QUICK GUIDE TO OTHER BET TYPES

TRIFECTA

Pick the runners you think will finish 1st, 2nd and 3rd in a race in correct finishing order. Another option is to 'box' three or more greyhounds which means they can finish in any order.

QUINELLA

Pick the two greyhounds that will finish 1st and 2nd in a race, in any order.

QUADDIE

Pick the four winners from the four races nominated by TAB at the one meeting. At a standard greyhound meeting you need to pick the winners of races 5, 6, 7 and 8. The cost to place a quaddie bet is determined by how many greyhounds you select in each race.
