CEO REPORT

BRENTON SCOTT

SOCIAL DEVELOPMENT COMMITTEE

I would like to thank all greyhound racing stakeholders who have contributed to the Social Development Committee's inquiry into the petition calling for an immediate ban on greyhound racing in South Australia.

Our industry has an important story to tell, and the willingness of participants, volunteers and supporters to share their experiences has been greatly appreciated. These contributions help the Committee understand the people behind our industry, their commitment to their greyhounds and the changes they have made over the past two years.

Thank you to the Adelaide, Gawler, Murray Bridge and Mount Gambier clubs and GOTBA, for their activity in encouraging submissions and supporting their members to contribute. I would also like to particularly acknowledge Tamica Dunn and Christine Costa for their efforts in mobilising the industry's responses.

GRSA lodged its submission on October 9, 2026. Our position is clear: greyhound racing should continue in South Australia, with greyhound welfare and racing safety driving our decisions and stronger independent oversight providing ongoing accountability.

The submission outlines the substantial reform delivered in response to the Ashton Review, including the independent verification of 73 of the 78 recommendations assigned to GRSA and the industry. In addition, we reminded the committee of the further acknowledgment by the Greyhound Industry Reform Inspector that all other recommendations had been significantly progressed and that he expected them to be completed in the immediate time frame. Our submission explains the practical changes made to racing safety, kennel standards, traceability, population management and rehoming, together with the significant investment made by GRSA and participants.

GRSA and Greyhounds As Pets SA also appeared before the Committee on October 12, 2026. This provided an opportunity to expand on our submission and answer questions about how our reforms operate in practice. We discussed welfare standards, inspections, traceability and enforcement, while GAP explained the work involved in preparing greyhounds for retirement and supporting their transition into suitable homes.

Throughout our evidence, we reinforced that the industry's responsibility extends beyond completing the Ashton Review recommendations. We must maintain the positive benefits associated with reform and continue improving the care and safety of our greyhounds at every opportunity.

Transcripts of the GRSA and GAP appearances are now listed on the Committee's website. We are also preparing written responses to the questions taken on notice, providing further detail and supporting information on matters raised during the hearing.

The RSPCA and the Coalition for the Protection of Greyhounds appeared before the Committee on October 26, 2026. We will review the information presented and respond where necessary to ensure the Committee has accurate information and a complete understanding of the South Australian industry.

We will continue to keep participants informed as the inquiry progresses.

ADELAIDE CUP

We were pleased to host Ella Shaw MP at the Adelaide Cup, representing the Premier and the Minister for Recreation, Sport and Racing.

Ella spoke positively about the industry's achievements and the progress made through the reform period. It was encouraging to hear Ella recognise the considerable work undertaken by our participants, clubs, volunteers and staff.

I thank Ella for joining us on one of our industry's most important nights and for acknowledging the collective effort behind that progress.

ADELAIDE CUP CARNIVAL A WINNER

The Adelaide Cup Spring Racing Carnival proved to be a great success. Nomination levels for all events were up on last year, with solid representation from both the interstaters and locally trained.

Wrongly Accused, for Justin Nolan, was the major drawcard and his brilliance was well and truly on display when winning the match race series in track record time. Wrongly Accused had no luck in the Adelaide Cup final when checking through the first turn from what appeared to be a very good striking position. No doubt, a portion of the big crowd in attendance, were specifically on track to witness Wrongly Accused.

Justin and Michelle Nolan made the trip to Angle Park with Wrongly Accused on three occasions during the carnival. It was pleasing to receive positive feedback from Justin and Michelle – indeed the vast majority of travellers – regarding the welcome and support received at Angle Park from GRSA employees, club representatives and SA racing participants.

The TAB Adelaide Cup, itself, proved to be a triumph for WA trainer Corey White. Living right up to the adage, “early speed wins races”, Intimidation speared out of the boxes and led from start to finish.

Whilst not capturing the big one, SA trainers flew the local flag proudly during the carnival, snaring a number of the supporting features.

- Messina Miss for trainer Darren Camporeale was a very determined winner of the Diva and Duke, an event restricted to SA greyhounds that competed in the Oaks or Derby. Congratulations Darren.
- Victa Graham was a classy winner of the Piping Shrike for Lauren Harris. The Piping Shrike is open to SA trained greyhounds that did not qualify for the Adelaide Cup final. Congratulations Lauren.
- Terrific Nero was an authoritative winner of the Country Cup for Liz Chegia. Congratulations Liz.
- LiL Rex presented trainer Tony Hinrichsen with perhaps the highlight of his career when winning the Premier's Cup. Congratulations Tony.

Overall, the mix of entertainment and racing action on Adelaide Cup night appeared to be well received by all in attendance. Feedback, in particular, regarding the return of the buffet was very positive.

Thank you to all greyhound racing enthusiasts who supported the carnival! We now look forward to the running of the Peter Kittle Toyota Gawler Gold Cup final on Sunday, November 1, 2026... an occasion no lover of the longtail should miss.

WRONGLY ACCUSED SMASHES ANGLE PARK TRACK RECORD

Wrongly Accused delivered a record-breaking performance at Angle Park on Thursday 24 September, clocking a sensational 29.72 to rewrite the record books on the redeveloped 530m circuit.

The Group 1 National Sprint Championship winner obliterated Excavation's previous track record of 29.84 by almost two lengths, producing a stunning performance in the SA & All Stars Match Race series.

Paired against South Australian superstar Dashing Slay, Wrongly Accused showed his class with a breathtaking run that established a new benchmark for the Angle Park circuit.

Dashing Slay was gallant in defeat, clocking 29.88 to record the fifth-fastest time ever on the redeveloped circuit, while promising Victorian chaser Like A Rock, trained by Ned McDonald, also broke the 30-second barrier with a 29.98 victory over West Australian Iconic Jet.

Victorian Electrify, trained by Greg Doyle, clocked 30.12 in a narrow victory over SA EASTAR Match Race winner Victa Krev, while Anniversary Cup winner Black Noir, prepared by Marty Doyle, defeated National Derby winner Ritza Tears in the final match race.

Wrongly Accused's record-breaking effort marked a remarkable improvement on his 30.17 trial hit-out just five days earlier, which followed his victory in the Group 1 National Sprint Championship.

Speaking after the performance, Michelle Nolan said adjustments to the champion's preparation had delivered the desired result.

"The dog is amazing," Michelle Nolan said.

"Credit to Justin [trainer Justin Nolan], he brought him over for the trial and he knew he had some work and some tweaks to do and he did that.

"To break a track record, it is just amazing. He is an absolute champion."

The son of Bernando and Easy Choice has quickly established himself as one of the sport's most exciting young chasers, with Nolan praising his natural ability and attitude.

