FROM THE CEO'S DESK

Sky Weekly Schedule and the Murray Bridge Transition

One of the more challenging aspects of the Murray Bridge project has been the confirmation of a weekly schedule of racing on Sky which to the greatest extent possible meets the needs of South Australian participants. We have gone through an extensive process to consider the various scenarios of the ideal allocation of meetings, the need to leverage the investment at Murray Bridge, the opportunity that exists to support trainers across the spectrum from professional to hobbyist (and workers), the need for trainers to have

access to different racing opportunities and the need for us to establish a strong footprint in our regions. GRSA needed to place less priority on the preservation of non-racing opportunities for Club business, the inclination that some people may have to resist change, and specific [isolated] circumstances relating to individuals and their preferences.

It also became clear as we went through the process that straight-track racing in its infancy may not be capable of sustaining a full weekly meeting and that there would be merit in retaining the original allocation of 2 weekly meetings at Gawler instead. This was one of the clearest outcomes from the industry 'roadshow' process in June and will help to ensure that we start on the right footing when racing commences at Murray Bridge in the months ahead.

The schedule as it currently stands delivers strongly against our key objectives and we now need to move forward with that program and allow it to settle. We will continue to monitor the success of that schedule over time and we have a primary obligation to remain open and responsive to any need (or opportunity) for change.

I met with the Gawler Committee earlier this week to talk through the new schedule and explore the manner in which GRSA will be able to assist that Club make the transition from a Sunday twilight timeslot to Friday afternoon for its second meeting. Noting that the Gawler Club has performed with distinction in that timeslot, we now need to work with the Club to ensure that they can promote their racing offer to a new audience and maintain the momentum that they have built in that region. This will be a new challenge for the Club but we're confident that the opportunity to fill a twilight Friday spot for the six months of non-daylight savings presents a valuable opportunity to promote. The schedule should also provide the best opportunity for trainers in that region to access Murray Bridge on weekends when this may have been more difficult under different arrangements.

The Strathalbyn Committee has been incredibly supportive of the Management team as it works through all of the finer details of the looming transition. I would like to thank Tony Hinrichsen and his team for their recent efforts and for the enthusiasm that the Committee has shown towards making the new venue a success. Separately, we remain conscious of the fact that the Mt Gambier region will initially have a restricted opportunity to race at the Sunday meetings and it is my hope that this can also be addressed in the course of time. We are committed to establishing three strong regional Clubs which drive the best possible outcomes for industry and the participants whose interests they represent.

More pictures are now going up on Facebook which show the extent of the progress at the Murray Bridge site. We'll continue to utilise that vehicle to provide updates as we get closer to the pointy end of the process and try to ensure that everyone has a reasonably clear picture of how the project is evolving. I ask our participants to understand that it's a challenging time for the business but we'll be making all reasonable endeavours to ensure that everything is business-as-usual to the greatest extent possible.

An official publication of Greyhound Racing SA

A month to remember for Cairnlea Kenny

In another terrific month of racing voting was close for the Greyhound of the Month award for August, however, it was the Petar Jovanovic trained Cairnlea Kenny who was judged best for the month highlighted by his brilliant third in the Group 1 National Championships at Sandown in late August.

Cairnlea Kenny started the month off with a solid second in a heat of the State National Sprint series and went into the local final as one of the favourites. He exploded out of the boxes to lead all the way and defeated a high quality line up in a slick 29.73 booking his spot at Sandown in the Group 1. Representing SA Cairnlea Kenny ran a bold race in behind the eventual winner

West On Augie in running third with many judges believing a check early in the race could have cost him the top prize.

At the end of the month Cairnlea Kenny's record stood at 50 starts with 18 wins and 19 placings and earnings just over \$77,000.

Well done to South Australia's representatives at the Crocmmedia Nationals at Sandown on August 24th.

Cairnlea Kenny ran a great race and finished strongly to claim the third placing in a gallant run for SA and connections. West On Augie [WA] claimed the Group 1 Final ahead of Hasten Slowly [Vic] in second place. In the Distance Championship Final, SA's Velocity Lilly trained Kim Johnstone performed admirably against a quality field full of staying superstars such as Victorian Tornado Tears. Velocity Lilly crossed the line in sixth with Tornado Tears [Vic] adding another Group 1 race to his ever-growing trophy cabinet with rival Rippin' Sam [Vic] finishing in second and Poco Dorado [NSW] in third. Well done to all in what looked like a great night of greyhound racing.

Honcho claims award with powerful run home

The Run of the Month for August was the Tony Rasmussen trained Honcho Monelli for his brilliant performance at Angle Park on Thursday 2nd August.

He started a warm favourite in a heat of the National Sprint State series and he didn't disappoint his fans. Beginning fairly from box 7 he raced midfield before making his customary move down the back straight where he swooped upon the leaders in a blink of an eye. He raced away in the run home to win by an ever increasing 8.75 lengths in a sizzling 29.42 for the 515m journey. His splits were 4.54 and 16.86 with a powerful run home of 12.56.

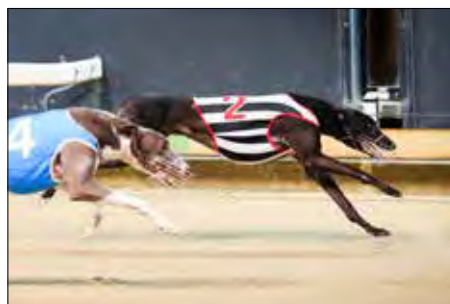

Menzali gives Rasmussen another feature win

The purple patch of form that Tony has been in in recent months continued when exciting chaser Menzali showed a strong will to win in the 2018 Kings And Queens Final on September 6th when he wore down Abuzz in the shadows of the post.

The son of Barcia Bale and Born Ali started a very short priced favourite on the back of his brilliant win in his heat last week, however, after Abuzz for Cameron Butcher exploded out of the boxes to lead clearly with Menzali battling to hold second, things did not look good. Racing down the back straight Abuzz was in full flight out by 4 lengths, however, Menzali gritted his teeth and came out after Abuzz strongly with Dyna Quail for Lisa Rasmussen holding down third. As heads turned for home Abuzz drifted up the track while Menzali charged through the inside to claim victory right on the line by a head in a scintillating performance.

Menzali was crowned the King running a flying 29.81 for the 515m journey and also continued the run of success owners Tim Aloisi and Matt Lehman have been having

with their greyhounds. Abuzz ran another excellent race in finishing second with Dyna Quail filling third placing for the Queens.

Menzali has now won 12 races with 15 placings from 39 starts and career prizemoney just over \$32,000.

Greyhound Racing SA introduced the Kings and Queens Feature series two years ago in support of those greyhounds affected by the change to the GCA Age Restricted Classics from 30 months back down to 27 months for this years upcoming SA Oaks and SA Derby series.

2018 Coffex Coffee SA Oaks heats

The SA Oaks series kicks off tonight and we are pleased to get three excellent heats for the Group 3 feature.

The quality is terrific and it all goes well for an outstanding final on Thursday, 20 September.

Heat 1 [Race 4 – 7.43pm] is an extremely even field of young chasers with the greyhounds each having 8 to 18 lifetime starts between them. Queen Werina is trained in Victoria by master trainer Kel Greenough but her most recent win was a slick 29.95 win at Albion Park. After she trialed last week at headquarters in 30.14 expect lots of improvement in her as she was very slow out in a 4.74 first split. My American Girl for Victorian trainer Ashlee Terry had a look at the Angle Park track on Saturday morning and being a last start Healesville winner will be hard to hold out. Locally owned Oakvale Magic has gone from strength to strength since transferring across to the kennels of Jeff Britton and after a slick 29.55 win at Sandown two starts ago looks a strong chance. Both locals Love Made Me for Troy Murray and Agent Thirteen for Ben Rawlings have shown plenty of ability and after drawing the bookends in the field are sure to give a bold sight.

Heat 2 [Race 6 – 8.28pm] Ash Star comes into the series with the most race experience for Victorian trainer Marcus Lloyd with 22 starts under her belt and 9 wins. Two starts ago she won a Grade 5 heat at The Meadows in a solid 34.66 before finishing down the track in the final. Star local sprinter Honcho Monelli also won a heat of that series in a 34.77 so if she can handle her first start at Angle Park she looks a strong type and hard to beat. Victorian trainer Brad Greenough had to have been happy with Often Imitated's trial last week after a slick beginning she ran a sizzling 29.85. She had very good form prior to her recent runs so look for a speedy start from her. Local hope Reiko Rocketta has drawn perfectly in box 1 for Troy Murray; she has won 5 races and loves the rails so look for a strong performance from her. Expect Drop The Leash to be improved by her run last week when 4th and Lose Your Blues has solid form in country Victoria since racing at Angle Park back in July.

