, with Adelaide receiving twice the average monthly rainfall in July, which has made for a very wet and soggy worksite.

Add to this, the seven day lockdown in SA and the ongoing border restrictions presenting issues for contractor attendance from interstate, it is therefore extremely satisfying to be finally trialling just three weeks after the originally planned return date.

Recognition must be given to the GRSA team on the ground who have worked tirelessly over the past few months, with particular credit to Head of Maintenance Terry Winder who has been simply sensational.

Out on the track, the sand surface has been down for a few weeks which has allowed it to compact fairly well and the initial

feedback on the composition of the sand is really pleasing.

The site is very much still a worksite, with exposed dirt areas around the track remaining somewhat muddy after the recent rains in Adelaide. It is hoped that the addition of some instant turf next week will make these areas a bit more user-friendly.

Other infrastructure elements are also still requiring further finishing touches, such as fencing, signage, winning post, presentation area and various elements within the kennel house.

The team is working towards the first race meeting on Thursday 26th August to complete these remaining tasks and it will definitely be a race to the finish line.

Participants attending the venue for trials over the next fortnight should be aware that restrictions may be in place in terms of access to various areas of the site and also the unfinished nature of some of the works.

Ultimately the goal was to get trialling back as soon as possible, with a view of starting up racing in time for the annual spring carnival commencing in September.

Despite the challenges with the weather, lockdowns and border closures, we are happy to say that we will meet this goal.

WE'RE BACK!

COVID Messaging

The last few weeks have again increased the amount of industry communications we have released, with updates being pushed out daily at times with the changing COVID landscape.

I'd like to thank everyone for staying up to date with the updates as they are released and more importantly for following the restrictions which allow us to continue racing – even during the 7-day lockdown. Our main channels of keeping industry up to date are our website, industry facebook page and SMS service. If you wish to receive updates via text or via the Registered Facebook group, please email marketing@grsa.com.au with your name and licence number.

'Dine and Dash' – new Adelaide Cup competition

We will be running a competition from when Angle Park reopens up until the Adelaide Cup, that will allow any general public (trainers excluded) who buy a meal and can enter the competition to be drawn a greyhound in the Adelaide Cup.

If that greyhound wins the Adelaide Cup, they will win prizemoney! This is aimed to increase patronage in the weeks leading up to the Adelaide Cup with the return to racing at Adelaide Cup.

Adelaide Cup is coming up!

We are only 2 months away from the Adelaide Cup. Last year was a unique event in regards to the various COVID restrictions that were in place in terms of capacity and other restrictions, which I think we all hoped would be a one-off.

Unfortunately it looks as though this year could well have some restrictions, but in what aspect we don't know. We will plan for a 'normal' Adelaide Cup in terms of capacities and the various elements of the event, but we will be needing to react and adapt if and when any restrictions come into place.

Gawler 50th Anniversary

A few weeks ago the Gawler Greyhound Racing Club celebrated 50 years of racing. Unfortunately capacity restrictions were tightened in the days leading up the event which meant that a number of bookings had to be cancelled which would have meant a huge crowd on hand for the event.

Nevertheless, a reasonable crowd was still on hand to watch some great racing and relive some of the memories of years gone by, with past committee members and local politicians on hand to mark the occasion. Thanks to the club for all their hard work bringing the night together.

Catch the GRSA podcast 'The Dogcast!'

Remember to keep an eye out for upcoming editions of GRSA's podcast 'The Dogcast!'

You can catch up on previous podcasts via the GRSA website, or subscribe to the podcast via Apple Podcasts or Spotify.

GAP kennelling fee payment process change

Please note that as of 1st August 2021 the GAP kennelling payment process will change for a trial period of three months.

The changes are as follows:

Instead of making a weekly payment of \$33 per dog, the new kennelling fee will be a flat amount of \$50 per dog, irrespective of the time period the greyhound will spend at the GAP kennels.

Participants who would like their greyhounds placed in the GAP kennels will be requested to pay the \$50 at the time when the placement form is filled in and the \$60 placement fee is paid.

This means that for greyhounds that are to be kennelled with GAP an upfront payment of \$110 will be requested. After that, participants will not need to make any additional payments for their dogs in the GAP kennels. Noting that prior to foster care dogs spend an average of 4 weeks in kennels, this change is expected to generate a saving of \$82 per dog for participants.