"He is still a young greyhound. He is still learning but he is doing everything right. We don't ask him to do what he does, he has got his own brains and he just loves what he does," Nolan said.

Wrongly Accused's victory in the Match Race Challenge also secured his place in the Group 1 TAB Adelaide Cup final, bypassing the traditional heats.

Nolan also paid tribute to Dashing Slay, who she believed would be the one to beat heading into the series.

"Dashing Slay I thought she was the one to beat, she was great tonight, she has had a great career with what she's been able to achieve," Nolan said.

Nolan thanked Greyhound Racing South Australia for its support and praised the crowd that turned out to witness the record-breaking night.

"I want thank Greyhound Racing South Australia. You have done an amazing job since we said we were coming over and have done everything to help us.

"The people here are lovely, so thanks to everyone for popping out and supporting."

2026 ADELAIDE Cup

OUR RACE, OUR PEOPLE, OUR STORIES.

WEST AUSTRALIAN INTIMIDATION HAS TAKEN OUT THE GROUP 1 TAB ADELAIDE CUP BECOMING THE FIRST SANDGROPER TO WIN THE RACE SINCE SANDI'S ME MUM IN 1990 IN FRONT OF A BIG CROWD AT ANGLE PARK

A \$19 outsider in a hot field, headlined by Group 1 National Sprint Champion and new Angle Park track record holder Wrongly Accused, produced a brilliant performance from box seven and gave trainer Corey White, one of the biggest wins of his career.

Intimidation won the race by three and a half lengths after finding the front from his box seven draw winning in 30.30 with the Jeff Britton pair of Mepunga Spirit and Mepunga Envy rounded out the podium. Wrongly Accused produced a big run to finish fourth after finding early trouble.

The TAB Adelaide Cup success capped a big Adelaide Carnival for White who had Rad Ripper run third the Group 3 SA Derby series in late September.

Speaking after the race, White said he always had the belief that Intimidation would be able to perform at Group 1 level.

"He's been knocking on the door for that big success," White said. "It's been a bit nerve-wracking with this dog because hes always shown the ability in trials and lowe graded races. "You target these big races knowing that you have a dog who is capable of achieving a win in these big races."

It was a second group 1 final this year for Intimidation, who had no luck in the final of the Group 1 Perth Cup in his home state earlier this year.

"It was only his 11th race start [the Perth Cup], he was young and inexperienced," White said.

"Educating him and getting him to concentrate more and some spelling to help the dog mature and come of age and its all paid off."

White had been working in partnership with local trainer Yvonne Maxwell, who first took care of Rad Ripper during the Derby series and then had Intimidation during the Cup series.

The pair initially met when White had a giveaway dog and the West Australian had been full of praise for Maxwell, who caught the greyhound in the Group 1 final.

"She's been an absolute blessing, the experience I have had has been first-class," White said.

"Yvonne knows what she's doing. She's been in the industry for many years. I just let Yvonne do it and it's worked."

As for what's next for Intimidation, White has his sights set on a pair of local features in West Australian in the short-term, the Group 2 All Stars challenge at Cannington next Saturday before the Mandurah Cup over the 488m trip.

However, the possibilities are open after winning South Australia's biggest race on Friday night.

While the local runners had no joy in the Adelaide Cup, it was a successful night for the locals in the other feature races on the program.

Lil Rex for Tony Hinrichsen beat a hot interstate field to claim the Premiers Cup and push his claim for a Top Gun stayers' berth. Victa Graham claimed the Piping Shrike for South Australian greyhounds who competed through the Adelaide Cup series while Terrific Nero won the Country Cup for the Chegia team.

ANIMAL WELFARE

HAYLEY ALEXANDER

SUMMER-READY KENNELS – KEEP YOUR GREYS COOL

With summer approaching, participants are reminded of their obligations under the Animal Welfare Policy to have adequate heating and cooling provisions in place for their greyhounds. Now is the time to check your kennels, service equipment and stock up on cooling essentials—before the hot weather arrives.

Shell pools, sprinklers, ice blocks, plenty of water buckets and adequate shade can all help keep your greyhounds comfortable during the warmer months, alongside effective kennel cooling and air conditioning. Ensure these resources are readily available, clean and suitable for the number of greyhounds in your care.

Have your air conditioners serviced and check that all cooling equipment is operating effectively before temperatures rise. Consider how you will keep dogs cool if equipment fails or a power outage occurs.

The Animal Welfare department takes cooling provisions seriously, and there is little tolerance for inadequate arrangements that compromise greyhound welfare. Participants are expected to prepare ahead and have effective cooling measures ready to use.

FRESH, CLEAN AND WELL VENTILATED

Summer preparation also means checking the everyday condition of your kennels. Ensure drains and pipes are clean, clear and flowing freely, and address any blockages or pooling wastewater.

Good ventilation, alongside regular cleaning and effective drainage, helps prevent stale air and unpleasant odours from building up as temperatures rise. Take the opportunity now to complete maintenance and ensure your kennels remain a comfortable environment for your greyhounds throughout summer.

STAY ALERT TO SNAKES AND PESTS

Warmer weather also brings a reminder to review your pest management and snake risk precautions. Keep grass short, trim overgrown vegetation and remove rubbish, unused materials and other potential hiding places from around kennels, yards and exercise areas. Managing rodents and securing feed also helps reduce attractions for snakes.

Regularly inspect areas around water buckets, shell pools and shaded spaces. Maintain clear visibility around existing ponds or other water features, particularly near dog

accommodation. Greyhounds must continue to have ready access to fresh drinking water.

Ensure staff and anyone caring for your greyhounds know what to do if a snake is sighted. Keep people and dogs well clear, do not attempt to handle the snake, and contact a licensed snake catcher for assistance.

A little preparation now can make a significant difference to the comfort and safety of your greyhounds over the summer months.

EMERGENCY EVACUATION PLANNING – BE PREPARED THIS SUMMER

As we head towards summer, now is the time for all participants to review their emergency arrangements and ensure they are prepared to protect themselves, their families and their greyhounds.

Bushfires can develop quickly, leaving limited time to organise transport, gather equipment and relocate dogs. Having a clear, practical evacuation plan in place before an emergency arises can make a significant difference, particularly for properties housing multiple greyhounds.

While bushfire preparation is especially important at this time of year, your plan should also consider flooding and other emergencies that may require you to leave your property.

HAVE A PLAN — AND MAKE SURE EVERYONE KNOWS IT

An effective evacuation plan should outline where your greyhounds will go, how they will get there and who will assist. Everyone involved in caring for the dogs should understand their responsibilities and know where to find essential equipment and contact information.