Heat 3 [Race 10 – 9.57pm] Weblec Nic is the most inexperienced

Last year's winner Hoo Gur Affair.

race greyhound in the series having had only 3 lifetime starts but she has won 2 of them and on the back a solid 30.11 trial here last week she could be the surprise packet. She is locally owned and trained in Victoria by Jeff Britton who will have a two pronged attack in this heat with the well performed Oakvale Striker also engaged. Oakvale Striker warmed up for the series with a convincing short course win at Angle Park last week. Whilst she has been competing across the border over the short courses she found the line very strongly last week suggesting the 515m will not bother her. Both local greyhounds Alicante Bouchet for Ben Rawlings and Shima Breeze for Tony Rasmussen will play a strong hand in this heat after drawing extremely well, they have blistering early speed so if they can find the early lead a local heat win could well be on the cards. Lady Emerald for Jihad Talgi trialed well in 30.29 at her first look at the Angle Park loam so after drawing box 2 expect her to be further improved as she has run some quick times at Sandown recently.

The first two from each heat along with the two fastest thirds will qualify for the \$35,000 Group 3 Coffex Coffee SA Oaks Final on Thursday, 20th September. The box draw will be conducted oncourse after the running of Race 11.

Huge spring carnival bonuses for Oaks/Derby, Adelaide Cup and Match Race series

Greyhound Racing SA in support of our Spring Carnival announced significant bonuses attached to our major feature races over the next two months.

There are two fantastic bonuses –

a. There will be a \$25,000 double bonus if a greyhound can win the Group 3 SA Oaks Final [20/9] or Group 3 SA Derby Final [20/9] and the Group 1 Adelaide Cup Final [12/10]. Should there be a dead heat in any of these Finals the bonus will be split accordingly with a maximum of \$25,000 being paid for the double bonus.

b. There will be a \$20,000 South Australian trainer bonus and a \$10,000 Interstate trainer bonus if a trainer can win two feature events over two of our three feature race nights –

1. Oaks/Derby Finals [20/9] or 2. Match Race Overall Winner [27/9] or 3. Adelaide Cup Final [12/10]. There will be a maximum of one bonus per Trainer. Should there be a dead heat in any of these events the bonus will be split accordingly with a maximum of \$40,000 being paid for the trainer bonus. To be eligible to win the trainer bonus the greyhound is to be registered in your kennel no later than one month prior to the Adelaide Cup Final [12/10].

2018 BGC Industrial Cleaning Supplies SA Derby heats

If you thought the heats of the Coffex Coffee Oaks were going to be exciting and produce ultra-competitive racing then the heats of the BGC SA Derby look just as enthralling.

The anticipation will be electric as some of the best young sprinters around Australia do battle in the prestigious SA Derby series.

Heat 1 [Race 3 – 7.22pm] SA's main hope in the Derby, the Greg Board trained Spring Bridge, kicks off his series in a hot field in heat 1. Spring Bridge has been competing against the very best sprinters in SA and holding his own, including a blistering 29.46 winner over Honcho Monelli back in July. He has drawn box 7 which means he will need some luck early but he is so strong in the run home expect him to be right in the mix. The powerful Seona Thompson kennel has again come to town with a strong line up of chances with all greyhounds in the Derby series remarkably drawing the red. Fab Reiko is a strong type and has a slick 29.49 win to his name at Sandown, expect him to make full use of the inside box. In a race that has plenty of depth Victorian's Nervous And Weird and Axel Footluc come into the series with excellent form so expect an outstanding contest.

Heat 2 [Race 5 – 8.09pm] Considered one of the fastest run home dogs in Australia, locally owned Aston Kimetto is an exciting prospect with 5 wins from his 8 starts. He won the Warragul St Leger in amazing circumstances when he sprouted wings and if he can hold a forward spot for the Thompson kennel he looks the one to beat. Grey Ghost for trainer Jeff Britton may see it differently on the back of his brilliant debut 29.69 win at headquarters last week. Bringing exceptional form from across the border he showed speed and stamina and may have the edge on his rivals having already raced at the venue. Locals Hold Da Door and Victa Caleb's form cannot be knocked and both have very good early toe so expect to see them giving the Interstaters some curry early.

Heat 3 [Race 9 – 9.38pm] What a match up this heat promises to be with Victorian Blue Shadows for Angela Langton taking on

Last year's winner Black Bombshell.

local Victa Ashley for Mike Giniotis. Blue Shadows is one of the most exciting chasers in Australia winning 5 of his 8 lifetime starts, running brilliant times at Sandown and then producing a flying 29.70 trial last week at Angle Park with a breathtaking 4.37 first split. Victa Ashley however also has exceptional early speed with a 4.40 first split to his name and is a winner of 3 of his last 4 starts running a 29.78 three runs ago. The sparks will certainly fly early. Both Victorian's Beckham and Crackerjack Skip come into the race with excellent metro form so cannot be taken lightly.

The first two from each heat along with the two fastest thirds will qualify for the \$35,000 Group 3 BGC Industrial Cleaning Supplies SA Derby Final on Thursday, 20th September. The box draw will be conducted oncourse after the running of Race 10.

GRSA would like to thank all local and Interstate trainers and connections for supporting the SA Oaks and SA Derby series this year and with your continued support these prestigious series' will continue on for many more years to come.

Super bonus for SA Bred

The super bonus scheme is premised upon a 100% dividend to breeders for SA Bred greyhounds.

The super bonus will only be paid out to breeders residing in South Australia and whelped in SA.

The following is a summary of the bonus by race:

RACE SUPER-BONUS

Adelaide Cup [515m] - G1 \$12,500 Adelaide Cup 2nd - \$5,000 Adelaide Cup 3rd - \$2,500 Adelaide Cup finalist \$1,000 BGC SA Derby [515m] - G3 \$3,500 BGC SA Derby 2nd - \$1,500 BGC SA Derby 3rd - \$750 Coffex Coffee SA Oaks [515m] - G3 \$3,500 Coffex Coffee SA Oaks 2nd - \$1,500 Coffex Coffee SA Oaks 3rd - \$750 Gawler Gold Cup [531m] - G3 \$5,000 Mount Gambier Cup [512m] - Listed \$2,500 Murray Bridge Cup [455m] - Listed \$2,500 GROUP 1 victory (interstate) \$10,000 GROUP 2 victory (interstate) \$5,000 GROUP 3 victory (interstate) \$2,500

The super-bonuses for interstate events will only be applied for series/events that are open entry. Events that are restricted by age or gender are eligible for the bonus. Events that are exclusively open to SA Bred runners or incorporate other restrictions, such as 'sweepstake' events, puppy/auction Classics and Maiden series are not eligible for the super-bonus.

Heats Classic 2018 Prelude (1)

The heats of Classic 2018 Prelude (1) will be run on Monday 24th September with the final on Monday 1st October.

This series is for greyhounds paid up for Classic 2018.

Nominations close Wednesday 19th September with GRSA at 9.00am.

State Of Origin Match Race Series – Thursday 27th September 2018

GRSA has introduced an exciting new feature “State of Origin” Match Race series in a lead up to the Group 1 Adelaide Cup where 4 greyhounds from SA will take on 4 greyhounds from Victoria in one on one racing.

CONDITIONS OF THE SERIES:

The State of Origin Match Race series between South Australia and Victoria will be held on Thursday, 27th September this year, the week before the Adelaide Cup heats.

Eligibility as to who represents South Australia or Victoria would be based around the Nationals conditions. Greyhounds would need to be trained in either State 76 days out of the last 150 prior to the close of nominations.

GRSA will call for nominations which will close on Friday morning, 21st September at 9am for the State of Origin Match Race series. The best four greyhounds nominated from SA and Victoria will be selected by the GRSA grader. The Grader will use whatever information he has available to select those greyhounds. The Graders decision will be final. Those greyhounds not selected from Interstate will be given the opportunity to solo trial or race in another event on the night. Reserves will be declared with one from SA and one from Victoria depending on nominations to replace the States representative if scratched. For example the SA reserve will only replace an SA scratching.

The Grader will rate the four greyhounds from each State in order from 1 to 4 with 1 being the highest rated greyhound. The head to head matches will be decided by the two 1 rated greyhounds competing against each other and then it will be 2 v 2, 3 v 3 and 4 v 4. Prizemoney for each individual match will also reflect 1 to 4 with the 1 rated greyhounds receiving the most amount of money. However the overall winner will still be determined based around the times the greyhounds run so all greyhounds have that opportunity.

PRIZEMONEY:

Winners of match races –
1 v 1 – Winner \$3,750
2 v 2 – Winner \$3,500
3 v 3 – Winner \$3,250
4 v 4 – Winner \$3,000

Overall State of Origin winner (based on overall times) \$5,000, second \$2,500, third \$1,000

ON THE NIGHT:

The State of Origin Match Races will be Race 4 on the program with the first match to be run at 7.22pm [SA time] with each Match 9 minutes apart.

Race 4 - Match 1 – 7.22pm [Sky 1 & Sky 2]
• Match 2 – 7.31pm [Sky 2]
• Match 3 – 7.40pm [Sky & Sky 2]
• Match 4 – 7.49pm [Sky 2]

VISION:

Greyhound Racing SA has exciting new vision of inside the boxes to be used for the Match Race Series which will give viewers a “greyhound eyes” view as the boxes fly open.

Nominations: State Of Origin Match Race Series closes Friday 21st September with GRSA at 9.00am.