If you have any questions, please email GAP at gap@grsa.com.au or phone 8243 7124.

Upcoming assessment dates

Trainers please note the upcoming assessment dates:

Angle Park

7th September from 10am – 1pm

Booking day: 31st August

15th September from 10am – 1pm

Booking day: 8th September

21st September from 10am – 1pm

Booking day: 14th September

Lewiston

6th September from 9.30am – 12.30pm

Booking day: 30th August

20th September from 9.30am – 12.30pm

Booking day: 13th September

Mount Gambier

27th September from 3.30 – 6pm

Booking day: 20th September

All bookings are essential.

Please call GAP SA on 8243 7124 on the booking day to book your dogs in for assessment. You will also need to bring the greyhounds identification card with you on the day.

Greyhounds should not be raced or trialled within the 10 days prior to assessment.

Please remember to book in your greyhound's vet work AFTER you submit the GAP placement form.

FOSTER A GREYHOUND

**Greyhounds
As Pets**

Visit gapsa.org.au
for more information

Kind reminder from GAP:

Please submit a placement form if your greyhound has already passed the GAP first point assessment.

If you have not submitted the placement form within six months after the assessment, your greyhound will have to be re-assessed by GAP.

If your greyhound returned to racing or trialled after a successful assessment, it will have to be re-assessed after a 10-day downtime again. Thank you!

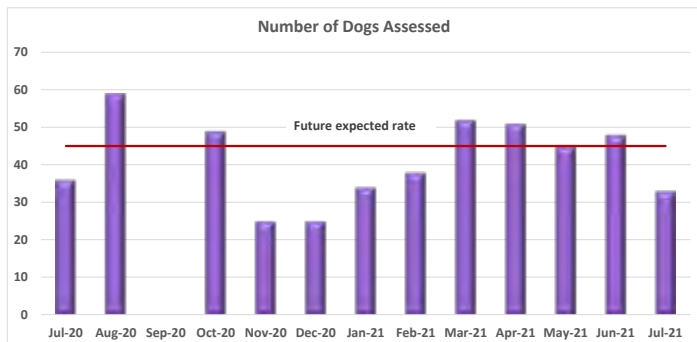

BEANIES AVAILABLE

Approved beanies are part of the GRSA Dress Code Policy and available for sale from GRSA. These beanies are GRSA specific and are the only ones approved, at a cost of \$10 and are available to purchase from the GRSA office's.

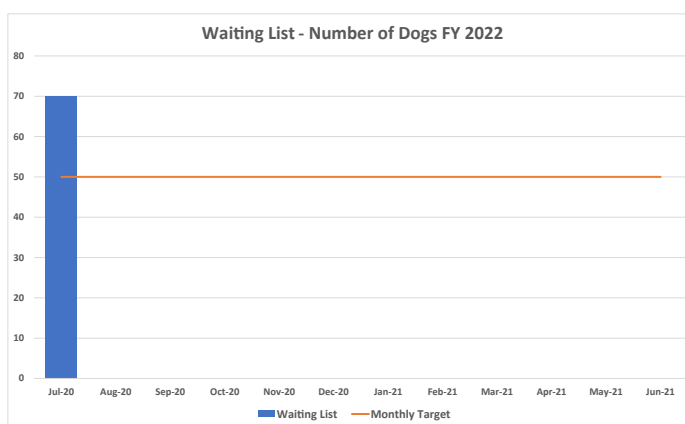

Latest updates from GAP

As previously advised, GAP have been increasing the number of assessments in the monthly schedule.

We continue to look to increase these further in order to offer a wider variety of times to meet participants varying requirements. The following graph depicts the number of assessments that have been occurring on a monthly basis.

We have also been working on reducing the time between assessment and entry into the program. The following graph shows the average monthly waiting times in weeks.

All proceeds from adoption fees at GAP are donated to Little Heroes Foundation

By adopting or foster-to-adopting one of our beautiful greyhounds you will also help the Little Heroes Foundation support seriously ill children and their families!

Portland trainer lands career-best four winners

■ MOUNT GAMBIER

Portland trainer Neville "Nifty" Lenehan well remembers those days at Toolong when still a schoolboy and walking greyhounds with his father Brian and his brothers.

