

UPDATE TO PATHWAY AND TIME GRADING TIME STANDARDS (Inclusion of Murray Bridge)

Friday 15th February, 2019

The GRSA Racing Department wishes to advise of an update to the time standards for both Time Grading and Pathway Racing. This update allows for the inclusion of Murray Bridge, following three months of racing at the venue and the subsequent evaluation of times being recorded. The changes will be implemented with immediate effect.

The Murray Bridge time standards will be subject to ongoing review to ensure they are consistent with the time standards from the other SA tracks.