Strathalbyn to finish in October in readiness for Murray Bridge

As part of the transition from Strathalbyn to the new Murray Bridge track later this year, there will need to be a period of time where no racing will occur in the region, likely to be around 8 weeks. This shutdown is to allow essential equipment and infrastructure to be transported from Strathalbyn to Murray Bridge in readiness for trialling and then racing.

As such, the Strathalbyn Club will conduct their last ever race meeting on Sunday 21st October, 2018.

The SGR committee were insistent on being able to stage the 2018 Strathalbyn Cup prior to the cessation of racing, something which GRSA are more than happy to program despite the busy feature race schedule during this period.

The Cup will slot into a small window of opportunity after the Adelaide Cup and before the Gawler Cup. Heats will be run on Tuesday 16th October, with the final five days later on Sunday 21st October, their last meeting.

There will need to be changes to the October calendar to accommodate these changes which are listed below -

Accell Therapy mat to be used at trials

The mat is now available in the foyer area of the Angle Park building.

GRSA in conjunction with Accell Therapy will start demonstrating the use of the Mat at Angle Park trials on Tuesday nights. Julie from Accell Therapy will be oncourse and we will advise that dates and times. It is recommended that a greyhound derives benefit with a 15 to 20 minute session and is generally for recovery from racing or injury. It will still be available during normal office hours to be used [greyhounds racing on that day excluded]. Please ask the Racing Admin staff if you wish to use the mat.

Trial fees at race meetings

With GRSA allowing for trials under certain conditions at race meetings, on occasions payment of these trials may have been overlooked.

From the 1st April any trainer trialling a greyhound at the race meeting will be required to pay staff as they would at a normal trial session. This will be consistent with all our racing and trialling meetings.

2018 SA Country Cup

Below are details of how and where greyhounds can qualify for the \$7,375 SA Country Cup Final, to be run at Angle Park over 515 metres on Adelaide Cup Final night Friday 12th October 2018.

Conditions

- All South Australian Greyhound Racing Clubs outside of Angle Park will conduct heats, or nominate greyhounds from which the Greyhound Racing SA Grading Department will choose two representatives. These meetings are Gawler Provincial 2, Strathalbyn Provincial 2, Mount Gambier Provincial 2 and Port Augusta Country. [Performances at Gawler Provincial 1 meetings are not eligible for consideration]
- The event is open to all South Australian greyhounds that are not above Grade 5 at Angle Park [APK City A & APM City B meetings only] over 515 metres at the time of nomination. Winner of each event takes a penalty including the final.

Special Exceptions:

Mount Gambier and Port Augusta Clubs are allowed to include non-South Australian trainers under strict conditions:

- The trainer has had starters at 5 meetings for Pt Augusta and 15 meetings for Mt Gambier in the previous 12 months.
 - The trainer can only qualify for one of the clubs.
 - The trainer must have trained the greyhound nominated for the previous 3 months.
- Graders' discretion will be used to determine the best nominated.
 - The greyhound must be SA trained (except Mount Gambier & Port Augusta as above).
 - A South Australian trained greyhound is defined as one that has been racing in SA for a period of not less than 3 out of the 6 months immediately prior to the time of nomination.
 - The greyhound must have started at least 2 times in the last 12 months at the track it is attempting to represent.
 - There will be a maximum of two heats per Club with the winners of each heat qualifying. If there is only one heat conducted then the first two placegetters will qualify.
 - The two reserves will be determined firstly by a ballot of the second placegetters from all heats. The third placegetters will then be considered by ballot if required. If a heat was not conducted at the track, then that track is not included in the ballot. Should a greyhound be withdrawn prior to the ballot, the next placed greyhound from that Club's heat will be selected.
 - Once a greyhound has qualified from a Qualifying Heat, it is not eligible to compete at another track in this series, unless there are insufficient nominations to fill the field.
 - Once qualified for the Country Cup Final the greyhound will be ineligible for the Adelaide Cup series or any other race on this Cup Final night.

Qualifying

Track	Dist.	Date of Meeting
Port Augusta	503m	Saturday 22.09.18
Mt Gambier	512m	Sunday 23.09.18
Strathalbyn	536m	Friday 28.09.18
Gawler	531m	Sunday 30.09.18

AGRC/GRSA Greyhound Auction in October – Nomination for Pups extended until tomorrow (14/9/18)

Auction Nominations for the pups section extended and close tomorrow.

The Adelaide Greyhound Racing Club in conjunction with Greyhound Racing SA will again conduct a Greyhound Auction this year in October, however, there will be some significant changes to the conditions. The most notable will be NO race attached to the Auction Series for puppies, however, the Auction has been opened up to not only include pups but Ready for Racing greyhounds and Brood Bitches.

Below are the details regarding the series -

Greyhound Auction Date – Sunday, 21st October

Categories for Auction–

Pups – 4 months to 11 months (whelping date – born 1st October 2017 to 30th June 2018)

Ready for Racing –

12 months to 19 months (if named and raced must trial in some way)

20 months or older (must solo trial over 274m, 388m or 515m. Handslip optional)

Trials to be conducted on Monday night or Wednesday Day at race meeting to be filmed the week prior to the Auction. Footage to be available on the GRSA website prior to Auction. Prefer all greyhounds to trial on the same night

Brood Bitch - Must have a Pink Card or apply for a Pink Card at nomination time to be approved prior to the Auction date.

Nomination Fees - All greyhounds 12 months and older will be \$50 nomination fee, Puppies 4 months to 11 months will be \$50 for the first pup for each vendor from that litter and then \$20 per pup for each other pup from that litter. If another vendor is nominating it will be \$50 even if from a litter already nominated.

Commission - The commission will be 7.5% of sale price. The nomination fee will be deducted from the commission. For example a ready to race dog sold for \$2,000 will have a commission of \$150, but only \$100 will be deducted from sale proceeds as \$50 already collected as part of nomination fee.

Swabbing – It will be the intention of the Integrity staff to swab all greyhounds that trial in public for the Auction.

Catalogue – Whatever the vendor puts on their nomination form is what will be published in the catalogue. It is crucial that vendors give sufficient information to ensure the best chances of sale.

Nomination closing times –Friday, 14th September for all entries.

Syndication interest from trainers

Greyhound Racing SA is interested in gaining feedback from trainers who would be interested in having their details made available to any prospective syndicate groups.

GRSA receives a number of queries from owners about getting involved with their friends however it is quite hard for them to find a trainer. Those trainers who are comfortable with this please respond to Shaun Mathieson via email shaun.mathieson@grsa.com.au or phone [08] 8243 7100. These details would only be made available to syndicate groups.

Naming applications

When lodging a Naming Application participants are advised to allow at least two weeks for the name to be approved from Greyhounds Australasia and then for GRSA to process the application and issue a greyhound card and weight card.

Therefore, should you wish to nominate the greyhound GRSA suggests that you lodge the Naming Application three weeks prior to nominating, this will give GA, GRSA and yourself enough time to name the greyhound, issue documentation and then for the trainer to have the greyhound "checked off" on a trial night. This time frame could be further extended if GA requires more name choices.

Checking off of greyhounds at trials on Tuesdays and Wednesdays

Stewards have advised that the checking off of greyhounds to clear them to race will ONLY be conducted at trials on Tuesday nights and Wednesday nights.

Notification of training amendment and clearance of greyhounds

Trainers are reminded of their obligation to notify GRSA within 3 working days of a greyhound coming into or leaving their kennel (Rule 105(4)(i)).

This is a requirement for all greyhounds regardless of where bred. The practice of lodging a training amendment late the night prior to nominations closing at 9am the following day can lead to your nomination not being accepted or being unable to nominate online should any issues arise the following morning.

Trainers are also leaving it to the night before nominations close to have greyhounds "checked off". This practice can also lead to your nomination not being accepted or being unable to nominate online should any issues arise.

It is therefore in the trainer's best interest to have lodged with GRSA the training amendment and clearance of the greyhound a number of days prior to wishing to nominate the greyhound. It is not GRSA's responsibility to ensure that the paperwork is processed within ½ hour, which is the amount of time available to have it processed before nominations close at 9am.

Completion of paperwork

Participants are reminded of their obligation to ensure that when lodging paperwork that it is fully completed and payment is made at the time of lodgement.

GRSA is here to assist should you be unsure of how to complete any paperwork however it is not our responsibility to arrange for its completion, nor is it our responsibility to ensure that it is lodged. Therefore, please ensure when lodging any paperwork eg, Transfer of Ownerships, Litter Registrations etc that they are fully completed and paid for (if payment required) and lodged within a timely manner.

Handling greyhounds at the trials while lure in motion

A reminder to participants that when on course for any trial sessions that the lure could be in motion at anytime.

Please be mindful of your surroundings and also with your greyhounds ensuring you have full control at all times.