"I still recall one of the dogs that I used to walk winning at the opening meeting of the new Warrnambool track in September 1978," he said.

Lenehan was speaking after a pretty good day at Tara Raceway on Sunday, 8th August when he had been successful with Radioactive, Aston Shintaro, Hostile Savage and Daph's Express.

Actually, it was better than a pretty good day. It was his best day ever at the track – his previous best being at Tara Raceway back in July 2019 when he was successful with Joshua Rocks, Nitro Missile and Lektra Brandy in the Anniversary Cup.

Radioactive, who had incurred the wrath of stewards early in the year in Victoria, kicked Lenehan's day off with an all the way win in 23.19 seconds in the Todd's Photographics Stake (400 m).

This was the son of Fernando Bale x Nicky's Gift's third win at Tara Raceway after owner Jarrod Sharp had contacted Lenehan to see if he would be interested in giving the black dog some runs behind the finish-on-lure.

Aston Shintaro staged a big last to first win in the Commercial Hotel Stake (400 m) when defeating Picogram by 1¾ lengths in 23.34 seconds.

And according to Lenehan, the black dog is another one that had issues early in his career.

"At one stage he just wouldn't go. So he was sent to Koroit to be re-educated and as he showed today he is certainly going a lot better now."

Hostile Savage led all the way in the Klaassens Contractors Mixed Stake (600 m), defeating Porridge Box, who made up a fair amount of ground, by 3¾ lengths in 35.18 seconds.

By Hostile out of Sweet Savage, Hostile Savage is owned by Jim

Nifty Lenehan (left), Nicole Stanley and Richard Clayfield pictured with Radioactive, Daph's Extreme, Hostile Savage and Aston Shintaro.

Collins, formerly of Mount Gambier, who purchased the dog as a pup and then entrusted the rearing to Lenehan and Nicole Stanley.

The last time Lenehan received a call from leading Victorian trainer Tom Dailly he ended up with a Mount Gambier Cup finalist. This time it was to see if he wanted Daph's Extreme who had won three races in Victoria before "going off the boil".

The blue and white son of Fernando Bale x Zippy Daph went into yesterday's Progreyhoundtips.com Stake (400 m) with two quick recent 390 metres runs to his name at Warrnambool for his new trainer. And he ran right up to that form with a 5½ lengths all the way win over Another Cadillac in 23.19 seconds.

Lenehan probably now gets excited every time his phone rings!

Breeder-owner Robert Chuck with Galactic Medusa, winner of the second heat of the Winter Classic.

The Tara Tipsters, from left, Kevin Douglas, Richard Clayfield, Noel Perry, Michael Robinson, Kevin Jones and David Lewis pictured with part owner-trainer Nathan Wilson and Foodbank Feature winner Oakvale Style.

NOTES OF INDUSTRY CONSULTATIVE GROUP (ICG) MEETING

HELD IN THE BOARDROOM OF GRSA, 55 CARDIGAN STREET, ANGLE PARK ON FRIDAY 18 JUNE 2021 AT 10.00AM

ATTENDEES:

Grantley Stevens [Chairman], Petar Jovanovic, Jason Newman [via Zoom], Christine Costa [via Zoom], Lisa Rasmussen, Gavin Harris, Ryan Tugwell, Matthew Corby, Ray Fewings, David Lewis, Des Jonas, Shaun Mathieson, Derek Kordick, Scott Wuchatsch [via Zoom], Ben Kavenagh [Observer], Sheriden Milam [Notes Secretary]

The meeting commenced at 10.06am

1 APOLOGIES

Judi Hurley

2 NOTES FROM PREVIOUS MEETING

3 BUSINESS ARISING FROM PREVIOUS MEETING

3.1 Sheepskin Lures for Education

The Group noted the update.

3.2 Science of Hair-Testing and Related Context

The Group noted the update.

3.3 Scratchings & Nominations

Changes to be communicated to industry. SMA noted minimal issues with online scratchings.

Action: For the RM to communicate the changes to Scratching and Nominations changes to industry

3.4 Preferred Box Draws

The Chairman noted this was a GA agenda item, pushing for national research and funding of research.

3.5 Races Excluded from WAP

SMA identified those top up races excluded from WAP (over \$5,000). The panel were happy with list presented and group agreed with also.