When reviewing your arrangements, consider the following:

- Identify suitable evacuation locations. Confirm where your greyhounds can be safely accommodated and have an alternative available if your first location cannot be accessed.
- Organise transport in advance. Ensure you have access to suitable vehicles, trailers and assistance to relocate every greyhound on your property.
- Keep equipment ready. Store leads, muzzles, crates and transport equipment somewhere readily accessible.
- Prepare essential supplies. Have food, drinking water, bowls, medications and relevant veterinary information ready to take with you.
- Maintain accurate records. Keep an up-to-date list of all greyhounds on your property, including their identification and microchip details.
- Check your contacts. Ensure emergency contacts, veterinary details and the details of anyone assisting with evacuation are current and easily accessible.

ANIMAL WELFARE CONTINUED

- Stay informed. Monitor local emergency warnings and alerts, and follow advice from emergency services.

Think ahead about the time it would take to safely load and move all dogs, including any greyhounds with injuries, medical needs or additional handling requirements.

SHARE YOUR PLAN WITH ANIMAL WELFARE

We strongly recommend that participants who have not already done so submit a copy of their emergency evacuation plan to the Animal Welfare department to be kept on file. If your arrangements have changed, please provide an updated copy.

Please also ensure that your emergency contact details held by GRSA are current. Having accurate information available helps our team contact you and coordinate assistance when needed.

The Animal Welfare mobile remains available 24 hours a day, seven days a week. If you are experiencing an emergency, please contact us as soon as it is safe to do so, so we can assist. Where an immediate emergency response is required, contact emergency services first.

Preparing now helps ensure that, should an emergency occur, everyone knows what to do and your greyhounds can be moved to safety as efficiently as possible.

A LOCAL CONTACT FOR THE SOUTH EAST – EMILY MCKINNON

Mount Gambier participants will be aware that Emily McKinnon has joined the team as the Racing Integrity and Animal Welfare Steward based in the South East.

Many participants will have already met Emily at race meetings or during our recent property inspections. Her role provides a local presence for the region, and when she is not undertaking race meeting duties, Emily forms part of the Animal Welfare department.

Participants can contact Emily during work hours on 0428 544 584 to discuss animal welfare matters or queries.

The Animal Welfare mobile continues to operate 24/7, remaining the contact for urgent welfare matters and emergencies outside work hours. The Adelaide-based Animal Welfare team will also continue to liaise with Mount Gambier participants and provide support as required.

We look forward to participants getting to know Emily as she continues working with the South East greyhound community.

TRACK AND MAINTENANCE PAUL MARKS

Following the New Zealand greyhound racing closure, GRSA has purchased equipment which will ensure we can maintain and upgrade our current infrastructure into the future. As a result, we will be able to provide:

- At least two sets of starting boxes for Mount Gambier
- One set of starting boxes for Murray Bridge
- Spare TDR volumetric water readers for all tracks
- Safe chase lures and parts for Angle Park, Gawler, and Murray Bridge straight with the ability to convert Murray Bridge One turn and Mount Gambier

It is anticipated that we will be receiving and able to commence our work by the end of October 2026.

GREYHOUNDS AS PETS STEVEN WEINERT

CAT AND CHILD TOLERANT GREYHOUNDS

GAP continues to experience very strong demand for greyhounds that are cat tolerant and/or have had exposure to young children under five, in fact, we have a waitlist of over 15 potential adopters. Therefore, if any of your greyhounds have positive experiences with cats or smaller children or have the potential, please let the GAP team know at gap@grsa.com.au or (08) 8243 7124 and we can arrange a cat test.

With careful introductions, patience and ongoing management, many greyhounds and cats can learn to live happily together, however, it is obviously better to start with greyhounds that you think have cat potential.

SMALLER FEMALE GREYHOUNDS

We continue to experience strong demand for smaller female greyhounds, with the large majority of applications for female greyhounds. If you have a smaller female greyhound please let the GAP team know.

GAP ASSESSMENTS

If you would like any of your greyhound's behaviour assessed, please contact GAP on [08] 8243 7124 or gap@grsa.com.au and the team can arrange an assessment either at your premises or at another convenient location.

Assessments at Mt Gambier on the first Wednesday of the month continue, please contact Tim Lewis directly on 0407 974 471 or the GAP team to schedule.

As a reminder, if you would like a dog assessed, please have the following information ready for each greyhound:

- Kennel name and race name (if applicable)
- Ear brand and microchip number
- Any recent surgeries
- Sex and colour
- Date of birth

As a reminder, the new assessment framework places a strong emphasis on welfare, behaviour, emotional wellbeing and the greyhound's ability to adapt to different environments, ensuring we build a more complete picture of every greyhound before they begin their adoption journey. By taking a more structured and evidence-based approach, we can better match greyhounds with the right families, provide tailored support where needed and continue to improve positive outcomes for both our greyhounds and adopters.

EXPOSURE PROGRAM

The GAP Exposure Program is an important part of preparing greyhounds for life as cherished family pets. By introducing our greyhounds to a range of everyday environments and experiences in a safe, positive and supportive way, we help them develop confidence and learn that the world beyond the kennels can be an enjoyable place. Every greyhound progresses at their own pace, allowing us to better understand their individual needs and personalities while setting them up for a smooth and successful transition into their new homes.

If you think your GAP greyhound currently on the waitlist could benefit from the exposure program, please contact the GAP team on [08] 8243 7124 or gap@grsa.com.au to discuss.

GREYHOUND ADOPTION – ZULU

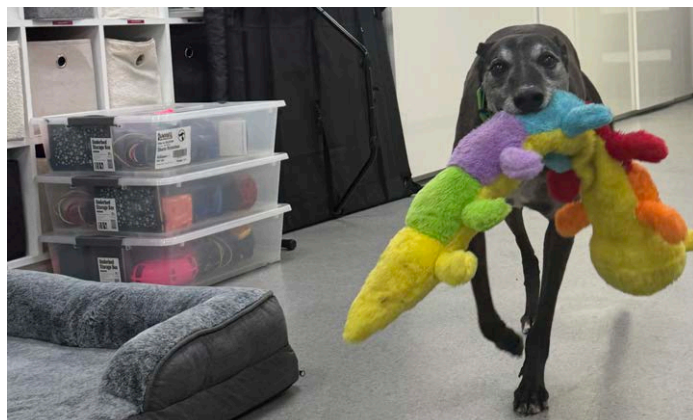

The longest GAP waitlist dog Zulu got adopted in early October. Zulu was such a happy boy, and the new owners fell in love with him immediately.

Zulu raced as Woodside Zulu from 2020 to 2023 and was retired to GAP in November 2023. Zulu ran 89 races, winning 20 and placing in 37 others and winning a total of \$38,485. Zulu was in our program for almost 3 years. (2y 10m)

Zulu has spent his retirement with his trainers as unfortunately being a big black boy he was passed over and never got the chance to show off his amazing personality. Zulu is such a gorgeous boy who is full of heart and loves anyone that goes near him. He loves a scratch and a cuddle and especially his toys. Which he was more than happy to show off and parade his caterpillar to all of the GAP staff when he was in our office.