NOTES OF INDUSTRY CONSULTATIVE GROUP (ICG) MEETING

HELD IN THE BOARDROOM OF GREYHOUND RACING SA LIMITED, 55 CARDIGAN STREET, ANGLE PARK ON FRIDAY 27 JULY 2018 AT 10.00AM

ATTENDEES:

Grantley Stevens (Chairman), Michael Fabbro, Paul Preiss, Ray Fewings, Judi Hurley, Peter Damarell, Melissa Trowbridge, Lisa Rasmussen, Ryan Tugwell, Tony Hinrichsen, Gavin Harris, Shaun Mathieson, Scott Wuchatsch, Des Jonas, Sheriden Milam (Notes Secretary)

The meeting commenced at 10.04am.

1 APOLOGIES

Sean Donnelly, Matthew Corby, Sarah Webster, Grahame Marshall and Lisa Michalanney were noted as apologies.

2 NOTES FROM PREVIOUS MEETING

It was noted that Peter Damarell was omitted from attendees list. Subject to this change, the notes from the previous meeting were agreed to be an accurate reflection of matters discussed at that meeting.

3 BUSINESS ARISING FROM PREVIOUS MEETING

3.1 Super Bonus Payments

GRSA clarified the details of the super bonus payments which the panel was supportive of. It was noted that for the breeder to be eligible for the bonus, they must reside within SA when the litter was whelped.

3.2 AGRC Items Completed

GRSA advised that the items raised by AGRC have been addressed and it was noted that the AGRC were comfortable with the outcome.

3.3 Syndication

The Chairman noted the Board's intention to encourage participation in syndicates.

The Panel noted information provided detailing the concept of an upfront payment covering the lifetime cost of the greyhound, whereas other syndication information was more around promotion of syndication. Panel members questioned the status of ASIC requirements and the Chairman noted there had been no changes to this. Panel members suggested it would be beneficial if GRSA were willing to act as administrators of syndications where a trust fund could be established where the costs of syndication could be managed from.

The Chairman suggested templates could be provided to groups and be managed via a Captain or Syndicate Manager rather than GRSA becoming involved which he noted would complicate matters. The Chairman appreciated the modelling provide by Panel members and believed it would assist groups to become involved by providing them sufficient information to manage the syndicate themselves.

GRSA indicated a proposed new role within GRSA would potentially be utilised in assisting Syndicates. The panel was advised that there would be a meeting to refine the process and look at suitable trainers willing to become involved.

3.4 Sky Racing Schedule

Panel members suggested altering Tuesday to a Category 3 would affect the calibre of dog and turnover. GRSA advised the alternate would involve a Category 2 meeting at Gawler on Sky 2. The Chairman noted that Management was pursuing Sky Racing

to secure a Sky 1 slot but was not guaranteed. Panel members noted six months of twilight racing would maximise punters in venues during this timeslot. Panel members suggested Gawler fields were generally weaker on Tuesday and therefore believed Friday was a better timeslot. The panel was advised GRSA had spoken with the Mount Gambier club regarding the schedule. They were to discuss it further via their committee meeting and would provide feedback. Panel members suggested it was a brilliant schedule which could not be faulted. Panel members suggested the schedule considered working trainers as they were able to access Murray Bridge on Sunday and Angle Park during the week. The panel suggested a review of the schedule after six months would be appropriate. Some panel members suggested they would not attend Murray Bridge every week as it affected their family time and would only do so if there was an increase to prizemoney.

Panel members requested the finish on lure be used at least one meeting at Murray Bridge and that it not be on the straight track. The panel was advised that the design of Murray Bridge was to replicate the current set up, that being seven meetings per week with three and a half catching pen and three and a half follow on lure.

The panel was advised of the lure options on the straight track at Murray Bridge. It was suggested both tracks will have the same appearance of the lure at Gawler and Angle Park, that being auto run up with same speed to release point however the straight track lure system had not been resolved as to the type of drive. Panel members noted their preference to a drag lure in the centre of the track.

Trialling options at Murray Bridge were discussed and it was noted this was still to be resolved. There was a suggestion to conduct trials following the last race on Sunday as it would be difficult to manage a night or weekend trial and there was potential to install an additional smaller kennel to allow for this. Murray Bridge trials on Saturday morning would prove problematic in regards to staffing. It was noted there was no simple solution to this issue. Panel members suggested trialling on Wednesday following racing. Panel members suggested the Murray Bridge committee would have an influence on this decision and would be guided by the participants and staffing availability. Panel members questioned whether leaving dogs in trailers would be allowed in cooler months should trials be conducted following racing. The panel was advised a structure could potentially be built at a relatively insignificant cost to allow for additional kenneling but this would be left with the committee for consideration and recommendation to Management.

It was suggested to the pane that there would be two trial sessions, potentially Tuesday and Monday morning and questioned whether a weekend or night opportunity was required. It was agreed, ideally one morning and one evening session would be offered and a trial schedule should be drafted which allowed for two trial sessions per club, per week.

The group questioned what options would be available for free galloping at the site. It was suggested that trainers were currently utilising the slipping track at the showgrounds and would require an alternative to this once it closed.

The slipping track at Murray Bridge was noted and advised that the lease on Strathalbyn had been renewed until mid-2019 and closure of this site would not occur until Murray Bridge was fully functional. It was suggested there was potential to have something available on site at Murray Bridge but restrict vehicles on site. It was indicated that Management would seek an

alternative to Stathalbyn and had approximately 6-8 months to do so.

4 AGENDA ITEMS

4.1 Mentor Subsidies

Management sought feedback on strategies to encourage established trainers to impart their knowledge and whether financial or other support would assist. The panel suggested involving students from TAFE animal courses. The panel suggested Terry Cahalan had previously done so and encouraged GRSA to contact Shaun Laffin regarding this. It was suggested a registration of interest be available on the website and depending on where they live they would be paired up with an appropriate established trainer. It was recommended that any persons interested were vetted to ensure they were reputable. It was also suggested insurance coverage should be considered.

4.2 Puppy Racing at 14 Months of Age

The panel questioned the appetite to consider racing at Virginia at 14 months. Panel members suggested they did not have any issues with this and that it would be limited to four dog events. The Chairman noted the national rule that did not allow for this as coursing was considered racing. He noted there was potential to introduce a local rule however GRSA noted the risks around this and suggested this may give rise to criticism from antis. The panel suggested dogs could be trialled at 14 months old without the risk of injury of racing or negative comments to the industry. It was agreed to maintain the national rule at 16 months however the Chairman committed to discussing the matter further at the GA meeting in August.

4.3 DACO Update

The panel was advised of the complexities of the new legislation and variances in how councils are handling the new rules. Panel members advised they had written to both the Local Government and Racing Ministers requesting an exemption for greyhounds. Panel members advised exemptions exist for SA Dogs members. Panel members highlighted flaws with the DCMB process and noted disappointed that GRSA had not actioned earlier concerns from previous meetings. It was suggested a training session for participants be arranged on how to complete transfers.

The panel was advised that Management were working closely with the DCMB but due to absentee from the meeting these details were not able to be provided to the panel. Panel members requested an outcome before the end of August.

4.4 Litter Viability

The Group noted the update.

4.5 Structure of National Championships

The panel was advised about the length of time taken to run the nationals heats and finals and potential issues with greyhound numbers, particularly with staying events. It was noted there was a commitment to heats and finals for this year, however there was potential to head towards a best eight which would leave more room on the national calendar. Panel members noted her concern with the lack of distance races leading up to the nationals. It was suggested that serious trainers would nominate for stayers best eight races however sprinters would require heats with the intention of attracting the best dogs in the national finals. Panel members suggested a distance race the week prior as a lead in race for stayers. It was suggested for next year to move the stayers cup closer to the national finals.

4.6 Dress Code - Wet Weather Jackets

The panel was advised that the current style of wet weather jacket was no longer available so Management needed to consider

other options. The panel were presented jacket options and suggested a red jacket was the preference of Management at a cost of approximately \$40. Panel members suggested they preferred the new styles presented to the current jacket being used. Management questioned whether a safety element to the jackets needed to be considered. The group's preference was for a red/black version of the one presented.

Further discussion was held around the dress code and how it is interpreted. Management advised Stewards comply to the policy to maintain a level of professionalism suggested the current standard was fairly good.

4.7 ICG Panel Members

Management noted information provided through Members of Company. The panel was advised the most recent members of the panel had been appointed for a two year term but also had existing members on the panel for a number of years. It was suggested the newer members to continue for another two year term and older members to continue for a one year term. The panel noted their comfort with this approach. Management questioned whether all regions should have representation on the panel. However it was noted the strategic view of the panel was to look at the industry as a whole not by region however the Members of Company had the ability to include additional members on the panel as they saw fit. The panel recommended this be taken to Members of Company for their consideration. Melissa Trowbridge advised her availability and ability to continue on the panel may change as her work situation has changed.

5. OTHER BUSINESS

The panel noted a recent 5AA radio segment with Jeremy Cordeaux in which he referred to the Four Corners program on thoroughbreds and referenced greyhound euthanasia. Members suggested it would be beneficial for the CEO to make contact with the station and request an audience with Jeremy in this timeslot. The Chairman thanked panel members for this information and committed to passing this on to the CEO.