3.6 Local Rule – Breeding Restrictions

CEO noted changes to rule, group was happy with amendments.

3.7 Greyhound Property Nanny

Positive response to proposal, however no uptake at moment. Advertised via social media. The panel noted private arrangements already in place but by publicising it raised awareness. Chairman reiterated that GRSA in no way is endorsing or liable.

3.8 Timing of Pink Card Applications

The panel noted delays and issues with DNA results. CEO committed to raising issue at GA CEO's meeting next week.

Action: SMA continue to convey message through Kennel Capers around registering for pink cards while still racing.

Action: CEO to raise DNA results delays at GA CEO's meeting.

3.9 Greyhound Galloping

The group noted the update.

3.10 Saturday Morning

The Chairman noted the importance of supporting Saturday morning to ensure GRSA retains the timeslot. SMA noted the issues of early start times however this was dictated by

thoroughbred start times. Discussion around changes to Saturday schedule to best utilise the timeslot. Suggestion was to have dual meeting at Murray Bridge. SWU noted potential issues if narrow gaps between races. CEO suggested not overcomplicating process and rather promotion of straight track meeting to ensure uptake was better option. Members suggested additional stake money for meeting would be attractive. The Chairman questioned if a dual race meeting had ever been tested, the CEO said it was known what is required but had never been tested.

3.10 Demographic Profiling

The group noted the update.

4 AGENDA ITEMS

4.1 The Phoenix event in Melbourne

SMA noted the Board's support of expressing GRSA's interest in the event. SMA advised he has not heard back regarding conditions or who has been accepted in to event, however requested the groups feedback on their preferred method of selecting the finalist. Members suggested a match race series, CEO noted concern with match race and potential for varying conditions. Members suggested two week series, 4 x 4 races the first week and then 4 x 2 match races in the second to determine the representative. The panel noted importance of including domiciliary clause. Discussion around prizemoney and payment. First, second and third pay back 10% of prizemoney to GRSA, placings under this would not be required to pay anything back to GRSA. Contract will be prepared with all conditions. Members suggested the need to build excitement around the contender via social media and other means.

4.2 State Finals of the Nationals in August

SWU indicated 21 August would see first race meeting at APK. The panel noted proposal to have at MBR but his preference would be to hold at Gawler. Group noted the restrictions around Gawler and suggested holding over 530m. Group was in agreeance with this.

4.3 Breakdown of Distance Racing

Members noted concern with number of dogs available to sustain distance racing, suggested programming lower grade distance races. Members suggested increasing feature races for distance races encouraging investment in staying dogs. SMA noted lack of nominations to separate dogs in to grades. Members noted differences in prizemoney including unplaced money amongst distance races. The CEO requested consideration of suggestions by management in order for them to prepare further proposal to the group.

4.4 Greyhound De-Sexing and Dental Care

Members noted their support of the proposal. CEO spoke to the periodontitis issue and problems it causes with rehoming. CEO questioned the group on suggestions on how the issues could be handled. Members suggested providing marrow bones. Members noted education around feeding, dry kibble, bones. Members suggested finding dental technician that can undertake procedure at a cheaper rate. CEO suggested providing a subsidised service to trainers via a contractor. Some members will speak to their contact to explore opportunity.

4.5 GAP Captiva as an Ambulance

The group were supportive of suggestion.

4.6 Trainers Car Park

The group agreed that it was not a practical or economical solution. Members questioned if GRSA were looking at

enforcing mandatory car and trailer air conditioning. The CEO noted it was an active action item and committed to reintroducing on Board's agenda.

4.7 Kennel House Heating

SWU noted origin of concern from Victorian trainer. DJ noted Stewards have been recording kennel house temperatures and did not see as an issue. The group agreed they did not believe it was necessary. Members questioned the delay in opening race kennels. DJ to explore current approach and reasoning, ensure consistency and sufficient time to warm up dog.

4.8 Gumtree and Facebook

The group noted Members concern's regarding breeding off dogs bought from Gumtree and poor quality, negative image. Mandatory desexing of privately rehomed greyhounds currently on GA agenda. Support from group to introduce temporary local rule prior to national rule being introduced [excluding dental]. CEO committed to bringing to Board at next meeting.