Zulu loves his treats and is just a big goof who has finally found his forever home and gets to show off how cool of a dog he is. One of the newer GAP team members made it their personal mission to find a home for and eventually find George who was so grateful to receive Zulu.

Zulu is doing well in his new home and is very happy to be there. He has met the resident bird and the new owners are so pleased they got to find Zulu.

ADMINISTRATION

SHREWD

TRAINER: JACK WILLIAMS

The Greyhound of the Month for September was won by **Shrewd** for trainer Jack Williams who had 4 starts for the month, which included two wins, highlighted by her brilliant performance in the Group 3 SA Oaks Final. She started the month off with a solid run in mixed open company before taking on some of the best female sprinters in the land for the \$50,000 series. She was terrific in winning her heat in 30.64 from a wide draw and then, after drawing box 2, she came right into calculation for the Oaks final. She ran super and accounted for a top line up winning by 1 length in 30.53. Shrewd then ran 6th in the Diva and Duke final without much luck after drawing wide. Shrewd has proven herself to be one of the most improved chasers in the State and now a Group 3 feature winner, at the end of the month her record stood at 23 starts for 7 wins and 5 placings with earnings just over \$50,000.

VICTA GRAHAM

TRAINER: LAUREN HARRIS

The Run of the Month for September was won by **Victa Graham** for Lauren Harris for his run at Murray Bridge on 4th September in a Grade 6 final over the 455m where he went within a whisker of the track record. Beginning well Victa Graham quickly took control and from there it was all about times and margins. A greyhound on the rise, he won by almost 10 lengths recording 25.17 which was only .09 outside the 25.08 track record.

VACCINATION RULE FOR RACING IN SA – REMINDER

Trainers are reminded of Rule 25 [Minimum Vaccination Requirements] which took effect Monday, 1st May, 2023. Vaccination Certificates must be received by GRSA prior to close of nominations for affected greyhounds to be considered eligible for nominating. It is also imperative that once the greyhound has been vaccinated the paperwork is lodged by yourself as soon as possible.

Trainers are also reminded that they must not have their greyhound vaccinated within 5 days of racing. Should this occur, the greyhound will be scratched from its engagement or if paperwork lodged after an engagement and discovered the greyhound raced inside the 5 days then the matter will be referred to the stewards.

ANGLE PARK TO RACE TUESDAY NIGHT ON MELBOURNE CUP DAY

Please be advised that on Tuesday, 3rd November [Melbourne Cup Day] we will not be able to race during the day for our Angle Park meeting so this meeting will be conducted at night with the first race around 6.45pm.

FESTIVAL OF FIRE SERIES IN DECEMBER NOW IN ITS SIXTH YEAR

The Festival of Fire is back again in 2026 for its sixth year, being our most exciting fortnight on the South Australian racing calendar.

The Festival of Fire is a year end celebration for the local industry, which provides fantastic opportunities across the entire spectrum of racing classes and all four distances at Angle Park, the home of SA greyhound racing.

Once again, the 'Festival of Fire' series will provide opportunities for the best 52 nominations for the 530m trip, the best 16 nominations over 595m and the best 8 nominations for a 730m event. We will also have heats and final of a restricted event (0-5 wins) running from Wednesday Day to Thursday night which will provide a separate opportunity for that category of runner. Further, there will again be a 530m series for those greyhounds that rate towards the end of the Time Grading table selected under normal heat and final conditions. We will also continue with The Ember, which was added two years ago, however, for this year it will be the best 18 nominations divided into three 6 dog heats over the short course of 342m along with a Masters event on Final night showcasing our more experienced greyhounds.

This year the Festival of Fire series will commence on Wednesday, December 9 and continue the next night on Thursday, December 10 and culminate in 6 finals, a special master's feature, a special event maiden and special stayers event carrying a collective purse in excess of \$135,000 the following Thursday night (December 17).

Conditions –

- Greyhounds must be SA trained.
- Greyhounds must have a training amendment lodged with GRSA as of midnight 1st November, 2026 to be eligible (unnamed greyhounds that have had a location change lodged notifying that they are in SA or have never left the State will be considered eligible). For those greyhounds that have left the state prior to this date are considered SA based on the Nationals criteria of 76 days out of 150 days prior to close of nominations for each event and will be eligible but must be SA trained for the series.
- All races will be Non Penalty

Angle Park will have a track renovation starting on Friday, 20th November 2026 with a planned return to racing on Thursday, 26th November 2026. This will mean that the race meeting on Monday, 23rd November 2026 will be replaced by a meeting at Murray Bridge on the One Turn track on the Monday evening. The race meeting on Tuesday, 24th

November 2026 will be replaced by a meeting at Gawler on the Tuesday with Time Grading conditions. The trial session at Angle Park on Saturday, 21st November 2026 will be removed and not replaced.

Monday 23rd November 2026

DELETE – Angle Park greyhounds (N)

ADD – Murray Bridge greyhounds (N)

Tuesday 24th November 2026

DELETE – Angle Park greyhounds (D)

ADD – Gawler greyhounds (D)

Gawler Monday, 14th December – Resume racing Sunday, 20th December. Delete Gawler Trial session Monday, 14th December and Thursday, 17th December – not replaced.

DAYLIGHT SAVING – MURRAY BRIDGE TRIALS

A reminder to ALL participants that Murray Bridge trials have reverted to start at 5:00pm during Daylight Saving.

TRIALS AT ANGLE PARK ON WEDNESDAY NIGHTS START AT 6PM DURING DAYLIGHT SAVING

Trials on Wednesday nights at Angle Park have also reverted to normal during Daylight Saving times. They will start at 6pm with Satisfactory trials remaining at 6.50pm to 7.15pm for consistency.

GRADING REVIEW PANEL UPDATES

As released through the most recent GRP minutes and Kennel Capers please be advised about Grading Updates for the meetings drawn from 1st October 2026.