Panel members raised concern regarding an integrity issue. The Chairman noted the panel's concerns and took their comments on board and advised that this matter is under investigation and will be addressed with priority.

Panel members noted the change to the on-course bookmaker, elevated odds and lack of punters betting. The panel questioned if this arrangement will last. Other members suggested the current bookmaker would stay.

NEXT MEETING:

To be announced.

DRAFT TRIALLING SCHEDULE (POST COMMENCEMENT AT MURRAY BRIDGE)

FOR INDUSTRY FEEDBACK

Whilst racing at Murray Bridge will require Greyhound Racing South Australia (GRSA) to establish a new racing schedule, equally important is the development of a new trialling schedule.

GRSA is extremely conscious of having a trialling schedule that gives trainers from all regions the opportunity to participate as conveniently as possible. The schedule must allow trainers to not only prepare their greyhounds for race meetings, but also to educate younger greyhounds in the very early stages of their careers.

The proposed trialling schedule below (for the Adelaide region only) needed to consider the following important factors, including but not limited to track utility, resourcing, travel times, trainer circumstances and track access issues.

Management wishes to emphasise that the trialling schedule is still at a draft stage and GRSA seeks feedback from the industry on whether the proposed schedule generally meets the needs of all participants.

Feedback can be sent to Racing Manager Shaun Mathieson at shaun.mathieson@grsa.com.au or via the GRSA closed Facebook Page where this release will also be posted. We welcome your feedback on this critical aspect of future scheduling.

NB. As the trial days at Mount Gambier will remain unchanged, they have not been included as part of this process.

FUTURE SKY RACING SCHEDULE

Over the past six months, Greyhound Racing South Australia (GRSA) has sought feedback from the industry in regards to the future SKY racing schedule upon completion of the Murray Bridge project.

GRSA recognises the importance of having a racing and trialling schedule that gives trainers from all regions the optimal opportunity to participate, hence the length and breadth of the consultation that was undertaken throughout this process.

It was assumed that any schedule put forward to the industry would cause some participants to feel that the allocation of race meetings does not meet their individual circumstances. However, the final schedule simply aims to benefit the majority of South Australian participants.

One of the key pillars of the schedule is the positioning of the new Murray Bridge 1-turn track in a time-slot that is accessible to all participants. Racing on a Sunday twilight will give professional, semi-professional and hobbyists all the opportunity to race at GRSA's newest venue and showcase our sport to a new community of patrons.

The success of this schedule will be monitored on an ongoing basis and GRSA always remains open to making changes if the allocation of race meetings does not meet the needs of South Australian participants.

GRSA would like to thank participants and Clubs for the feedback received throughout the consultation process.

FINAL SKY RACING SCHEDULE

Monday	Angle Park (Night)
Tuesday	Gawler (Day)
Wednesday	Murray Bridge Straight Track (Day - Fortnightly) Mount Gambier (Day - Fortnightly)
Thursday	Angle Park (Night)
Friday	Gawler (Day/Twilight)*
Saturday	-
Sunday	Mount Gambier (Day) Murray Bridge 1-Turn Track (Twilight)

* Day during daylight savings, Twilight during non daylight savings

GREYHOUND RACING SA MEDIA RELEASE**Wednesday September 12, 2018.****For immediate release****SOUTHERN GREYHOUND RACEWAY CLOSURE**

The impending completion of the new Murray Bridge project will bring with it the cessation of racing at the Southern Greyhound Raceway (Strathalbyn).

Greyhound racing at Strathalbyn has been a constant fixture on the Greyhound Racing South Australia (GRSA) calendar since the early 1970's. Throughout its history, the Club has always been operated by a dedicated and hard working group of volunteers and the current Committee is no exception.

Whilst it will be sad to see the last greyhound race around the Strathalbyn track, it will be a bittersweet moment as it will mean that racing at the new Murray Bridge facility is just around the corner.

As part of the transition from Strathalbyn to Murray Bridge, there will need to be a period of time where no racing will occur in the region – currently intended to be around eight weeks. This shutdown period is to allow essential equipment and infrastructure to be transported to Murray Bridge in readiness for trialling and then racing.

As such, the Strathalbyn Club will conduct their last ever race meeting on the final of the 2018 Strathalbyn Cup.

The SGR committee were extremely keen to be able to stage a final Cup prior to the cessation of racing, something which GRSA supports as an appropriate objective despite the busy feature race schedule during this period.

The Cup will slot into a small window of opportunity after the Adelaide Cup and before the Gawler Cup. Heats will be run on Tuesday 16th October, with the final five days later on Sunday 21st October.

Some meeting changes were required to facilitate the running of the last ever Strathalbyn Cup therefore participants should be encouraged to check the most recent calendars on the website and in Kennel Capers.

As the industry progresses towards this exciting era of racing at Murray Bridge, GRSA wishes to recognise and thank the efforts of participants, volunteers and committee members (past and present) who have contributed so selflessly and enthusiastically to the social fabric of racing at Strathalbyn and the surrounding region.

Presentation of greyhound at kennelling time

Trainers are reminded to ensure they are aware of and adhere to kennelling times set by the Controlling Body.

Recently there have been occasions where greyhounds have been presented for kennelling after kennel closing time. Stewards refer Trainers to GAR 31 [in particular part 4, as highlighted below] which reads:

R31 Presentation of greyhound for racing and kennelling time

- [1] The handler of a greyhound drawn for an Event shall present the correct greyhound to the Stewards at or before the time specified in sub-rule 2.
- [2] Unless otherwise specified, a greyhound drawn for an Event shall be in the hands of the Stewards not later than 45 minutes before the advertised starting time of the first Event of the meeting or qualifying trial.
- [3] The Stewards may alter the kennelling time referred to in sub-rule [2] if deemed necessary.
- [4] A greyhound not presented pursuant to sub-rule [2] shall not be allowed to compete in the Event for which it has been drawn and shall be prohibited from competing in any Event for a period of not less than 28 days commencing on the date on which the failure to comply with sub-rule [2] occurred, provided however that the Stewards or Controlling Body may revoke or vary such order of prohibition.

Penalties will be enforced for non-compliance.

Veterinary Certificate of Euthanasia

It is a requirement under the Rules that when a greyhound is euthanised, a veterinary certificate of euthanasia is required to be lodged with the GRSA 106 Notification of Euthanised Greyhound form.

It is the responsibility of the person lodging this form to ensure this certificate is collected from the treating veterinary practice. GRSA will also be reminding all clinics with regular greyhound clients of the same requirement.

Recent correspondence from Dog and Cat Management Board (DCMB)

A letter from the Dog and Cat Management Board (DCMB) was circulated via mail to all Trainers and Breeders on 30 August 2018. The letter addressed a number of concerns from participants and clearly lays out the requirements for dog registration and breeder compliance.

GRSA always encourages our participants to comply with legislation. We understand that this may be a time of significant change for some of our members and as with any new system, there are always challenges. GRSA is working in the best interest

of our industry to make this transition as smooth as possible.

Whilst your first point of call for any queries is with your local council, GRSA is accepting of feedback from participants and will continue to be open to feedback about how the legislative changes affect individuals and business. You can provide this by emailing licensing@grsa.com.au or contacting the Integrity department on 8243 7100. If you would like a copy of the letter, please contact us through the same channels.

Kennel inspections

GRSA always works closely with participants to ensure animal welfare is the highest priority at all times. This is done by ensuring all greyhound establishments are monitored on a regular basis by the Animal Welfare team.

All participants are reminded [under GAR 18] that all GRSA officials have the power to enter at any time the land or premises owned, occupied or under the control of a licensed person and used in any manner in relation to any licence or club and; to do so without prior notification.

GRSA officials understand they may at times arrive at inconvenient times for participants and they will do their best to accommodate things like medical appointments etc. However, they also appreciate your cooperation and understanding and they look forward to seeing you in the near future.

The Golden Rules

Since the introduction of cobalt and arsenic thresholds, all participants should be reminded – in their own best interests – that there are a number of Golden Rules that can help them to avoid making any such breaches (for prohibited substances generally) and which should be adhered to as principles of best practice:

- Always consult your vet to seek guidance in relation to any of the products that you are using, any associated risks and other relevant context
- Review the range of any feeds or supplements that you typically purchase and, wherever it is reasonable to do so, replace products containing substances that could contribute to a threshold breach under the rules (eg. cobalt) with alternative products
- Observe the instructions on any products that you use and adhere strictly to those directions (having regard for prescribed amounts, frequency of administration/ application, methodology for administering/applying)
- Ensure a greyhound is never administered any treatment on race day other than as relates to its feeding and drinking requirements [GAR83(A)](1) treats this as a specific offence]
- Refrain from the use of injectable treatments (eg. Vitamin B12) to any extent that is practical, including ensuring a greyhound is not administered any injectables the day before an event

Our registered participants have the responsibility to ensure that greyhounds are presented to the track free of any prohibited substances. This information is offered as advice in good faith and should not be relied on as a defence in the event of a breach occurring.

Inquiries and notifications

Mr. Brian Weis – Notice of positive sample – greyhound GINGER ROAD was found to have SALBUTAMOL in a urine sample following an event at Mount Gambier on 24 June 2018. Inquiry to be scheduled at a date to be fixed.