5. OTHER BUSINESS

5.1 Christine Costa

Christine noted her perceived issues with interpretation of Code of Practice. DK noted the review of the draft Animal Welfare Policy and intent for it to assist with clarification or requirements. The CEO suggested practical exposure to breeding was required to have licence approved. Members noted need to protect breeding, requires expertise.

5.2 Judi Hurley

CEO committed to exploring the potential correlation between ear branding and dental and how this may be undertaken by a resource.

5.3 Lisa Rasmussen

Noted benefit to MBGRC from City A races and whether GRSA consider introducing City A. CEO noted current discussions with all Clubs around scheduling and wagering performance. SWU suggested Gawler and Murray Bridge Cup series to carry city prizemoney. It was further suggested Murray Bridge one Monday night per month, City A prizemoney. SMT to consider all options holistically. Suggested need for increase to straight track prizemoney.

5.4 Petition for 'Mt Gambier' Stakemoney

CEO noted although Board and Management will not consider any petition, he thought fitting to include topic on agenda for discussion. Management to review distribution to ensure equity.

6. LATE ITEMS

6.1 Members noted issues with track at Virginia. SWU noted track issue has been addressed with GOTBA and in hands with Neil Mann. Management is addressing road surface. SWU committed to working with Neil Mann to address as a matter of urgency.

6.2 Fencing issue at Gawler was raised. Members noted issues with interruption, disruptions to dogs at start – SWU suggested temporary fencing solution for Gawler Cup but still remains an issue on normal racing nights. SWU suggested an angled permanent fence.

Action: For the Projects Manager to apply for planning approval for an angled fence to protect the 530m starting boxes at Gawler from crowd interaction

6.3 GB to confirm how a positive swab affects WAP payment, withholding WAP payment.

6.4 Members questioned if opportunity to have additional vet located at Murray Bridge. The CEO advised discussions are currently occurring and options being explored for more accessible veterinary services in Murray Bridge.

6.5 Maiden prizemoney – same across all grades.

6.6 SMA questioned whether Champion Puppy 455m at MBR would be better alternative. Majority agreed that best option would be at Gawler.

6.7 SMA noted removal of APK category 3 meeting with straight track every Tuesday, questioned whether the group agreed to remove one Tuesday straight to run heats [Howard Ashton, Brian Johnston].

The meeting closed at 12.38pm.

NEXT MEETING: Friday 17 September, 2021

TRIALS

Trial schedule during Angle Park redevelopment

Monday – Gawler [Morning from 7am] – no bookings required

Tuesday – Murray Bridge [Night from 6pm] – book with Trialbooker from Monday 11.30am to Tuesday 3pm

Wednesday – Gawler [Night from 6pm] – book with Trialbooker from Tuesday 11.30am to Wednesday 3pm

Thursday – Gawler [Morning from 7am] – no bookings required

Friday – Murray Bridge & Murray Bridge Straight [Morning – one turn from 8am/straight from 9.30am] – book with Trialbooker for one turn only from Wednesday 11.30am to Thursday 3pm

Saturday – No Trials

Sunday – Murray Bridge & Murray Bridge Straight [Morning – one turn from 8am/straight from 9.30am] – book with Trialbooker for one turn only from Thursday 11.30am to Friday 3pm.

Satisfactory and Qualifying trials at Murray Bridge for both tracks are now on Friday mornings once a week – effective immediately. Nominations close 12.30pm Thursday (for online nominations 11.59pm Tuesday) Qualifying for the following Friday.

Trainers are advised that Satisfactory Trials on these days **ONLY** will be approved.

POLICY FOR TRIALLING AT ANGLE PARK, GAWLER AND MURRAY BRIDGE BEFORE THE RACE MEETING

Policy Background

This policy is to detail the procedure for trainers seeking greyhounds to trial before race meetings. This policy is effective from 2 May 2019.

Race Meeting Trial Policy

Two fields from the boxes with a maximum of four (4) greyhounds. Trials may be conducted at any time during the race meeting from immediately after kennelling until after the last race, at Stewards' discretion.