Time Grading

- Greyhounds transferred to a South Australian trainer from Interstate must compete in at least 2 normal graded events before being considered for a Time Rating event excluding Mount Gambier (effective 1 October 2026)
- Mount Gambier Time Ratings for 305m updated (effective 1 October 2026)
- Murray Bridge Time Ratings for 350m updated (effective 1 October 2026)

Mt Gambier Meetings

- Mt Gambier Sunday nominations will close at 9am on Wednesdays starting from meetings graded from October 1 instead of the Tuesday (effective 1 October 2026)

Maiden/1 win events

- Maiden and 1 win Grade 6 can be graded under previously published conditions to make a race for the Maidens however a Maiden winning at the previous corresponding meeting would not be eligible. Updated from the last GRP meeting, last start Maiden winners would be excluded and 50% or more of the field must be Maidens. (effective 1 October 2026)

GRADING UPDATE REMINDERS

- GRSA allow one extra Grade 6 over another distance for City A Thursday meetings bringing this into line with all tracks in SA, remembering once your greyhound has won 12 races in total it is no longer eligible for Grade 6 events.
- GRSA removed the condition where once a greyhound has won a Grade 5 or higher event on a City A meeting that the greyhound will lose all Grade 6 events at all other tracks. This means a greyhound could be a Grade 4 or Grade 3 over 530m on a Thursday City A meeting and will still be able to win Grade 6 events at other tracks.
- The Straight track and One turn distance are sperate for Prov 1 meetings at Murray Bridge allowing for up to 4 Grade 6 wins at the Prov 1 meeting on the two tracks [2 and 2]
- Maiden and 1 win Grade 6 can be graded under published conditions to make a race for the Maidens.

HEATS IN FEATURE RACE PROGRAM

GRSA runs a number of heats to finals which are advertised in the All Tracks Calendar. All greyhounds will be considered for these series if they are eligible. If Trainers do not want to be in advertised heats then they need to advise "No Heats" in their nomination comments so there is no confusion for the Grading Department.

COMMENTS ON NOMINATIONS MARKED "ONLY"

A few years ago the Grading Review Panel agreed that some trainers were using the comments box to influence the grading of fields in particular Grade 5 Only for all their greyhounds. The panel previously resolved that "Only" would be disregarded over all distances and the grading left to the Grader. (Masters Only or Juvenile Only will be accepted as this is for a specific type of race) If trainers put "Only or no start or leave me out" then the grader will grade as normal and if a greyhound would be graded into a mixed event based on race wins then he will leave them out based on the trainers request. The more information provided to the Grader allows for him to accommodate those requests.

WINNING GRADE 6 RACES IN ORDER

GRSA reminds trainers to win their grade 6 events in order at a specific venue. For the venues that allow two Grade 6 wins trainers need to win a Grade 6 over one distance and then a Grade 6 over the other distance. If a greyhound wins a Grade 6 and then a Grade 5 then they will lose their Grade 6 over the other distance at that venue.

RE-GRADING FOR ALL TRACKS AND DISTANCES

Re-grading will occur for all tracks and distances for Grade 3 or higher greyhounds. A trainer can apply for a re-grade after two unsuccessful nominations over the corresponding distance. If having met this criteria the responsibility is on the trainer to apply for a re-grade prior to the close of nominations. Only one distance will be considered for a re-grade per meeting.

STRUCTURED 6 DOG RACING POLICY INTRODUCED FOR MEETINGS CONDUCTED FROM 1ST OCTOBER 2025

As part of the Ashton Review a more structured Six Dog Race Policy has been approved by the GRSA Board to increase 6 dog racing and provide some certainty to industry around these events. All SA greyhound racing Clubs are supportive of the change.

The below events will be 6 dog fields only regardless of venue.

- All Maidens, Juveniles and Masters events are 6 dog fields only
- All Grade 6 events, 400m or less are 6 dog fields only
- All Time Graded and Pathway events are 6 dog fields only

Please contact the GRSA grading department for any clarification around the policy.

SEMI FINAL NUMBERS POLICY

Current Policy –

3-5 Heats – 2 Semis

6-7 Heats – 3 Semis

8 Heats – 4 Semis

MAIDEN SELECTION CRITERIA

As determined through the Grading Review Panel the entry criteria for Maidens into an event will be Order of Preference, Maidens with a placing in their last two starts using WPS, first starters then other Maidens using WPS.

RACING AND TRIALLING FREQUENCY REMINDER

Rule 69A Racing and trialling frequency

- [1] In this rule:
Race has the same meaning given to this term in R9 of the GAR.
Trial means a satisfactory trial, or a qualifying trial as defined in R9 of the GAR.
- [2] A greyhound will only be permitted to start in [a] No more than a combined total of 2 race and trial starts in any 7-day period; and, [b] No more than a combined total of 7 race and trial starts in any 28-day period.
- [3] This sub-rule commences on a date to be fixed by Stewards' Notice.

The intent of this rule is to monitor and regulate the frequency of races and official trials of greyhounds, to ensure adequate rest time is given between events.

The rule is similar to one in effect in Western Australia.

We have automated the Ozchase Racing system to be able to monitor this rule. The rule is self-explanatory.

A greyhound must not start more than 2 times (races or trials combined) in any 7-day period. Further, a greyhound must not start more than 7-times (races or trials combined) in any 28-day period.

Any attempt to nominate a greyhound outside these parameters will be flagged by the OzChase system.

If a greyhound gains a start from reserve deeming it ineligible under this rule for its next engagement or it competes in another State prior to racing back in SA, then the greyhound will come out.

****Racing Administration staff will scratch these greyhounds acting under this rule without notification (the responsibility rests with the trainer to ensure they do not contravene this rule).**

****For clarity if a greyhound races on Sunday, Wednesday then Sunday it will be eligible. The first day counts as day 1 and therefore resets on the Saturday.**

*****The stand down penalty when a greyhound must come out for 2 in 7 days or 7 in 28 days is a 5 day stand down period from the meeting it is scratched from.**

GRSA HAS INTRODUCED PREFERENTIAL BOX DRAWS BASED ON ISOLYNX DATA

GRSA has introduced Preferential Box Draw (PBD) racing with early racing traits, where possible, being based on early racing patterns identified by IsoLynx data. All PBD race events graded from Friday, June 5, 2026 have been graded under the new IsoLynx reliant Preferential Box Draw Policy. GRSA has, for the past few years, promoted PBD racing for selected race events under a policy that required trainers to nominate an Early Racing Trait (ERT) on each occasion their greyhound(s) contested a PBD event. The appropriateness of the nominated traits was then monitored by stewards.

Fundamentally, PBD racing seeks to place competing greyhounds into boxes that best suit their racing characteristics (particularly in the early stages of racing) in an effort to improve racing safety outcomes and reduce the risk of injury. The introduction of the PBD racing, based on a policy predominantly reliant on IsoLynx data, was a key recommendation of the Ashton Review.

The IsoLynx system utilises Ultra-Wideband (UWB) technology to track the exact movement of greyhounds whilst running.

All South Australian tracks have IsoLynx cameras installed, and this has enabled GRSA to collect early racing trait data for the majority of the SA greyhound racing population and to test the outcomes. As has been the case under the current policy, Early Racing Traits of greyhounds will be divided into three categories in the new policy – Railer (R), Straight (S), Wide (W).