Illegal vet medicines not worth the risk or the money

Lisa Croft
Deputy Chief
Executive Officer
APVMA

Protect your dog's health and performance and your pocket by using APVMA registered products

Stopping and deterring the import of unregistered overseas veterinary products by Australia's racing industries is just one of the jobs that keeps compliance officers at the Australian Pesticides and Veterinary Medicines Authority (APVMA) busy on a daily basis.

Lisa Croft, APVMA Deputy Chief Executive Officer, said that greyhound owners and trainers using products not scientifically assessed or registered by the APVMA were risking their dogs' health and performance and their money.

"Any veterinary chemical product that provides a therapeutic benefit or is injected into an animal must be registered by the APVMA before it can be legally manufactured, imported, sold, advertised or purchased in Australia," Lisa said.

"Any human-use medicine or compounded product given to an animal must also be APVMA registered, unless it has been prescribed by a vet."

Lisa explains how hundreds of illegal veterinary products bought from United States-based websites have been seized at the Australian border in the past few years.

"Through our partnership with Australian Border Force we have intercepted and destroyed tens of thousands of dollars of illegal and unsafe injectable medicines destined for use in racing dogs," Lisa said.

"Importers could have saved themselves the financial loss had they first checked whether the product was legal to import into Australia."

"Last year we became aware of a pharmacy in NSW supplying an unregistered injectable muscle treatment drug without a vet prescription to greyhound trainers nationwide," Lisa said.

"Fortunately, the pharmacy responded quickly to our communications and voluntarily changed its practices to comply with agvet laws."

"We appreciate the importance of accessing the latest medicines on the market to keeping racing dogs in top condition and there are numerous products in our public database of registered chemicals that will do the job safely, and as claimed."

"Veterinary chemicals that come through the APVMA's regulatory assessment have gone through the proper checks and balances to ensure product safety and effectiveness."

Report suspicious and unregistered products to the APVMA at compliance@apvma.gov.au or phone 1300 700 315. Reports are treated confidentially and help ensure unsafe or ineffective products do not continue to be available in Australia.

Changes to GA Naming Policy

At the most recent meeting of the Greyhounds Australasia (GA) Board, minor changes to the GA Greyhound Naming Policy were approved.

GA sought participant feedback on proposed changes with consideration given to each submission.

The orderly and responsible issuing of greyhound names is a feature of high quality greyhound racing administration. GA takes its role as the delegated service provider of this service to controlling bodies very seriously.

The revised policy acknowledges that our language evolves. Words change meaning and new words enter our vocabularies. GA now regularly rejects names that were approved in the past on grounds that the modern meaning is likely to offend.

The revised policy clarifies the role of GA and controlling bodies in the naming process, the approach taken by GA in approving or refusing naming applications, and the rights of GA and controlling bodies to refuse any name.

The revised policy clarifies the use of names which are difficult to pronounce, have more than four words, use initials, and are renowned in the industry.

In approving a greyhound name, GA takes in to consideration the unique nature of greyhound racing where there is limited opportunity to call all competitors in most races. Easily pronounced names benefit race callers, participants and wagers.

GA has more than 700,000 approved greyhound names currently in its database.

GA plans to regularly review its naming policy in line with ongoing changes in our language.

Michelle Grima
Naming Registrar

GREYHOUNDS AUSTRALASIA NAMING POLICY

As at August 2018

The orderly and responsible issuing of a greyhound name is a feature of high quality greyhound racing administration. The process has been delegated by controlling bodies to Greyhounds Australasia as a vital national service.

The Greyhounds Australasia naming Registrar operates under a policy approved by member controlling bodies and operates in the best interest of the greyhound racing industry.

A key feature of the policy is that Greyhounds Australasia and the Controlling Bodies reserve the right to refuse any name.

The Naming Registrar will apply common sense and knowledge from significant experience and will use readily available search tools as the foundation approach to the assessment of all naming applications.

To support official naming of greyhounds, the policies detailed below are applied at the time of the naming application being processed.

In addition, the naming Registrar will apply the following criteria to refuse an application.

Naming Criteria

1. The name has been granted to a greyhound during the 15 years prior to the receipt of the application.
2. The name has previously been granted to a greyhound recorded as a sire or dam in the Greyhounds Australasia database.
3. The name has previously been granted to a greyhound recorded as a group winner in the Greyhounds Australasia database.
4. Close similarity in the pronunciation of names, e.g. Mr. Yew, Mister You.
5. Names that we consider to have a political or religious connotation.

6. Names that we consider are difficult to pronounce.
7. Names that we consider are derogatory or down-grading or offensive.
8. Names that we consider are obscene or vulgar.
9. Words that we consider are not commonly recognised or understood in Australia and New Zealand.
10. Names with more than sixteen characters inclusive of spaces, apostrophes, etc.
11. Names with more than three words, including single words made up of three or more words with limited spacing between words.
12. Names which imitate race track phrases or terms e.g. "Vacant Box", "Late Scratching", "Number Four", "Red Rug", "Blue Box", etc.
13. The use of names of Wagering or Broadcasting entities.
14. Names which indicate opposite to the actual sex of the subject greyhound.
15. The use of pronouns, prefixes and affixes, e.g. "The" Architect.
16. Trade names unless the Naming Registrar receives written approval from the owner of the trade name.
17. Names of prominent racing events without the permission of the appropriate authority.
18. Full names or their 'pseudonym' name of prominent persons eg. Marilyn Monroe (being her stage name) or Norma Jean Baker (being her real name).
19. The use of initials and/or single letters, or the use of words to reflect initials eg. I E C or EYE EE CEE.
20. The excessive use of apostrophe.
21. The use of numerals.
22. A name already registered as a Prefix/Suffix to some other applicant.
23. Names of prominent or renowned greyhounds.
24. Certain words that may be used generally but are 'owner' words eg. ANZAC.
25. As the indexations of the Stud Book demands correct English, names such as "Stop 'N' Think" would be granted as "Stop And Think".

Naming applications received that are deemed vulgar or offensive shall be referred to the jurisdiction that the participant is registered with.

It should be noted that the Greyhounds Australasia office receives approximately 2,500 names per week in the preferential listings submitted. Where all names on an application are exhausted, the Greyhounds Australasia policy is that the Naming Registrar shall choose a name from elsewhere.

7 September 2018

Greyhounds Australasia (GA) manages passport applications from Australian greyhound owners wishing to export their greyhound overseas under GAR 124 (2)(e).

GA has revised its policy in relation to passports for greyhounds where the intended destination is unregulated. The revised policy ensures there is no industry or public confusion about the industry's position which is to help ensure the wellbeing of all greyhounds at every stage of their lifecycle.

GA has not issued passports to greyhounds where the intended destination is unregulated for several years. However, GA's formal policy position had been to allow the passport applicant to provide evidence of the animal welfare standards at the destination and for that evidence to be considered by GA before a decision to grant or reject the application was made.

The revised policy makes it very clear that a GA passport will not be issued under any circumstances to greyhounds where the intended destination is unregulated.

The updated policy is as follows: -

Where the intended destination for the export of a greyhound is an unregulated country or jurisdiction (including where Greyhounds Australasia has no formal association with a recognised central regulatory authority), a GA passport will not be granted.

GA is providing an opportunity for participants to have their say on the revised policy. Feedback is open until 21 September 2018 and should be submitted by email to admin@galtd.org.au

GAP at the Adelaide Show

GAP SA have been super busy at the Royal Show and it was a great success!

A heartfelt thanks to all the volunteers and dogs who have helped over this period to make it a success!

Do you have a small dog?

Do you or someone you know have a small dog that could benefit from some socialisation and company during the day?

GAP SA is looking for small dogs to help with their green collar and first point assessments.

Your dog will be well looked after with plenty of pats and treats throughout the day. They will assist with either green collar assessments for dogs that have been living with foster carers or for greyhounds entering the program.

During assessments, greyhounds will be muzzled, on a leash and handled by an experienced assessor and handlers. All dogs will be walked around together in a secure testing area for approximately 5-10 mins to assess the greyhound's reaction to the small dog. If the greyhound is reacting well we will allow them to approach and sniff the small dog.

We are looking for dogs that are generally social and happy meeting other dogs and ones that walk well on a lead. Sessions are rostered at least a month in advance and are generally around two to four hours in length.

If this sounds like something you or someone you know would be able to help out with on either a regular or ad hoc basis, without any obligation, we would love to hear from you. Please contact GAP SA on 8243 7124 for further details.

You. Me. 6 Weeks. FOSTER A GREYHOUND

GAP SA is on the lookout for dog lovers all over South Australia willing to join our Foster Care Program and help prepare retired greyhounds for their forever home.

You'll be provided with a foster pack containing dry food, pet mince, collar, lead, bed, bowl, toy, coat, vet care and reimbursement for travel.

All you'll need to provide is patience, basic training, and a loving, caring environment.