The following lists the order in which greyhounds will be selected in the event if more than eight (8) greyhounds are nominated:

1. Reserves at the meeting that do not obtain a start
2. Trainers that have greyhounds engaged and are located more than 100km in distance from the track
3. Satisfactory trials

Procedure/criteria

1. For Monday night, the trainer is to contact GRSA between 9am and 10am on Monday to nominate. Should the Monday be a public holiday bookings are to be made between 8am and 9am on the scratching number.
2. For Tuesday, Wednesday & Friday, the trainer is to contact GRSA between 3pm and 4pm the day before. Should any of these days fall on a public holiday bookings are to be made during scratching times.
3. Other than reserve greyhounds, trainers will be restricted to trialling one (1) greyhound unless nominations determine otherwise.
4. Stewards will allocate the box for the greyhound.
5. Trials will be 455m & 531m in distance as first preference. Other distances considered depending on nominations.
6. Greyhounds currently under suspension are ineligible to trial unless they are undertaking a satisfactory trial to be cleared.
7. Greyhound registration cards must be produced at kennelling time.
8. Trainers with other greyhounds engaged can utilise the extra kennel space until such time they are ready to leave. Trainers with no other greyhounds engaged will be permitted to leave with Stewards permission.
9. In the case of race at Murray Bridge, trials will only be available on the track that is prepared to race that day i.e. Sunday meeting on the u-shaped track, trials will be on the u-shaped track only.

Please note: If there are 12 races there will be NO trials.

It is vital that trainers nominate to trial at these race meetings. If you are unable to nominate at these times, please contact GRSA as soon as possible as permission may be given at GRSA's discretion to accept bookings outside these times.

Exceptions to this policy

Thursday nights are kept available for interstate greyhounds to solo trial in a lead-up to SA Group races as well as local greyhound's trialling for Group racing interstate.

Upon request, local greyhounds will be allowed to solo trial in a lead-up to a feature race and they will take one of the eight (8) kennels available for trialling greyhounds ahead of the policy and sit separate to the four (4) dog trials. Races considered to be a feature are: Adelaide Cup, Gawler Cup, Oaks, Derby, Howard Ashton, Brian Johnstone, SA Sprint, SA Distance Championship, SA Anniversary Cup, SA Country Cup, National Finals and any interstate Group race

Local greyhounds will be permitted to trial on a race night, where they are in preparation for a feature event, nominated for a meeting and the race does not stand up. This will include all distances and also take precedence over the policy. If a greyhound qualifies for a feature final and requires a trial in between, this will be conducted as a solo trial and will sit separately to the four (4) dog trials.

MOUNT GAMBIER SATISFACTORY TRIALS

Trainers are advised of a change to the booking of Satisfactory Trials at Mt. Gambier. Mt Gambier hold trials on Tuesday and Saturday mornings with Satisfactory trials ONLY being conducted on Tuesdays and need to be booked with Barry Shephard from the Club on 0419 824 512.

At Race meetings Satisfactory trials can be done when less than 12 races. When there are 12 races these can be considered, however, the trainer will not be able to kennel and must take their greyhounds home straight after the trial. These race day trials will also need to be booked through Barry at the Club. GRSA administration staff will NOT accept these bookings and trainers will be directed to contact Barry Shephard.

TRACK INJURY SURGERY REBATE SCHEME

Has your greyhound been injured at the races?

GRSA will contribute to 80% of your surgery costs*

The Greyhound Adoption Program will then prioritise your greyhound for entry into the program.

*Not all injuries are covered - please refer to policy for clarification on which injuries will be covered.
Maximum rebate of \$1200 per injury.

For more information speak with the On-Course veterinarian or a representative of the Integrity Department.

SA BRED UPDATE

SA BRED WINNERS

The pool of money is \$45,000 per month.

These winners all receive a \$225 base payment with \$75 to the Owner & \$150 to the Breeder.

Then a monthly payment to the Owner & Breeder will be determined by the number of SA Bred wins at all Sky Racing meetings in South Australia for the month based on 33.3% to the Owner and 66.7% to the breeder.

Monthly Payment July Final:

All Sky Meetings:

SA Bred Pool: \$45,000

July Wins: 185 (37 meetings)

Meeting Average: 5.00"

July Monthly Wins: (185 wins x 37 meetings)

Final Payment for July

\$225 x 185 (divided between Owner & Breeder)

\$6.08 x 185 (Monthly payment for Breeder)

\$12.17 x 185 (Monthly payment for Owner)

JOKE OF THE MONTH!

