Once all preferences for this nomination has been entered, then 'Submit' should be clicked to submit the nomination. The trainer can also click on 'Check' to validate the data before submitting, but this applies more to Multiple Greyhound Nominations rather than to a Single Greyhound Nomination (since the 'Submit' will perform the validation anyway).

The system will verify the following:

- Owners and trainers hold a current licence
- Owner, trainer or greyhound is not under penalty
- Greyhound is NAMED and has reached the required racing age
- Greyhound does not require a trial
- Greyhound has a valid grade to race
- Trainer cannot alter a nomination preference if the meeting is 'Closed for Nomination'
- If there are 2 nomination records, then both cannot contain the same meeting

Once the initial validation has been completed, a Confirmation screen will be displayed:

The screenshot shows the 'Confirm New Nominations' page. At the top is the OzChase logo and 'Online Nominations' header. Below this, the nominator's details are listed: 'Nominator: Mr Paul [redacted]' and 'Email Address: [redacted]@nswa.com.au'. A section titled 'Nominations:' contains a table with the following data:

Name	Greyhound ID	State	Comments
Rita Ballou	142907	NSW	

Pref No.	Meeting	Race Event	Race Class	Distance	Not for Features
1	Race 11/08/2015 Gosford		Class B	400	
2	Race 11/08/2015 Gosford		Class B	515	

At the bottom of the form are two buttons: 'Go Back' and 'Confirm'.

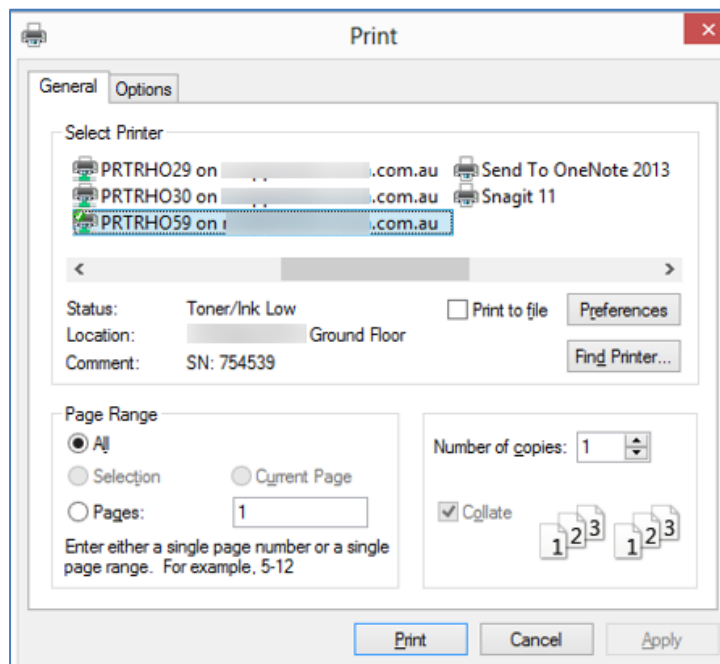

If all details listed are correct, then the trainer can proceed to 'Confirm' the nomination.

If no further errors are found with the nomination, then a 'Success' message will be displayed and an email will be sent to the trainer's email address.

The screenshot shows the 'Success!' page. At the top is the OzChase logo and 'Online Nominations' header. Below this, the text 'Success!' is displayed in a large font. A message states: 'Your nomination has been submitted successfully.' Below this, the nomination details are listed: '1st Nomination Rita Ballou (ID: 142907) State: NSW'. The specific races are listed as '1st 11/08/2015 Gosford Night/Class B/400' and '2nd 11/08/2015 Gosford Night/Class B/515'. A message follows: 'If you do not receive an email within 5 minutes please contact the Grader as follows: NSW Noms phone (02) 8767 0560.' Below this, it states: 'A confirmation email has been sent to your email address at [redacted].com.au.' At the bottom, it says: 'You can [View Current Nominations](#), [Print Current Nominations](#) or [Return to Homepage](#).'

The trainer may choose to 'View Current' nominations for all of his/her greyhounds, print the current nomination just sent or Return to the Homepage.

If 'Print' is selected, then a print dialog will be displayed to allow the trainer to nominate the printer destination:

If any errors are found when the nomination is submitted, then these errors will be displayed on the Confirmation screen (for example - if a 2nd nomination is entered for a WA meeting when a 1st nomination already exists for WA):

5.0 When is a Nomination Complete?

Single Preference Nomination:

If a nomination record contains only 1 preference, then as soon as the Meeting in that preference is Box Drawn and Race Times are allocated, the nomination will be completed. Once this occurs, the  symbol will be available again allowing the trainer to add a new nomination record.