The ERT will be entirely reliant on the IsoLynx data determination where a greyhound is nominated for a PBD event at a track and distance at which the greyhound has raced on at least five occasions. In a case where a greyhound has not raced sufficiently for an ERT to be determined based on IsoLynx data, the trainer will still be required to nominate an ERT, subject to steward's oversight.

For a complete list of PBD information, Q & A, policy forms and the most current list of racing greyhounds and their current ERT traits using data please go to the GRSA website for more information.

OZCHASE LIVE BOX DRAW ON FACEBOOK

GRSA streams live on the Registered Participants page on Facebook all race meeting box draws. GRSA will advise on Facebook the time the box draw will be done (could vary due to extension of nominations) for interested persons to view.

When viewing the box draw the races will not be in race order, have race times or race names applied, these will be added after the box draw is done. Please be mindful that some Feature events and Preferential Box Draw events are drawn differently on track or by groupings so they will already be in the system. If you wish to get notifications and view the box draw live then please ensure you are a registered member of the participants group on the GRSA facebook page.

VET CHECK AT RACE MEETING WITHOUT TRIALLING TO CEASE

GRSA is currently reviewing the present process of allowing greyhounds to do a Satisfactory Trial at a race meeting (when less than 12 races) requiring a Veterinary Clearance. This is usually to accommodate the 60 day return to racing policy where the oncourse vet will provide a clearance and the greyhound will trial. However, recently GRSA has had a request for greyhounds to be cleared to race by the oncourse vet and not trial. Effective immediately this will not be allowed. GRSA provides this option to assist trainers for trialling and veterinary at a race meeting but just to get a vet clearance during a meeting will now cease.

CANCELLING BOOKED TRIALS

GRSA appreciate that trainers recognise the need to book trials at our trial sessions and understand that if they have not booked, they will not be allowed to trial. However, we are now finding that when the trial booker closes off and the trials are confirmed some trainers, on occasion, with booked trials do not turn up. This causes an issue for track and trial staff in managing these sessions. The trial booker closes off a lot closer to the trial session so there should really be no reason for a trainer not to turn up. GRSA is monitoring this and if it continues GRSA will introduce a fee per greyhound for those greyhounds that do not show up for their trial.

NOMINATING FOR FEATURE EVENTS

GRSA reminds trainers when nominating for feature events to ensure they check their email conformation to confirm they have nominated correctly. If a trainer clicks on the feature event and then the race distance it will remove the feature event part. On the OzChase nomination screen it advises feature event OR class/ distance so just select one. It is also recommended to type in the comments area the feature race you would like, to make sure your bases are covered, however, please check your return email once you have confirmed your nomination.

SA BREEDERS SUPPORT PROGRAM – IMPORTANT CHANGES INCLUDING CLAIMS PROCESSED WHEN WHELPING NOTICE RECEIVED

The Breeders Support Claim of up to \$6,700 per litter plus \$150 per pup will apply to all SA bred and whelped litters bred by South Australian registered Breeders.

Breeders can claim from a wide variation of breeding costs including stud fees, veterinary and transport, vaccination costs and whelping costs. Please see the breakdown below for Breeders who are looking at breeding their next litter. **Claims will now be processed upon receipt of the Whelping Notice form and Claim form.**

Should a mating result in a miss or no live pups the Breeder can claim Veterinary expenses up to \$2,000 [upon receipts] plus \$1,200 for a TCI service when lodging the Whelping Notice.

It is crucial that GRSA receives receipts for actual and verifiable expenses relating to litters whelped for items below or else no support payment can be provided: Claims will be a Maximum of \$6,700 plus \$150 per pup.

The limit of the support as it relates to the [80%] contribution to the stud/sire fee component is equivalent to the full support value of \$5,500. The limit of the support as it relates to 'other' expenses is \$2,000. Excluded expenses include veterinary [pre-conception], rearing, breaking in or pre-training costs.

\$1,200 SUPPORT FOR TRANSERVICAL INSEMINATION (TCI) FOR BREEDERS

In support of Breeders, as announced in March 2025, any breeder using Transcervical Insemination [TCI] will be eligible for a \$1,200 subsidy. This support will be provided to breeders regardless of whether the mating is successful or not.

Stud/Sire Fee (Commercial)	80%, Up To \$5,500 Rebate (Receipt Required)
Owned Sire Fee	Set Amount of \$500
This Section Maximum Of \$5,500	
Veterinary & Transport Costs	Maximum \$2,000 (Receipts Required)
Vaccination Costs	\$80 (Per Pup)
Microchipping	\$30 (Per Pup)
This Section Maximum Of \$2,000	
Pup Support	\$200 Per Pup
Whelping Support	\$2,000 Per Litter
This Section Maximum Of \$4,000	
\$1,200 Support for Transcervical Insemination (TCI)*	
Total Claim Maximum \$6,700	

*Total Claim Maximum \$6,700 plus \$150 per pup

EARLY RACE REQUEST – GREYHOUNDS AFFECTED IN KENNEL HOUSE

Effective last year GRSA introduced the process where a greyhound is adversely affected by being in the kennel house for an extended period, a form completed by the oncourse Vet and Stewards confirming an early race requirement where possible will be accepted.

Stewards have these forms available at each race meeting and once completed, will be provided to the Grading department. It is expected that the trainer will advise in the race comments when nominating that this greyhound requires an early race where possible to ensure the Grader can manage the race program.

The Grader has many things to consider when managing the race program like Maiden and Juvenile events, presentation races, 8 dog Quaddie events etc. Where possible the Grader will attempt to place greyhounds within the program when a Trainer is travelling a significant distance with their greyhounds, where a Trainer only has one greyhound engaged and also when a Trainer has a number of greyhounds in a single event.

KENNEL NOTIFICATIONS (GREYHOUND REMOVAL)

To enable GRSA to be aware of the location of all greyhounds, Greyhound Removals completed online are required to be submitted with the "Comments/ Greyhound Sent To" completed with the person where the greyhound will be relocated too. Also, Greyhound

Removal's completed advising that the greyhound is remaining on the property of the current trainer or if a greyhound has been retired will not be processed. This is to ensure that the total number of greyhounds located on a trainer's property is correct at all times to assist the Animal Welfare department and to ensure the appropriate paperwork will be lodged to retire the greyhound.

CURRENT MASTERS TIMES AND POLICY

- For greyhounds 3¾ years and older. 4yo and older will get preference. City A, City B and Prov 1 meetings are done by form for 4yo and older and then greyhounds will only get in from under 4yo to 3¾ yo in age from oldest to youngest. Prov 2 meetings are all done on age from oldest to youngest regardless of form for all ages.
- Dates are exact so going back 4yo and 3¾ from the date of race. ie date of race run on 20/11/22 – 4yo would be 20/11/18 whelping.
- Time restrictions if a greyhound wins a Grade 5 Masters race in a faster time than published and it will have to have 2 runs (placed or unplaced) in normal company (*if in a Mixed Masters and wins and runs faster than the time standard then will NOT count*) at that class of meeting before being eligible at that class of meeting.
- The Grader will look to grade a Grade 5 Masters event on every program over a distance if enough dogs are nominated regardless if it is advertised in the All Tracks calendar.
- All races Non Penalty.