Little Johnny asks the teacher, "Mrs Roberts, can I be punished for something I haven't done?"

Mrs Roberts is shocked, "Of course not, Johny, that would be very unfair!"

Little Johnny is relieved, "OK Mrs Roberts, sorry, I haven't done my homework."

Get Social!

Beyond the popular Facebook pages for Greyhound Racing SA and GAP SA, did you know that we have the following social media profiles:

GRSA Registered Participants Closed Group

This is strictly only for registered participants with information posted relevant to SA participants on industry matters. You must request to join the closed group via Facebook. Currently we have 316 members and growing.

@TheDogsSA

Join our over 3,000 followers on Twitter for the hottest tips and latest punting information on South Australian greyhounds.

Instagram

GAP SA is on instagram and our fan base is growing every day (currently at 2983)! Be sure to follow

@gapsouthaus for an insider's look into program.

THE MOST IMPORTANT THING IS TO TRY AND INSPIRE PEOPLE SO THAT THEY CAN BE GREAT IN WHATEVER THEY WANT TO DO.

ADVERTISING TERMS AND CONDITIONS

We will be happy to negotiate a price for people wishing to run adverts for an extended period.

If we have not received the prescribed fee then the advertisements will be held over until we receive payment.

When advertising in Kennel Capers be mindful that once the booking time frame has expired the advertisement will be removed. If you wish to continue please contact Caralyn Fielden at GRSA.

EXPRESSIONS OF INTEREST

TRAINERS FOR PUBLIC SYNDICATES

GRSA is looking for South Australian trainers that we can partner with new syndicates and owners to help get new participants involved and grow the sport we love.

With a real determination to make syndication a success for the future of the code here in our state, GRSA recently created the role of Syndicate Coordinator to work as a conduit between the public and participants to help facilitate new and successful syndicates.

- Syndicates will choose their desired trainer from a list of those public trainers wishing to register.
- No contact details will be revealed to the syndicate until a meeting between the parties has occurred to ensure a correct fit for both trainer and syndicate.
- The process is designed to be as easy as possible for all parties, with the GRSA Syndication Coordinator assisting in the setting up and managing of the syndicates, as well as providing templates and contracts for the syndicate and trainers
- GRSA will ensure that syndicates are aware of the Syndicate Manager being the main point of contact with the trainer.
- Syndicates will also be fully aware of their obligations to the greyhound(s) in regards to post-racing and its entry into GAP SA or the home of a syndicate member.

Essential criteria for trainers:

- Registered as a public trainer
- Excellent communication skills and commitment to engage with syndicate members
- A willingness to help make syndication an enjoyable experience
- An excellent animal welfare record
- A positive attitude
- Any basic experience with Facebook and social media

to help communicate with the syndicate is an advantage.

In return, the GRSA Syndicate Coordinator will facilitate that trainers are only having to deal with the Syndicate Manager and will help present available options of greyhounds for purchase with the final decision that of the syndicate with hopefully input from the trainer.

We are in the early stages of this process and GRSA hopes we can all work together to ensure this is a success for all involved.

For more information and to send your expression of interest please email sean.donnelly@grsa.com.au or call Sean at the office on 8243 7102

ANGLE
PARK

8s

**RETURNING
AUGUST 26!**

Want dinner on us?

All you need is 3 dogs from box 8 to win!

There's no catch... Trust us!

Book a group of 4 or more for dinner at Angle Park on a Thursday night and, if three dogs wearing number 8 win on the night, you'll have the entire value of your booking refunded!

That's right, **FREE!**

But, of course, there are a few terms and conditions* that apply.

Bookings must be made by 11am the Monday prior

WHY USE FRESH PET FOOD CO

Kangaroo is a 100% natural lean meat that is sustainably and ethically sourced. Nutritionally, kangaroo meat is superior to farmed meats. Because kangaroos are not farmed, they are truly free roaming, open range animals that graze on natural vegetation. So what you get is a clean meat that's 100% Australian!

**Proudly supplying fresh pet food to feed
GAP SA greyhounds for the duration of their
foster care as well as the first week of adoption**

Fresh Pet Food Co kangaroo products are available in the fresh pet food section of major supermarkets nationally.