Multiple Preference Nomination:

If a nomination record contains multiple preferences (for different meetings), then once the first meeting (from any of the preferences) has its boxes drawn, the nomination will be flagged as being **'In Progress'**. This means that the nomination record is **'locked down'** so that no changes can be made. When this occurs, the 'Edit' link for the nomination for the greyhound will change to display **'View'**.

Where multiple preferences exist, the nomination will only be considered 'complete' once **one** of the following is satisfied:

- 1) All preferences (meetings) on the nomination record have had their box numbers drawn.
- 2) All unrequired preferences have been deleted manually from the nomination record (**'X'**).
- 3) All unrequired preferences have been automatically deleted from the nomination record using the 'Settle' option (Applies to NSW Only).

Options 2 and 3 must be performed by the Racing Controlling Body, using the OzChase system.

6.0 Rules for Multiple Nominations

The following rules will be imposed when a nomination is added or modified in Online Nominations:

- The Meeting Dates for any Nomination Preference in one active Nomination **cannot be the same** as the Meeting Dates for any Nomination Preference in the other active Nomination, regardless of which State the Meetings are being held in.
- There **can't** be any Venue and Meeting Date combinations which are **the same** in the Nomination preferences in **BOTH** active Nominations. NB: This only occurs when both active Nominations are within the same State.
- A maximum of **two** active nominations are allowed per Greyhound.
- All Nomination **Preferences** within each active Nomination, can only relate to Meetings in a **single State**.
- A greyhound is entitled to obtain a start in a preference under **BOTH** active Nomination records.
- For SA Only – greyhounds are restricted from **running** on consecutive days. This rule will still be enforced across the 2 active nominations for **SA meetings only**.

7.0 Online Nominations – Actions

In addition to submitting nominations from the Online Nominations website, a number of other functions can be performed by the trainer. The various options are outlined below.

7.1 View/Edit Current Nominations

Allows the trainer to view all current nominations that have been lodged via Online Nominations.

The screenshot displays the 'Online Nominations' interface. At the top, there's a navigation bar with 'Home' and 'View/Edit Current Nominations'. Below this, a section titled 'Current Nominations' contains a table listing nominations for five greyhounds: Kingsbrae Nocker, Kingsbrae Redfoo, Metro Man, and Pop's Pest. Each greyhound has two nominations listed, showing details like Pref No., State, Meeting, Race Event, Race Class, and Distance. Each nomination row includes an 'Edit/Delete' link. At the bottom of the table, it states 'Total Nominated Greyhounds: 5' and shows pagination for 'Page 1 of 2 (23 items)'. A link 'Print This List Return to Homepage' is at the very bottom.

The Box Number field will display the box that the greyhound has been drawn into as a result of the Box Draw. Once scratchings have closed and reserves allocated to a race, the Box Number column will display the 'Assigned' box numbers.

Any greyhound previously displayed with a box of 9 or 10 (reserves) will show a new 'Assigned' box number if the greyhound has secured a start in the race. Any greyhound that was scratched from the race (manual scratching or automatically scratched as an unrequired reserve/runner elsewhere) will no longer appear in the list.

NOTE: Box Numbers may also change if a 'Redraw' of Box Numbers has been requested by the State Authority.

Greyhounds will be removed from the Drawn Greyhounds list once the race is completed and the meeting date is in the past.

If a trainer has no greyhounds currently drawn into any races, then the screen will show:

7.3 Scratchings

To request that a greyhound is scratched from a race, a trainer can select the 'Scratch Greyhound' action. Only some States will have this option available.

A greyhound can be selected from the dropdown on the screen. Once selected, the details related to this greyhound (ear brands, certificate number and microchips) will be displayed.

The meeting list presented to the trainer for selection will show those meetings where the selected greyhound has been allocated as a runner or reserve. If the greyhound has multiple starts at the meeting, then all races for this greyhound will be listed against the appropriate meeting entry.

The screenshot shows the 'Request to Scratch Greyhound' form in the OzChase Online Nominations system. The form includes fields for Greyhound selection (Kingsbrae Nocker, ID: 155003), Left Earbrand (7543), Right Earbrand (100A), Certificate Number (23025936), and Microchip numbers (1: 95600008240710, 2:). Under 'Meeting Details', there is a 'Meeting List' dropdown and a 'Scratch Reason' section with a table of meeting details.

State	Meeting Date	Venue	Timeslot	Race#
QLD	1/08/2015	Bundaberg	Day	1
NSW	2/08/2015	Armidale	Matinee	1

Buttons for 'Submit' and 'Cancel' are at the bottom.

The email notification sent to the Trainer and Grader will list the meeting and race details as shown in the example below:
