R127 (6) A female greyhound shall not be used for breeding purposes unless registered as a 'breeding female'.

R127 (8) Application for registration as a breeding female may be made by the owner or authorised person by lodging with the Controlling Body in the state in which they reside –

- a) a completed prescribed form with any fee that may apply; and
- (b) at the expense of the applicant, a DNA fingerprint analysis carried out by a laboratory designated by Greyhounds Australasia on a sample taken by a veterinary surgeon or other person approved by the Controlling Body; and
- (c) evidence of a current vaccination status against parvovirus, hepatitis, canine distemper, parainfluenza virus and bordetella bronchiseptica (C5) issued by a veterinary surgeon identifying the greyhound by reference to its sex, colour, ear branding and/or microchip identifications and stating the next vaccination/booster due date.
- (d) The period of registration will be for one (1) year from the current vaccination date pursuant to sub-rule (c).