Grade 5 Masters events time standard

Track Distance Time

- Angle Park 342m 19.75, 530m 30.80, 595m N/A, 730m N/A
- Gawler 400m 23.00, 531m 31.15, 643m N/A
- Mt Gambier 305m 17.75, 400m 23.50, 512m 30.40, 600m N/A, 732m N/A
- Murray Bridge 300m 16.70, 350m 19.25, 395m 22.50, 455m 25.75, 530m N/A

If a Mixed Masters is programmed the Grade 5 dogs will be mixed if there is Grade 4 and Grade 3 dogs linking together like normal grading. If there are Grade 2 and 3 dogs and then Grade 5 dogs only a Grade 5 Masters will be conducted under normal conditions as these cannot be linked. If there is enough to run a high grade Mixed Masters (ie Grade 2/3 & 4) we will do that and not include Grade 5 unless they nominate specifically for this programmed event.

305m Masters Policy for Mt Gambier – With Mt Gambier GRC conducting one 305m Grade 5 Masters race each meeting where possible, the Grading Department determined conditions for these races using some of the conditions of normal Grade 5 Masters events, however, factoring in the restricted nature of the 305m distance.

There will still be a Time Standard applied based on the published table being 17.75. If a dog wins and runs faster than 17.75, it can still remain eligible for the next week, if the dog then wins and runs faster than 17.75 again it will be ineligible for the race and distance the following week. The dog will either run over another distance or will miss that week's race. The following week it will then be eligible. If there is no 305m Masters race the greyhound has to miss the next time that race is conducted. This only refers to the greyhounds that win.

SA BRED UPDATE

The pool of money is \$45,000 per month.

These winners all receive a \$225 base payment with \$75 to the Owner and \$150 to the Breeder.

TRACK RECORD – A FEATHER IN HIS CAP

For Bushfield breeder-owner-trainer Gary Lane, his involvement with track record holders at Tara Raceway goes back to 2010 and a greyhound called Mantra Miss.

A daughter of Malfoy and Al Fresco, Mantra Miss in that year held both the 512 metre and 732 metre track records at Tara Raceway with times of 29.80 seconds and 44.20 seconds.

Fast forward some 16 years and One Feather, whose pedigree traces back to Mantra Miss, scored a record-breaking win over 600 metres for Lane at the Mount Gambier Greyhound Racing Club's October 11 meeting.

Leading all the way from box one in the Klaassens Contractors Mixed Stake, One Feather on the line had 10¾ lengths to spare over Compton Shelly in 34.48 seconds.

Back in early August, One Feather had impressed at her first start over 600 metres. She had taken the lead down the back straight from Oregon Caldwell before running out a 7¾ length winner over Blue Moon Marie in a quick 34.93 seconds.

The previous middle-distance record had been held by the Tracie Price trained Giant's Flash, who on Sunday, December 4, 2022 ran 34.58 seconds when defeating Limiting by 2½ lengths.

Interestingly, on February 6, 2022, the Price-trained Minnie Banjo ran a 400 metre record time of 22.42 seconds. The previous month, on January 20, Giant's Flash clocked a 29.19 seconds record over 512 metres.

And on April 10, Giant's Flash gave Price his third record holder with a run of 34.69 seconds over 600 metres before lowering that time to 34.58 seconds at the end of the year.

To this day, Minnie Banjo's 400 metre record still stands, although on December 15, 2024 Cath Roberts' Lektra Tony equalled that time.

A March 2023 whelping, One Feather is by Fernando Bale out of Dynamite Miss and has now raced on 29 occasions for six wins. Also, litter brother One More Button came close to the 17.20 seconds 305 metre record after running 17.22 seconds for Lane back in June.

With Mantra Miss as the starting point, Dynamite Miss traces back to where it all began. She's a daughter of 16-race winner Dee Tee, whose litter sister Miss Jacovella was a Tara Raceway 600 metre record holder.

Miss Jacovella, a magnificent-looking 32 kilogram blue bitch, lowered Cheap Currency's 600 metre record of 35.11 seconds to 35.08 seconds on August 14, 2015 for Lane.

By El Grand Senior out of Mantra Miss, Miss Jacovella raced on 38 occasions for six wins and 12 placings. She held the Tara Raceway middle-distance record until the Peter Byrne trained Unsub Andy ran 35.04 seconds on March 11, 2016.

GRSA online trial booking system FAQs

Below are details regarding the Trial Booker process.

Below are examples provided a few years ago so the dates and distances will have changed, however, will give industry a good idea when they log on to the Trial Booker which they can do through the GRSA website.

How do I register an account to book public trials online?

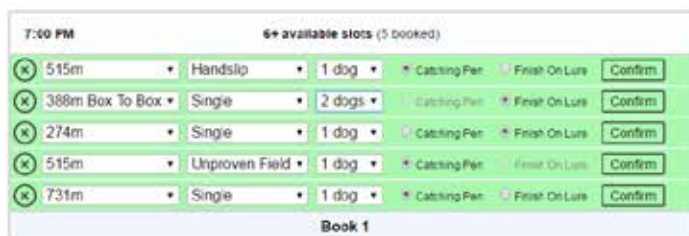

Visit www.trialbooker.com, click on the "register an account" link and fill in the appropriate details.

How do I book a specific trial online?

To book 4 trials, click Book 4:

As soon as you have pressed the Book button, those trials are booked and yours to keep. You then customise the distance, number of dogs, and type for each trial, and confirm them

To review your bookings, return to the Home page:

Angle Park Racing Club

Tuesday, 26th July 2016

Your bookings:

- 7:00 PM 731m (Solo)
- 7:00 PM 515m Slip (Solo)
- 7:00 PM 515m Unproven Field (x1)
- 7:00 PM 388m Box To Box (x2)
- 7:00 PM 274m FOL (Solo)

Field Trials

Existing field trials will appear in each block. To book a dog in an existing field trial simply click the Book 1/2/3 button.

If there are no available field trials of the distance and type you require then feel free to create one yourself. Simply book a slot as-per-normal and select Maiden Field or Performed Field, as shown below.

Note: booking a dog or several dogs in a field trial counts as 1 trial towards your 4 trial maximum.

When do trial bookings commence each week?

Bookings for meetings will commence at 11.30am the working day prior to the trial session [henceforth known as "booking opening time"].