Projects Update

Strategic Projects Manager **Scott Wuchatsch**

Murray Bridge Track Update

Significant progress has been made at Murray Bridge over the past month since my last update and the focus of project is now more about finishing touches than any major construction work.

The tracks are almost in a position to receive sand, starting boxes, timing system and the final lure system components, which means that the possibility of trialling is not too far away.

GRSA are hoping that upon the closure of Strathalbyn on Sunday 21st October, that Murray Bridge will be in a position to start running trials shortly after.

Installation of the infield camera and lure drive tower has been scheduled for the last week of September, which is the last major construction element in the project.

The majority of the work remaining relates to the car park, internal roads, mounding of site spoil, grassed and landscaped areas and completion of the fencing.

Participants are reminded that the complex is still currently a construction site managed by the builder and as such, access onto the property is strictly prohibited.

In the next edition of Kennel Capers, GRSA intends to publish full guide for the new Murray Bridge complex. This will provide participants with all the necessary logistical information in the lead up to trialling and racing.

Angle Park Cable Issues

In the past month the maintenance team has experienced ongoing issues with the lure system cable at Angle Park. These issues ultimately resulted in the loss of a Wednesday race meeting after two cable failures in two consecutive days.

Investigations into these failures have occurred and the issues have been traced back to the supply of incorrect cable, as opposed to any issue with the lure system infrastructure and/or the cable splicing.

Following the failures, GRSA was able to immediately source alternate cables from Greyhound Racing Victoria [GRV]. Maintenance staff member Brad Beckett, who was on annual leave at the time, was able to come to Angle Park and successfully splice the new cable onto the system.

GRSA would like to thank both Brad and Adam Bailey [GRV] for their efforts, at very late notice, to assist the team in getting Angle Park back in a position to conduct race meetings within 24 hours.

The cable supply issue has now been resolved, and the supplier has assisted GRSA in sourcing the correct cable from an overseas manufacturer.

Adelaide Cup

With just under one month to go until the 2018 UBET Adelaide Cup, we are all well and truly into event management mode!

Our Adelaide Cup this year is looking to be a crowd pleaser with bookings already coming thick and fast. This year our theme is 'Watch Them Fly' which lends itself to the greyhound being a SuperDog! In support of this, our amusements for the kids will also be superhero themed – not only will we have free face painting, rides and jumping castles, we will also have visits from some super heroes themselves – Batman, Superman, Wonderwoman and Batgirl!

On top of this we will have live music, food vans and for the adults, a chance to win some serious cash through our popular Cash Grab.

As usual, entry is via Gold Coin Donation with Under 18's free. Or dine in style and book in for the buffet for \$40. Phone 8243 7150 to reserve your table. Gates open at 5pm, racing from 6.20pm.

Industry Bookings for Adelaide Cup

As mentioned above, bookings for Adelaide Cup have been streaming in even though we haven't officially advertised the event to the general public!

Last year was a sold out event upstairs for the buffet and it is looking as if we will book out even earlier than last year so we are encouraging industry bookings to be made as early as possible.

The good news is that the offering remains the same as last year - \$40 will cover entry to the track as well as the buffet, with licenced industry participants receiving the discounted rate of \$30. Bookings are essential and prepayment will be required. Phone 8243 7150 to reserve your table.

Adelaide Cup Sporting Club Offer

Do you know of a Sporting Club that would be interested in organising a group to come to our Adelaide Cup and raise money at the same time?

We have a special deal for sporting club bookings! \$20 per person will cover entry to the track, a \$5 betting voucher and 3 drink vouchers. And for bookings of 40 people or more we will pay for a bus to get the group to Angle Park and back! Clubs can on sell this package to their members for a higher price and then pocket the difference – everyone wins!*

* Conditions apply. Packages do not include Chasers buffet. Over 18 years and over - children not included. Bookings must be finalised and paid before 6th October 2018. Limited spaces available so book early.

Podcast

GRSA is extremely excited to announce that we are only weeks away now from recording the first episode of the 'Dogcast' – GRSA's very own podcast for the South Australia greyhound racing industry.

This podcast will see us chat about the local greyhound industry – the week that was, the week that will be, hot topics and more! Keep an eye out on GRSA's Facebook page for updates on when, where and how you can listen to the Dogcast.

GAP SA sponsors Murray Bridge Show!

Grey-t news with our Greyhound Adoption Program becoming naming rights sponsor of the Murray Bridge Show.

Recently GRSA signed an agreement which will see GAP SA becoming naming rights sponsor to the Show for 3 years!! GAP SA will definitely have a presence there at this year's show and we look to build our presence there in the years to come. Keep an eye out for our greys – this year's show is on Saturday September 22 & Sunday September 23!!

Blake brothers chasing another Iron Dog title

■ MOUNT GAMBIER

An impressive all the way win by Haddi Bale in the first heat of the second round of the Metal Worx Iron Dog (400 metres) at Tara Raceway on 9th September clinched a spot in the 512 metre final on Sunday 17th for White Hills brothers Calum and Aaron Blake.

And they'll be chasing their second Iron Dog title, six years ago the brothers, aged 16 and 20 respectively, winning the inaugural series – then run over 400 metres and 512 metres – with Kiss Me Donkey who defeated Ten Doeschate in the final.

Haddi Bale was purchased for \$3500 by Calum Blake in April this year after having won five races at Sandown Park, Shepparton and Geelong – the brindle bitch now racing in Blake's 20-year-old girlfriend Jaz Warzywoda's name and his brother trained the September 2015 whelping for her first win for her new owner.

Tipping the scales at a sizeable 31.5 kilograms, Haddi Bale, who has drawn box one in Sunday's final, is by Roanokee out of Darya Bale, a winner of 18 races in three States, along with stake money of \$82,000 – this being one of the sire's last litters whelped in Australia.

Paraphernalia's all-the-way win in the second Iron Dog heat sees the son of Big Daddy Cool x Scrappy Coco into the final from box three for Horsham trainer Jeff Guy and chasing back to back Iron Dog titles after an all the way win over Hit The Runway in last year's series.

A veteran of 124 starts, the 4½-year-old fawn dog – with best times of 22.83, 29.71 and 34.97 at Tara Raceway – overall has now won 31 races and run 29 minor placings, Guy believing Paraphernalia is racing as well as he was at the same time last year.

"He's won more races at Tara Raceway this year than any other dog and while he continues to race well at the track I'll keep bringing him over," he said.

"He pulled up a treat after last Sunday's win and even though

Aaron Blake with Haddi Bale after her second round Metal Worx Iron Dog win.

I'm primarily looking at confining his racing to Mount Gambier, the following week's local division of the SA Country Cup (512 m) is certainly worth seriously considering."

Cryer's Plugger, who didn't have much luck in last year's Iron Dog final when finishing fifth, goes into Sunday's final as leading point scorer after winning both his heats for Margaret and Tom Cryer of Apsley but having to contend with a tricky box four draw.

And Portland trainer Nicole Stanley, who won the 2016 Iron Dog series with Old Jock, will be looking for her enigmatic greyhound Hit The Runway to go one better this year.

Noosa Parade, whose last win was at Tara Raceway over 600 metres back in early April, turned in a couple of eye-catching placings to make it through to the final for Ecklin South trainer Peter Fulton who will be hoping the son of Collision x Miss Black Fern can find winning form again from box eight.

Perfect day out at Gawler

GAWLER

Local trainer Adam Manton had the perfect score with the two runners he took to the track on Tuesday 4th of September at Gawler greyhounds.

Adam's first winner came in the Grade 5 event over the 400m trip, with his runner Rip It Ralph [3] leading for most of the race to win by a handy five length margin over Long Gully Ella [5] for Paula Hearnden, and third was Zambora Beau for Troy Murray.

Two races later, a 531m Grade 6 event, it was Harvey Specter that showed the way from box 5, to lead from Victa Caleb [1]. Down the back straight, Victa Caleb gradually overtook the leader, with Adam's runner Black Antico following. Black Antico was able to sweep to the lead as they entered the home straight, and went on to win by two lengths. Finishing second was Victa Caleb for Mick Giniotis of Two Wells, with Harvey Specter in third spot for Kim Johnstone also of Two Wells.

Based at Lewiston, Adam trains Black Antico for Kath Johnstone. Adam has trained for Kath for about four years and currently has her two racing dogs, plus some mature pups that are about to start their race training. Black Antico has the kennel name of "Mickey" and Adam says the black dog really switches on when he gets to the track. That accounts for his good level of success at the track, which

Adam Manton and Jayne Jarman with Black Antico.

now stands at 6 wins and 6 placings from 17 starts, all achieved in Adam's care. Just to show it was no fluke, Adam landed another winner and a second from his two runners the next day at Angle Park.

Although he has trained a double on a Sunday night, this is Adam's first double on a week day, on this occasion taking advantage of a holiday from work. With a full time job, numerous pups to rear and some retirees at home as well, Adam likes to look after a maximum of 6 racing dogs. This keeps him very busy but that's the way he likes it. Adam's partner Jayne

Jarman loves working with their dogs, and is also busy with fostering and rehoming greyhounds. It requires a big team effort to cope, something Adam and Jayne perform well.

