

21 December, 2016

To whom it may concern,

We have recently been alerted to an email communication published by 'Greyhound-Data' on 03 December, 2016 entitled 'COBALT Threshold and Rapidvite Products'.

This information has been provided by 'Greyhound-Data' without the knowledge, consent or approval of Rapidvite or Sykes Vet International, the manufacturer and trademark owner of Rapidvite.

We actively encourage members of the greyhound racing community to seek independent and professional advice regarding the permissible levels of cobalt in the industry.

For further information on Rapidvite products, please refer to the product sheets attached to this email or contact us at Sykes Vet International on +61 3 8792 3000.

With kind regards

Jon Fairweather
COO