Is there a limit to how many trials I can book online?

Yes: 4 (Gawler is 6). If you wish to reserve more than 4 trials a session then you must phone the office as per normal. For example, in the screenshot below, it indicates that you can book 3 more trials using TrialBooker without phoning.

Angle Park Racing Club Tuesday, 26th July 2016

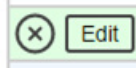

You have
3 trials remaining
in this session

To book more than 4 trials phone GRSA on
Note: booking dogs in a field trial counts as 1 trial towards your limit

Why am I limited to 4 trials in one block?

In short: to prevent abuse of the system. To book more phone the office after booking opening time.

Can I cancel a trial booking online? Yes: Press the X button and confirm.

Will I receive a confirmation to confirm my online trial booking?

Your trials are reserved for you as soon as you press the "Book 4" button [or "Book 4" or whichever it may be]. You must then confirm the details of those trials (distance, number of dogs etc.). There will be a summary of your bookings in each session on the Home page.

Can I book trials for other licensees? No—under no circumstances may you book trials for anyone other than yourself using TrialBooker. Dogs must be brought in and paid for by the person whose name they were booked under. If you wish to share a non-field trial with another trainer you must book over the phone.

How can I book a trial if I don't have access to a computer?

You can still book trials by calling the office after booking opening time.

TRIALS

QUALIFYING AND SATISFACTORY TRIALS

Angle Park qualifying and satisfactory trials are held every Wednesday night between 6.50pm and 7.15pm. Qualifying will be for the following Monday meeting (drawn Thursday). Nominations close at 12.30pm on the Tuesday (for online nominations 11.59pm Monday).

Gawler qualifying and satisfactory trials are held every Thursday morning from 7am. Qualifying will be for the following Sunday meeting (drawn the following week). Nominations close at 12.30pm Wednesday the day prior.

Murray Bridge qualifying and satisfactory trials are held fortnightly on a Tuesday night (between the end of the straight track trials and the beginning of the one turn track trials). Normal trials start at 4:00pm during non-daylight savings and 5:30pm during daylight savings. Qualifying will be for the following Friday meeting (drawn the following week). Nominations close at 12.30pm on Wednesday (for online nominations 11.50pm Tuesday).

ANGLE PARK

SINGLE TRIALS

A reminder to trainers that single trials can be booked with two greyhounds however you need to advise when booking of your intention to do this. If you wish to put three or more into this trial then a field trial will have to be booked.

BOOKING NUMBER FOR TRIALS

Participants wishing to book trials are required to ring 8243 7172, this phone line will only be used for trial bookings and will queue participants. By having this one number with participants queuing makes this process to be a more efficient way of booking trials.

There will be NO trials accepted through the normal administration number. To be fair to everyone GRSA will only accept bookings using the new number or alternatively logon to trialbooker.com, create an account and book your own trials.

POLICY FOR TRIALLING AT ANGLE PARK, GAWLER AND MURRAY BRIDGE AT THE RACE MEETING

Policy Background

This policy is to detail the procedure for trainers seeking greyhounds to trial before race meetings. This policy is effective from 2 May 2019.

Race Meeting Trial Policy

This policy is in place for the following race meetings: Angle Park Monday, Gawler Sunday, Murray Bridge Wednesday and Friday.

Two fields from the boxes with a maximum of four (4) greyhounds. Trials may be conducted at any time during the race meeting from immediately after kennelling until after the last race, at Stewards' discretion.

The following lists the order in which greyhounds will be selected in the event if more than eight (8) greyhounds are nominated:

1. Reserves at the meeting that do not obtain a start
2. Trainers that have greyhounds engaged and are located more than 100km in distance from the track
3. Satisfactory trials

Procedure/criteria

1. For Angle Park Monday night, the trainer is to contact GRSA between 9am and 10am on Monday to nominate. Should the Monday be a public holiday bookings are to be made between 8am and 9am on the scratching number.
2. For Murray Bridge Wednesday & Friday, the trainer is to contact GRSA between 3pm and 4pm the day before. Should any of these times fall on a public holiday bookings are to be made during scratching times.
3. For Gawler Sunday, the trainer is to contact the scratching number on Sunday between 8am and 9am.
4. Other than reserve greyhounds, trainers will be restricted to trialling one (1) greyhound unless nominations determine otherwise.
5. Stewards will allocate the box for the greyhound.
6. Trials will be 515m, 530m & 531m in distance as first preference. Other distances considered depending on nominations.
7. Greyhounds currently under suspension are ineligible to trial unless they are undertaking a satisfactory trial to be cleared.
8. Greyhound registration cards must be produced at kennelling time.
9. Trainers with other greyhounds engaged can utilise the extra kennel space until such time they are ready to leave.
Trainers with no other greyhounds engaged will be permitted to leave with Stewards permission.
10. At Murray Bridge, trials will only be available on the track that is prepared to race that day i.e. Friday meeting on the u-shaped track, trials will be on the u-shaped track only.

Please note: If there are 12 races at Angle Park, Gawler or Murray Bridge there will be NO trials.

The Angle Park Vet Clinic and/or swab kennels cannot be used to accommodate any additional greyhounds due to operational requirements of the Clinic and Stewards.

It is vital that trainers nominate to trial at these race meetings. If you are unable to nominate at these times, please contact GRSA as soon as possible as permission may be given at GRSA's discretion to accept bookings outside these times.

Exceptions to this policy

Thursday nights are kept available for interstate greyhounds to solo trial in a lead-up to SA Group races as well as local greyhound's trialling for Group racing interstate.

Upon request, local greyhounds will be allowed to solo trial in a lead-up to a feature race and they will take one of the eight [8] kennels available for trialling greyhounds ahead of the policy and sit separate to the four [4] dog trials. Races considered to be a feature are: Adelaide Cup, Gawler Cup, Oaks, Derby, Howard Ashton, Brian Johnstone, SA Sprint, SA Distance Championship, SA Anniversary Cup, SA Country Cup, National Finals and any interstate Group race

Local greyhounds will be permitted to trial on a race night, where they are in preparation for a feature event, nominated for a meeting and the race does not

stand up. This will include all distances and also take precedence over the policy. If a greyhound qualifies for a feature final and requires a trial in between, this will be conducted as a solo trial and will sit separately to the four [4] dog trials.

MOUNT GAMBIER SATISFACTORY TRIALS

Mt Gambier hold trials on Wednesdays with Satisfactory trials to be booked with Greyhound Racing SA Office on 08 8243 7100 no later than 12pm the day before. At Race meetings Satisfactory trials can be done when less than 12 races. When there are 12 races these can be considered, however, the trainer will not be able to kennel and must take their greyhounds home straight after the trial. These race day trials will also need to be booked through GRSA administration staff by calling the front office on 82437100