Adam's interest in greyhounds came about when a mate asked him to join his syndicate, with a dog which was trained by Des Hockley at Lewiston. Having some success and getting involved was the start for Adam, and with Des' mentoring and advice, he has increased his involvement. It was a change of lifestyle that both Adam and Jayne greatly enjoy.

TRIALS

ANGLE PARK

QUALIFYING TRIALS – NOW WEEKLY

Angle Park Qualifying Trials are run weekly on Tuesday night, for the corresponding Monday APM meeting and the Wednesday APD meeting. Trainers must be specific on their nominations about which day they are trialling for and what distance. (ie Wed 388m, Mon 515, Mon 600m etc)

Tuesday Angle Park Qualifying dates are:

September 18th (for APM Monday meeting on 24th September – no APD Wednesday meeting on 26th September due to Time Grading meeting)

September 25th (for APM Monday meeting on 1st October – for APD Wednesday meeting on 3rd October)

October 2nd (for APM Monday meeting on 8th October – for APD Wednesday meeting on 10th October)

October 9th (for APM Monday meeting on 15th October – for APD Wednesday meeting on 17th October)

October 16th (for APM Monday meeting on 22nd October – no APD Friday meeting on 26th October due to Time Grading meeting)

October 23rd (for APM Monday meeting on 29th October – for APD Wednesday meeting on 31st October)

Nominations close with GRSA at 12.30pm on the Tuesday of the meeting.

NOMINATING ONLINE FOR QUALIFYING TRIALS

For Angle Park, Gawler and Strathalbyn qualifying trials the nominations must be lodged with GRSA by 12.30pm on the day of the meeting. To nominate online however you can only do this up until 11.59pm the day before. Due to a system security policy you cannot nominate on the day for these trials online. Please contact our staff if you have any issues with these nominations prior to them closing.

SINGLE TRIALS

A reminder to trainers that single trials can be booked with two greyhounds however you need to advise when booking of your intention to do this. If you wish to put three or more into this trial then a field trial will have to be booked.

BOOKING NUMBER FOR TRIALS

Participants wishing to book trials are required to ring 8243 7172, this phone line will only be used for trial bookings and will queue participants. By having this one number with participants queuing makes this process to be a more efficient way of booking trials.

There will be NO trials accepted through the normal

administration number. To be fair to everyone GRSA will only accept bookings using the new number.

POLICY FOR TRIALS IN PLACE

Remember trials will only be taken from –

- * 11.30am Monday for Angle Park Tuesday nights
- * 11.30am Tuesday for Gawler Wednesday nights
- * 11.30am Thursday for Angle Park Saturday morning (day earlier due to being morning trials)
- * For Public Holidays it will be the working day before ie if Monday is a Public Holiday then bookings taken on the Friday
- * trial days that are not booked in with GRSA remain the same process (ie Gawler Thursday)*

POLICY FOR TRIALLING AT ANGLE PARK AND GAWLER BEFORE THE RACE MEETING

RACE MEETING TRIAL POLICY

Angle Park Monday & Wednesday along with Gawler Tuesday, Friday and Sunday.

Two fields from the boxes with a maximum of four (4) greyhounds will be conducted immediately following the completion of the kennelling procedure for the Race Meeting.

The following lists the order in which greyhounds will be selected in the event if more than 8 greyhounds nominated.

1. Reserves at the Meeting that do not obtain starts.
2. Trainers that have greyhounds engaged and are located in an area affected by track closures.
3. Trainers that have greyhounds engaged.
4. Satisfactory trials.
5. Other greyhounds.

PROCEDURE/CRITERIA

1. For Monday nights trainer to contact GRSA between 10.00am and 11.00am on the Monday to nominate. Should the Monday be a public holiday bookings are to be made between 8am and 9am on the scratching line.
2. For Angle Park Wednesday, Gawler Tuesday & Friday trainer to contact GRSA between 4.00pm and 4.30pm on the day before.
3. For Gawler Sunday trainer to contact GRSA between 8.00am and 9.00am on the scratching line to nominate.
4. Other than reserve greyhounds Trainers will be restricted to trialling one (1) greyhound unless nominations determine otherwise.
5. Stewards allot the Box for the Greyhound.
6. Trials will be 515m & 531m in distance as first preference. Other distances considered depending on nominations.
7. Greyhounds currently under suspension or not cleared to race are not eligible to be nominated (these trials are conducted as if they are at a race meeting so all greyhounds need to be eligible at nomination time).

8. Greyhound registration certificate or cards must be produced at kennelling time.
9. Trainers with other greyhounds engaged can utilize the extra kennel space until such time they are ready to leave OR trainers with no other greyhounds will be free to leave following their trial.

If there are 12 races at Angle Park or Gawler there will be NO trials.

The Vet Clinic at these meetings cannot be used to accommodate any greyhounds to allow for extra trialling greyhounds. This policy has been introduced so that participants book in under the policy. The Vet Clinic needs to be available for the Vet and Stewards at race meetings

EXCEPTIONS TO THIS POLICY-

- Thursday nights are kept available for the option for Interstate greyhounds to solo trial in a lead up to our Group races and also local greyhound's trialling for Group racing interstate.
- Local greyhounds will be allowed to solo trial in a lead up to a feature race upon request and they will take one of the eight kennels available for trialling ahead of the policy and sit separately to the 4 dog trials. Feature races are considered to be – Adelaide Cup, Gawler Cup, Oaks, Derby, Howard Ashton, Brian Johnstone, SA Sprint, SA Distance Championship, SA Anniversary Cup, SA Country Cup, National Finals & any Group race Interstate.
- Local greyhounds will be allowed to trial on a race night, where they are in preparation for a feature event and nominated for a meeting and the race does not stand up. This will include all distances and also take precedence over the policy.
- If a greyhound qualifies for a feature final and requires a trial in between this will be conducted as a solo trial and sit separately to the 2 four dog trials.

It is extremely important that trainers book in to trial at these race meetings. If unable to book in at these times then please contact GRSA where permission may be given to accept a booking outside of these times. .

GAWLER

QUALIFYING TRIALS AT GAWLER

Qualifying trials are held every Wednesday for the corresponding Tuesday.

MURRAY BRIDGE

Trials are held on SUNDAY MORNINGS, from 9am to 10.30 am. Bookings MUST be sent via Telephone to Kay Burns 0437 497 554 or Bob Harris 0410 668 682 or email to burnsron1@bigpond.com. If there are no bookings there will be no trials.

MOUNT GAMBIER

The Mt Gambier GRC committee advises that satisfactory trials can be run in the summer months under the criteria below.

1. On race days when there are less than 12 races.
2. On race days with 12 races when the temperature is 30 degrees or less trial can be run before the first race but greyhounds must leave the track straight after the trial to head back to their home kennel.
3. On a Saturday trial session when stewards are available.

These trials will have to be booked in with GRSA in consultation with the Mt Gambier GRC.

STRATHALBYN

All bookings for normal trials will be taken by the Club. You can book trials via text MSG / or call Yvonne King at the Club on 0407 334 349 between 9am and 11am on the day of the trials. All qualifying trials will need to be booked through GRSA as per normal by 12.30pm on the day of the Qualy trials. GRSA thanks the support of Yvonne and the Strathalbyn GRC in regard to these changes.

The following dates are for the next trial sessions -

Wednesday 19th September
Wednesday 26th September
Wednesday 3rd October
Wednesday 10th October (Qualifying Trials)
Wednesday 17th October

We will allow for trials, following race meetings with a maximum of 8 (to be kennelled at kennelling time into race block 11.) These trials need to be rang through to Yvonne King from the Club, (following eligibility guidelines agreed with by GRSA.)

****Please note if there are 11 races on the program then there will be No trials during the race meeting****

Wednesday

- All trials including grabs and pen trials start at 6:30pm
- Field Trials followed by Single Trials from each distance starting at 536m to 416m to 319m
- At conclusion of 319m Pen Trials late Grab Trials will commence starting from 319m to 416m to 536m

Wednesday Nights with Qualifying Trials -

When Qualy Trials are conducted in conjunction with Satisfactory Trials the Satisfactorys are first followed by the Qualys Trials starting at 6.30pm.

DEMONSTRATING EXCELLENCE AT EVERY LEVEL

Established in 2001, we are an ever-growing, family-owned business with an enduring commitment to demonstrating excellence to each and every one of our customers, on each and every level. As a starting point, we offer our customers quality and selection; we offer a complete range of eminently affordable, quality steel products including fencing (including neighbour friendly, custom-made pool and post/rail options), verandas, sheds/outbuildings, roofing, miscellaneous materials and tools. To this we mix in a dose of convenience: not only do we offer a range of steel services, but have also expanded our facility over time, in order to offer our clients a still better selection across our product and service lines.

We know that maintaining our status as a leader in the industry doesn't only involve maintaining a substantial product line — this is why, true to our Bargain Steel Centre name, we unceasingly work to keep our prices as affordable as possible, while also ensuring exceptionally good service, too. Simply put, we owe it to our customers to offer the best of all worlds through substantial selection, quality products, affordable prices, and exceptional service.
